NOTES TO FINANCIAL STATEMENTS

NOTE 1 Summary of Significant Accounting Policies and Going Concern
A. Accounting Practices

The financial statements of Thrivent Financial for Lutherans (Thrivent) are presented on the basis of accounting practices and procedures prescribed by the Office of the Commissioner of Insurance of the State of Wisconsin. The Office of the Commissioner of Insurance of the State of Wisconsin recognizes only statutory accounting practices prescribed by the State of Wisconsin for determining and reporting the financial condition and results of operations of an insurance company, for determining its solvency under the Wisconsin Insurance Law. The National Association of Insurance Commissioners' (NAIC) Statutory Accounting Practices and Procedures (SAP) manual has been adopted as a component of prescribed practices by the State of Wisconsin. The Office of the Commissioner of Insurance of the State of Wisconsin has the right to permit other specific practices that deviate from prescribed practices.

A reconciliation of Thrivent's net income and surplus between NAIC SAP and practices prescribed and permitted by the state of Wisconsin is shown below:

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with SAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and notes to the financial statements. The more significant estimates relate to fair values of investments, reserves for life, health and annuity contracts, pension and other retirement benefit liabilities. Actual results could differ from those estimates.

C. Accounting Policy

Traditional life premiums are recognized as income over the premium paying period of the related policies. Variable life, universal life, annuity premiums and considerations of supplemental contracts with life contingencies are recognized as revenue when received. Deposits on deposit-type contracts are entered directly as a liability when received. Health premiums are earned pro rata over the terms of the policies. Expenses incurred in connection with acquiring new insurance business, including acquisition costs such as sales commissions, are charged to operations as incurred.

The amount of dividends to be paid to policyholders is determined annually by Thrivent's Board of Directors. The aggregate amount of policyholders' dividends is related to actual interest, mortality, morbidity, and expense experience for the year and judgment as to the appropriate level of statutory surplus to be retained by Thrivent.

In addition, Thrivent uses the following accounting policies:

(1) Basis for Short-Term Investments

Cash and cash equivalents include demand deposits, highly liquid investments purchased with an original maturity of three months or less and investments in money market mutual funds. Demand deposits and highly liquid investments are carried at amortized cost while investments in money market mutual funds are carried at fair value. Short-term investments have contractual maturities of one year or less at the time of acquisition. Included in short-term investments are commercial paper and agency notes, which are carried at amortized cost. Cash equivalents and short-term investments do not include asset-backed securities, regardless of contractual maturity.

(2) Basis for Bonds and Amortization Schedule

Bonds are valued and reported in accordance with the Purposes & Procedures Manual of the NAIC Investment Analysis Office (P&P Manual). Bonds, excluding asset-backed securities, are stated at amortized cost, except for those with an NAIC designation of 6 that are reported at lower of amortized cost or fair market value. Bonds eligible for amortization are amortized using the modified scientific method. Bond exchange traded funds ("ETFs") on the Securities Valuation Office ("SVO") Identified Funds list are stated using the fair value measurement method.

(3) Basis for Common Stocks

Common stocks of unaffiliated companies are stated at fair value. Common stocks of unconsolidated subsidiaries are carried at the stock's equity basis. Investments in mutual funds are carried at net asset value (NAV).

(4) Basis for Preferred Stocks

Preferred stocks are carried at value or amortized cost depending on the preferred stock's underlying characteristics. Issues rated not in good standing are reported at lower of amortized cost or fair market value. Redeemable preferred stocks are reported at amortized cost unless they have an NAIC Designation of 4, 5, or 6 which are reported at the lower of amortized cost or fair value. Perpetual preferred stocks are reported at fair value, not to exceed any currently effective call price for the stock.

(5) Basis for Mortgage Loans

Mortgage loans are generally carried at unpaid principal balances, less valuation adjustments. Interest income is accrued on the unpaid principal balance using the loan's contractual interest rate. Discounts or premiums are amortized over the term of the loans on a straight line basis which approximates the effective interest method. Interest income and amortization of premiums and discounts are recorded as a component of net investment income along with prepayment fees and mortgage loan fees.

(6) Basis for Asset-Backed Securities and Adjustment Methodology

Asset-backed securities are valued and reported in accordance with the P&P Manual and stated at amortized cost using the modified scientific method adjusted to reflect anticipated prepayment patterns, which uses the prospective adjustment methodology. See Note 5D for more information about asset-backed securities.

