New in 2019 – for Milestone 1, Part 2; no later than August 1, 2019; submit the names of all partnering congregations in this section that have committed to praying, volunteering and/or committing to your funding goal. These are the same congregations you will list on your Congregational Commitment Summary as part of Milestone 2 funding.

To enter congregations partnering in the Thrivent Faith Builds home, the user clicks the **“Yes”** radio button shown above, and the search section below appears. The user enters the 5-digit zip code and clicks the “Search Congregations” button.

Add ONLY those congregations partnering with prayer, volunteering and funding commitments to this Faith Build.

* Congregations involved with build?

Yes No

To select the congregations that are involved with your build, enter the Congregation ZIP Code, click "Search" then select your congregation from the Congregations dropdown.

Congregation ZIP Code:

Congregations:

CONGREGATION NAME	STREET ADDRESS	CITY	STATE	ZIP CODE	REMOVE
No data available in table					

If your congregation isn't listed in the congregations dropdown ZIP code search results,
[Add a new congregation >](#)

All congregations with that zip code (as reported to the IRS) will appear when the user clicks the drop-down arrow highlighted in red. Then it's a simple process to click on the congregation name and add the relationship to the home project.

If there isn't a match on the zip code, then the user can click the “Add a new congregation” link. It will take more time to add a new congregation. A Remove option is also available.

Click the “+” button to open the **Milestone Two** section or scroll down if it is already open.

CONTINUE

When you email the Certificate of Occupancy to thriventgrants@habitat.org, the **Milestone Two** section will display the date HFHI received and recorded it in the database. This is information that you can view but not edit.

You will not enter the “**Total Actual House Cost**” until your final build report.

In the last section, click the **Continue** button. The page will refresh, and you will have an opportunity to review and edit the data before submitting it. When the data is submitted, use the **Print** option on your Internet Browser to print the Thank You confirmation page.

Submitted data is directly entered into the Thrivent system and notifies your Organizational Development Consultant-Thrivent (ODC-T) and other Thrivent staff. A confirmation email containing submitted data is also sent to the affiliate contact person's email address on file. As each milestone is met, the form acts as the official request for milestone payments.
