***Stated rate is a 12-month interest rate that resets annually.**

Rates are subject to change at any time.

The renewal period you select cannot extend past contract age 95.

A MYGA is issued with a single premium, and additional premiums cannot be added at renewal.

When a new guarantee period begins, a new surrender charge period and Market Value Adjustment period will apply.

The MYGA MVA version does not include a guaranteed return of premium. Withdrawals of taxable amounts are subject to ordinary income tax and, if made prior to age 59½, may be subject to a 10% federal tax penalty. Withdrawals taken during the surrender charge period may be subject to surrender charges and, if applicable, a Market Value Adjustment (MVA). When applied, MVA may result in an increase or decrease to amounts withdrawn from your contract.

The MYGA MVA version is not available in New York and California.

The interest rate you receive will be determined on the date of renewal. Interest rates are banded, which means a higher rate is paid for higher renewal amounts. The interest rate remains in effect for the guarantee period chosen.

Guarantees based on the financial strength and claims-paying ability of Thrivent.