(7) Accounting Policies for Investments in Subsidiaries, Controlled and Affiliated Entities

The common stock of Thrivent's wholly owned subsidiary, Thrivent Financial Holdings Inc. (Holdings), is carried under the statutory equity method.

(8) Accounting Policies for Investments in Joint Ventures, Partnerships and Limited Liability Companies

Thrivent has ownership interests in joint ventures, partnerships and limited liability companies. Thrivent carries these interests based on the underlying audited equity of the investee as reported under U.S. generally accepted accounting principles (GAAP). Other invested assets include residual tranches, non-collateral loans, derivative instruments and surplus notes. Residual tranches are carried at the lower of amortized cost or fair value. Interest income on residual tranches is recorded under the effective yield method using the Allowable Earned Yield, capped by the amount of cash distributions received. Non-collateral loans are carried at amortized cost. Surplus notes are carried at amortized cost.

NOTES TO FINANCIAL STATEMENTS

(9) Accounting Policies for Derivatives

Derivative financial instruments that hedge specific assets or liabilities are valued and reported in a manner consistent with the hedged item. Derivatives are primarily carried at fair value. As of January 1, 2025 Thrivent started reporting To-Be-Announced ("TBA") Securities, where the ongoing intent is to roll the TBA, as Derivatives. These were previously reported as Long-Term Bonds. See Note 8 for more information about derivative investments.

(10) Anticipated Investment Income Used in Premium Deficiency Calculation

Thrivent anticipates investment income as a factor in the premium deficiency calculation for disability income and long-term care products, in accordance with Statement of Statutory Accounting Principles (SSAP) No. 54, Individual and Group Accident and Health Contracts.

(11) Management's Policies and Methodologies for Estimating Liabilities for Losses and Loss/Claim Adjustment Expenses

Unpaid losses and loss adjustment expenses include an amount determined from individual case estimates and loss reports and an amount, based on past experience, for losses incurred but not reported. Such liabilities are necessarily based on assumptions and estimates and while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liability is periodically reviewed and any adjustments are reflected in the period determined.

(12) Changes in the Capitalization Policy and Predefined Thresholds from Prior Period

Thrivent has not modified its capitalization policy from the prior period.

(13) Method Used to Estimate Pharmaceutical Rebate Receivables

Thrivent is not a participant in any pharmaceutical rebate program.

D. Going Concern

(1-4) There is no substantial doubt regarding Thrivent's ability to continue as a going concern.

D. Asset-Backed Securities

(1) Description of Sources Used to Determine Prepayment Assumptions

Prepayment assumptions for mortgage-backed/asset-backed securities were obtained from Bloomberg.

(2) Securities with Recognized Other-Than-Temporary Impairment

For all securities within the scope of SSAP No. 43, Asset-Backed Securities, no other-than-temporary impairment (OTTI) was recognized by Thrivent on the basis of either 'intent to sell' or 'ability or lack of intent to retain the investment in the security for a period of time sufficient to recover the amortized cost basis.'

(3) Recognized OTTI Securities

Thrivent recognized other-than-temporary impairments during 2025 on the following asset-backed securities where the present value of cash flows expected to be collected was less than the amortized cost basis of the security: NONE

(4) All impaired securities (fair value is less than cost or amortized cost) for which an other-than-temporary impairment has not been recognized in earnings as a realized loss (including securities with a recognized other-than-temporary impairment for non-interest related declines when a non-recognized interest related impairment remains):

As of September 30, 2025, Thrivent held asset-backed securities with a book adjusted carrying value of \$2.8 billion and a fair value of \$2.6 billion. The securities have unrealized gains of \$25 million and unrealized losses totaling \$160 million.

a) The aggregate amount of unrealized losses:

1. Less than 12 Months	\$ 575,905
2. 12 Months or Longer	\$ 159,357,243

b) The aggregate related fair value of securities with unrealized losses:

1. Less than 12 Months	\$ 87,333,115
2. 12 Months or Longer	\$ 1,415,502,688

(5) Information Investor Considered in Reaching Conclusion that Impairments are Not Other-Than-Temporary

All asset-backed securities in an unrealized loss position were reviewed to determine whether an other-than-temporary impairment should be recorded. Thrivent has evaluated projected cash flows and impaired those securities where cash flows expected to be collected was less than the amortized cost basis. Detailed analysis of underlying credit and cash flows are reviewed for each security. It is possible that Thrivent could recognize other-than-temporary impairments in the future on some of the securities held at September 30, 2025, as additional information regarding these securities becomes known.

