

## PARTNERSHIP

### Thrivent Builds with Habitat for Humanity

Thrivent Builds with Habitat for Humanity has brought together Thrivent members, churches and many other volunteers for more than 10 years. By partnering with local organizations and host communities, we help volunteers build affordable homes and rehab and repair existing homes alongside homeowners. The program is designed to help families achieve greater economic independence and stability, to help members' communities thrive and to inspire all participants to live generously.

Possible projects include:

- Painting exteriors.
- Building an accessibility ramp.
- Caulking windows.
- Building or repairing entry steps.

All building supplies are provided. No prior experience is needed; on-site construction supervisors provide instruction for all tasks. To find out more about this unique program, visit [ThriventBuilds.com/repairs](https://ThriventBuilds.com/repairs).
