*Stated rate is a 12-month interest rate that resets annually.

Rates are subject to change at any time.

The renewal period you select cannot extend past contract age 95.

A MYGA is issued with a single premium, and additional premiums cannot be added at renewal.

When a new guarantee period begins, a new surrender charge period will apply.

Withdrawals of taxable amounts are subject to ordinary income tax and, if made prior to age 59½, may be subject to a 10% federal tax penalty. Withdrawals taken during the surrender charge period may be subject to surrender charges.

The interest rate you receive will be determined on the date of renewal. Interest rates are banded, which means a higher rate is paid for higher renewal amounts. The interest rate remains in effect for the guarantee period chosen.

With the return of premium benefit, Thrivent guarantees that if the contract is terminated, it will pay in cash no less than the premium paid less the sum of any previous surrenders.

Guarantees based on the financial strength and claims-paying ability of Thrivent.