Year-to-date as of September 30, 2025, Thrivent received cash distributions of \$77 million from Holdings treated as dividends and reported in net investment income.

Year-to-date as of September 30, 2025, Thrivent received \$53 million from TEF which was treated as return of capital.

Year-to-date as of September 30, 2025, Thrivent made a \$5 million non-cash contribution to North Meadows Investment LTD, including \$2.1M in land assets and \$2.9M in related expenses.

In December 2018, Thrivent acquired a variable funding note (VFN) issued by TEF, an affiliate of Thrivent. The VFN is supported by an indenture collateralized by student loans. The VFN is reported as a bond on the Assets page and had an outstanding balance of \$0 and \$367 million as of December 31, 2024 and 2023, respectively. The VFN was paid off in full by TEF in December 2024 and Thrivent recorded an increase of less than \$1 million to net investment income on the paydown. During 2024, Thrivent invested less than \$1 million in the VFN and received \$351 million of principal payments.

In August 2021, TEF entered into an agreement, last amended July 2025, to provide a guarantee to purchase student loans originated and held by a third party in the event a separate party to the transaction fails their purchase obligation. TEF provided a guarantee up to the maximum backstop amount of \$1 billion, which could create additional future exposure from the multiple disbursement of student loans. TEF's funding will be through a capital request from Thrivent. As of September 30, 2025, TEF was not required to purchase any student loans under the terms of the agreement.

In May 2022, a separate VFN was acquired from TEF that is supported by an indenture agreement, last amended in December 2022, and allows for a maximum aggregate principal amount of \$750 million and is collateralized by point-of-sale unsecured consumer loans. The VFN is deemed an ABS and is reported as a bond on the Assets page. The VFN was paid off in full by TEF on March 27, 2025 and Thrivent recorded a decrease of \$21 million to net investment income on the paydown. During 2025, Thrivent invested \$184 million in the VFN, received \$760 million of principal payments and amortized \$31 million of premium, which is included in net investment income.

In December 2023, White Rose CFO 2023 Holdings, LLC (Issuer), a wholly owned subsidiary of Thrivent, issued a Collateralized Fund Obligation (CFO) whereby debt was issued to third parties. Issuer made available to third party investors approximately \$400 million in fixed rate debt. Upon issuance of the debt, approximately \$364 million in net proceeds were returned from Issuer to Thrivent. Thrivent retained approximately \$436 million of an equity investment in the CFO structure in the form of a residual tranche. Year-to-date through September 30, 2025, Thrivent received cash distributions of \$27 million. The residual tranche is reported in Other Invested Assets on the Assets page and has a fair value of \$412 million as of September 30, 2025.

In support of the CFO, Thrivent transferred their interest in portions of certain investments in WRF with a fair value of approximately \$800 million to White Rose CFO 2023, LLC (Asset HoldCo), a wholly owned, bankruptcy-remote subsidiary of Thrivent as underlying collateral for the CFO. These transferred WRF assets had a cost of approximately \$739 million and carried an unrealized gain of approximately \$61 million when they were transferred to Asset HoldCo. Thrivent then contributed its entire investment in Asset HoldCo to Issuer, with no impact to surplus. Thrivent is the named investment manager for the CFO structure and is entitled to a management fee as outlined in the executed investment management agreement between Asset HoldCo and Thrivent. Year-to-date through September 30, 2025, Thrivent received \$2 million in management fees which is being reported as miscellaneous income on the Summary of Operations.

In December 2024, Thrivent acquired a multi-tranche debt security issued by the CASL 2024-4 Trust, which includes six debt tranches and a residual tranche that are collateralized by student loans. CASL served as the sponsor of the private securitization and the servicer and administrator of the CASL 2024-4-Trust. The individual tranches are reported as Bonds and the residual tranche is reported as Other Invested Assets on the Assets page. The securities had an aggregate outstanding balance of \$2 billion as of September 30, 2025.

In March 2025, Badger FBN 2025 Holdings, LLC (FBN Issuer), a wholly owned subsidiary of Thrivent, issued a Fund Backed Note (FBN), a CFO structure, whereby debt was issued to a third party. FBN Issuer made available to the third party investor approximately \$600 million in fixed rate debt. Upon issuance of the debt, approximately \$557 million in net proceeds were returned from FBN Issuer to Thrivent. Thrivent retained approximately \$626 million of an equity investment in the FBN structure in the form of a residual tranche. Year-to-date through September 30, 2025, Thrivent received cash distributions of \$592 million. The residual tranche is reported in Other Invested Assets on the Assets page and has fair value of \$640 million as of September 30, 2025.

