		Roth 401(k)

For **Inherited/beneficiary IRA** contract or fund/accounts, complete Inherited IRA/Roth IRA Beneficiary Option/Funding Request (form 27058).

An Asset Transfer Disclosure (form C-50133) is required to complete most transactions between accumulation products.

Transfer - This transaction is not taxable. It will not be reported to the IRS. This is the only option allowed when moving money from a Thrivent Brokerage Account using this form.

Direct Rollover - This transaction is not taxable, but will be reported to the IRS. Current plan administrator paperwork may be required. Contact the former employer or the plan administrator for their required forms. A triggering event must occur to do a rollover from a qualified retirement plan or governmental 457 plan. RMD must be distributed prior to the rollover taking place. If completing a direct rollover from Thrivent Brokerage, contact Securities Brokerage Services for the appropriate form and further instructions.

Conversion (including qualified rollover contributions) - This transaction will be taxable. Complete tax withholding election in Section 7. It will be reported to the IRS. A SIMPLE IRA cannot be converted within two years of your initial SIMPLE IRA contribution. RMD must be distributed prior to the conversion taking place. You must complete the withholding election in Section 7. If you convert to a Roth IRA then recharacterize it back, you cannot reconvert it back to a Roth IRA during the same taxable year within which the initial conversion occurred. In addition, you cannot reconvert within 30 days of the date of the recharacterization. Conversions are not allowed between Thrivent Brokerage and other Thrivent products. The conversion must take place between two Thrivent Brokerage accounts before being transferred to another Thrivent product.

Cost basis - After-tax money in a traditional IRA cannot be rolled over to a qualified retirement plan, unless the plan permits. You, as IRA owner, are responsible for determining if there is cost basis in your traditional IRA and assuring that cost basis is not rolled over, if the plan does not accept cost basis. Cost basis information should be verified with your tax advisor. Thrivent Financial is not responsible for the accuracy of this information or the tracking of cost basis.

Section 3 - Required Minimum Distribution (RMD) Information

Complete this section if you will be 70 ½ or older this year (unless your qualified retirement plan has a delay of retirement provision), and/or the date of death of your spouse was after his/her required beginning date for a spousal rollover.

Transfer - I have or will be taking this contract or fund/account's current year RMD from another source or I will complete a separate RMD request form to take future RMD payments from the contract or fund/account these funds are moving to. If the funds are being placed into a Qualifying Longevity Annuity Contract (QLAC), the current year RMD cannot be taken from the QLAC after the transfer. In that case, I have taken the current year RMD from this contract/account before the transfer or, if the funds are coming from an IRA/403(b), I have/will be taking the current year RMD from another IRA/403(b).

Rollover/Conversion - I have taken this contract or fund/account's current year RMD from this contract or fund/account or from another source. For a spousal rollover, I have taken the decedent's RMD and my RMD, if applicable, for year(s) after the year of death.

RMD for Qualified Retirement Plans, 403(b)s and IRAs cannot be satisfied from other plan types (e.g. IRA RMD can only be satisfied from IRA, etc.). RMD must be taken prior to sending the funds to Thrivent Financial.

Distribute my RMD to me before completing my request (including decedent's RMD for a spousal rollover).

My RMD amount (including decedent's RMD for a spousal rollover) for this contract or fund/account is

\$ _____. Complete the Notification for Federal and State Income Tax Withholding in Section 7.

Prior year end value of current contract or fund/account
(include Actuarial Present Value (APV), if applicable)

\$ _____

Do not complete if funds are being placed into
an Immediate Annuity.

The calculation of your required minimum distribution is based on many factors, including the prior December 31 account balance. The calculation is accurate only to the extent the prior December 31 account balance that was provided to us is accurate. We will not be responsible for an inaccurate calculation that results from providing us with inaccurate account balance information.

Section 4 - Distribution Information (for distributing company)

Transfers - If no box above is checked, RMD will not be distributed prior to the transfer taking place. Any current year RMD amounts to be distributed must be requested by the client.

You may be subject to tax penalties under the estimated tax payment rules if your payments of estimated tax and withholding, if any, are not adequate. Check with your tax advisor to determine if withholding is necessary.

If no box is checked, federal (10%) and possibly state income tax will be withheld.

If you do not submit Form CT-W4P with this form, Thrivent will use your most recently-submitted CT-W4P, if one is on file. If you do not submit Form CT-W4P with this form and you have not previously submitted Form CT-W4P, the maximum rate will be withheld.

*If your state requires withholding, we will withhold at your state's minimum rate unless you indicate a higher rate.
