

## Your Project Action Plan

Everything you need to lead a successful Thrivent Action Team

So, you're considering leading a Thrivent Action Team? Before you get started, take a few minutes to review this planning guide. We'll walk you through the process step by step to help ensure a smooth project from start to finish. Read on and get ready to make a difference in your community!

### Plan your project

Before you visit [thrivent.com/actionteams](https://thrivent.com/actionteams) and click on "Apply Now," think about:

- Project specifics, like date, time and location.
- How and when you'll promote it.
- Desired team members and what they'll do.

### Create a list of supplies

Identify the supplies you'll need to bring your project to life and promote it to others. Make a list and plan wisely.

Next, think about how you'll use the Community Impact Card to kick-start your project.

### Build your team and promote your project

The Thrivent Action Team Hub is a digital platform that provides tools to promote your project, recruit your team and celebrate the change you plan to make in your community. Once you've applied to lead a team, watch your inbox for an invitation to create a personalized project page on the Hub.

Invite friends, family, church or community members to join your team.

### Dress for success

Thrivent provides T-shirts for volunteers to wear on the day of the project. So, as you consider your team, think about how many T-shirts you'll need and in what sizes. Plan and order accordingly so when "game day" comes, yours is a well-dressed team.

### Celebrate your results

Post stories and photos from your event on the [thrivent.com/actionteamshub](https://thrivent.com/actionteamshub) for others to see. Consider sharing your project results through email or social media to celebrate with others.

### Tell us more

Once your project is complete, let us know how it went on [thrivent.com/actionteams](https://thrivent.com/actionteams).