In support of the FBN, Thrivent transferred their interest in portions of certain investments in WRF with a fair value of approximately \$1.2 billion to Badger FBN 2025, LLC (FBN Asset HoldCo), a wholly owned, bankruptcy-remote subsidiary of Thrivent as underlying collateral for the FBN. The transferred WRF assets had a cost of approximately \$1.1 billion and carried an unrealized gain of approximately \$80 million when they were transferred to FBN Asset HoldCo. On August 8, 2025, Thrivent Investment Capital Advisors, LLC (TICA), a wholly owned subsidiary of Holdings, launched. Thrivent intends to transition investment advisor services for its White Rose private investment vehicles and related Collateralized Fund Obligation and Fund Backed Note to the new registered investment advisor TICA. There was no activity as of year-to-date September 30, 2025 in the legal entity.

On September 30, 2025, Thrivent entered into an agreement, whereby certain private equity limited partnership interests were contributed to Trout Holdings GP, LLC. Certain identified ownership interests from WRF Equity Direct funds XII through XV and Pacific Street Funds III through V with a fair value of \$1.6 billion were contributed to Trout Holdings. In return, Thrivent received \$540 million in cash at the closing date and the agreement allowed for future cash payments on deferred funding dates of 25% or \$280 million three months after the closing date and the remaining 25% or \$280 million six months after the closing date. All net cash proceeds related to the transaction flow to Thrivent, and the cash proceeds will be invested following the current investment strategy. The cash payments subsequent to the closing date are secured by a corresponding interest in the underlying WRF and PSF funds of Trout Holdings. If Trout Holdings were to default on the payment, Thrivent would be contractually eligible to recover the receivable amounts. Also in return, Thrivent is taking a 30% equity stake in Trout Holdings GP, LLC. The equity stake is reported in Other Invested Assets on the Assets page and has fair value of \$480M as of September 30, 2025.

B. FHLB (Federal Home Loan Bank) Agreements

(1) Thrivent is a member of the FHLB of Chicago. Through its membership, Thrivent has conducted business activity (borrowings and funding agreements) with the FHLB. Thrivent's strategy is to utilize funds from the FHLB to optimize liquidity and for spread investment purposes. Additional FHLB activity-based stock purchases are required based upon the amount of borrowed funds or funding agreements from the FHLB. Thrivent is required to post acceptable forms of collateral for any borrowed funds or funding agreements from the FHLB. In the event of default, the FHLB's recovery on the collateral is limited to the amount of Thrivent's outstanding liability to the FHLB. FHLB activity will be limited to the general account. As of September 30, 2025, Thrivent has an internally approved maximum borrowing capacity for the FHLB of \$6 billion. Thrivent established this limit in accordance with its overall risk management process. These borrowings and funding agreements are included in line 22 and line 3 on page 3, Liabilities, Surplus and Other Funds, respectively.

(4) Description of Valuation Techniques and Inputs Used in Fair Value Measurement

The financial instruments of Thrivent have been classified, for disclosure purposes, into one of three categories based on the evaluation of the amount of observable and unobservable inputs used to determine fair value.

Fair Value Descriptions

Level 1 Financial Instruments

Level 1 financial instruments reported at fair value include certain bonds, certain unaffiliated common stocks, certain cash equivalents, and exchange traded funds. Bonds, unaffiliated common stocks, and exchange traded funds are primarily valued using quoted prices in active markets. Cash equivalents consist of money market mutual funds whose fair value is based on the quoted daily net asset values of the invested funds.

Level 1 financial instruments not reported at fair value include certain bonds, which are priced based on quoted market prices, and primarily include U.S. Treasury bonds.

Level 2 Financial Instruments

Level 2 financial instruments reported at fair value include certain unaffiliated common stocks and other invested assets, primarily derivatives, and are valued based on market quotes where the financial instruments are not considered actively traded. Included in derivatives are mortgage dollar rolls, which are reported at fair value. Mutual funds are reported at fair value, which are based on net asset values from fund managers. The fair values for separate account assets are based on published daily net asset values of the funds in which the separate accounts are invested.

Level 2 financial instruments not reported at fair value includes certain bonds, certain unaffiliated common stocks, unaffiliated preferred stocks, cash, cash equivalents and short-term investments, other invested assets, liabilities related to separate accounts and other liabilities.

