Optional subsequent review fees quoted assume no significant changes to client's financial situation or objectives. The Dedicated Planning Service is an ongoing investment advisory service that automatically renews annually and is designed for you and a financial advisor to periodically review your personal financial position holistically and to plan strategies tailored to help you reach your financial goals.

Investing involves risks, including the possible loss of principal. The product and summary prospectuses for applicable securities (including mutual funds held in an account) and the Thrivent Investment Management Inc. Managed Accounts Program Brochure, contain information on investment objectives, risks, charges, and expenses, which investors should read carefully and consider before investing. Available at thrivent.com.

Thrivent and its financial advisors and professionals do not provide legal, accounting or tax advice. Consult your attorney or tax professional.

Thrivent provides advice and guidance through its Financial Planning Framework that generally includes a review and analysis of a client's financial situation. A client may choose to further their planning engagement with Thrivent through its Dedicated Planning Services (an investment advisory service) that results in written recommendations for a fee.
