Your Project Action Plan

Everything you need to lead a successful Thrivent Action Team

So, you’re considering leading a Thrivent Action Team? Before you get started, take a few minutes to review this planning guide. We’ll walk you through the process step by step to help ensure a smooth project from start to finish. Read on and get ready to make a difference in your community!

Plan your project

Before you visit thrivent.com/actionteams and click on “Apply Now,” think about:

- Project specifics, like date, time and location.
- How and when you’ll promote it.
- Desired team members and what they’ll do.

Create a list of supplies

Identify the supplies you’ll need to bring your project to life and promote it to others. Make a list and plan wisely.

Next, think about how you’ll use the Community Impact Card to kick-start your project.

Build your team and promote your project

The Thrivent Action Team Hub is a digital platform that provides tools to promote your project, recruit your team and celebrate the change you plan to make in your community. Once you’ve applied to lead a team, watch your inbox for an invitation to create a personalized project page on the Hub.

Invite friends, family, church or community members to join your team.

Dress for success

Thrivent provides T-shirts for volunteers to wear on the day of the project. So, as you consider your team, think about how many T-shirts you’ll need and in what sizes. Plan and order accordingly so when “game day” comes, yours is a well-dressed team.

Celebrate your results

Post stories and photos from your event on the thrivent.com/actionteamshub for others to see. Consider sharing your project results through email or social media to celebrate with others.

Tell us more

Once your project is complete, let us know how it went on thrivent.com/actionteams.