Bonds not reported at fair value are priced using a third-party pricing vendor and include certain corporate debt securities and asset-backed securities. Pricing from a third-party pricing vendor varies by asset class but generally includes inputs such as estimated cash flows, benchmark yields, reported trades, issuer spreads, bids, offers, credit quality, industry events and economic events. If Thrivent is unable to obtain a price from a third-party pricing vendor, management may obtain broker quotes or utilize an internal pricing model specific to the asset. The internal pricing models apply practices that are standard among the industry and utilize observable market data.

Fair values of unaffiliated common stocks not reported at fair value primarily consist of FHLB activity-based stock and are based on direct quotes from FHLB.

Fair values of unaffiliated preferred stocks not reported at fair value are based on market quotes where these securities are not considered actively traded.

Cash and cash equivalents not reported at fair value consist of demand deposit and highly liquid investments purchased with an original maturity date of three months or less. Short-term investments not reported at fair value consist of investments in commercial paper and agency notes with contractual maturities of one year or less at the time of acquisition. The carrying amounts for cash, cash equivalents and short-term investments approximate their fair values.

Other invested assets not reported at fair value include investments in surplus notes in which the fair values are based on quoted market prices.

The carrying amounts of liabilities related to separate accounts reflect the amounts in the separate account assets and approximate their fair values.

Other liabilities include certain derivatives. Derivative fair values are derived from broker quotes.

Fair values on borrowed money and funding agreements from the FHLB (included in deposit liabilities), are equal to unpaid principal balance, including accrued interest, net of unamortized discount or premium.

Level 3 Financial Instruments

Level 3 financial instruments reported at fair value include other invested assets, which consist of certain derivatives. The fair value is determined using independent broker quotes.

Level 3 financial instruments not reported at fair value include certain bonds, unaffiliated preferred stocks, mortgage loans, real estate, contract loans, limited partnerships, other invested assets, deferred annuities, other deposit contracts and other liabilities.

Level 3 bonds not reported at fair value include private placement debt securities and convertible bonds. Private placement debt securities are valued using internal pricing models specific to the assets using unobservable inputs such as issuer spreads, estimated cash flows, internal credit ratings and volatility adjustments. Market comparable discount rates ranging from 1% to 8% are used as the base rate in the discounted cash flows used to determine the fair value of certain assets. Increases or decreases in the credit spreads on the comparable assets could cause the fair value of assets to significantly decrease or increase, respectively. Additionally, Thrivent may adjust the base discount rate or the modeled price by applying an illiquidity premium of 46 basis points, given the highly structured nature of certain assets. Convertible bonds are valued using third party broker quotes to determine fair value.

Unaffiliated preferred stocks are valued using third-party broker quotes to determine fair value.

The fair values for mortgage loans are estimated using discounted cash flow analyses based on interest rates currently being offered for similar loans to borrowers with similar credit ratings. Loans with similar characteristics are aggregated for purposes of the calculations.

The fair value of real estate properties held-for-sale is based on current market price assessments, current purchase agreements or market appraisals.

Contract loans are generally carried at the loans' aggregate unpaid balance which approximate the fair values.

NOTES TO FINANCIAL STATEMENTS

Limited partnerships consist primarily of equity limited partnerships which are generally valued using NAV as a practical expedient.

Other invested assets primarily include residual tranches, non-collateral loans, and surplus notes. Residual tranches are carried at either the lower of amortized cost or fair value or the underlying audited equity of the investee. Non-collateral loans and surplus notes are carried at amortized cost.

Other liabilities primarily include deferred annuities, other deposit contracts and certain derivatives. The fair values for deferred annuities and other deposit contracts, which include supplementary contracts without life contingencies, deferred income settlement options and refunds on deposit are estimated to be the cash surrender value payable upon immediate withdrawal. Derivatives fair values are derived from broker quotes.

(5) Fair Value Disclosures

The fair value disclosures for derivative assets and liabilities held at fair value on a gross basis are included in paragraph 1 above. Certain derivative assets and liabilities have been classified as Level 3 and the disclosures required are incorporated into paragraphs 2-4 above.

B. Fair Value Reporting under SSAP No.100 and Other Accounting Pronouncements

Thrivent elects to disclose only fair value per SSAP No. 100, Fair Value.

C. Aggregate fair value for all financial instruments and the level within the fair value hierarchy in which the fair value measurements in their entirety fall.
