

2017 *Thrivent Builds Homes* Affiliate Requirements, Terms and Conditions

Thank you for your interest in a 2017 *Thrivent Builds Homes* grant.

Thrivent Builds with Habitat for Humanity is a dynamic mission partnership to empower and expand the mission outreach of both Habitat for Humanity and Thrivent Financial. *Thrivent Builds Homes* brings together Habitat affiliates, Thrivent members, churches, and volunteers to help strengthen communities.

General expectations of affiliates participating in the *Thrivent Builds Homes* (TBH) program:

- If applicable, 2016 *Thrivent Builds Homes* project(s) program requirements have been met.
- The affiliate is in good standing with Habitat for Humanity International.
- The affiliate meets minimum standards as detailed in the HFHI Quality Assurance Checklist.

Program requirements (further outlined in the house sponsorship agreement):

- An affiliate staff member will be designated as a point of contact and coordinator for the TBH project. This person will manage the monthly reporting requirement and bi-weekly volunteer name submission.
- The affiliate will actively partner with the local Thrivent Financial Community Engagement Team members and Financial Representatives to schedule volunteer days and mobilize volunteers, using best efforts to plan a minimum of 15 Thrivent Builds event days over the course of the build. Each of the 15 event days will engage at least 12 volunteers: 25% of them will be unique Thrivent members and 25% will come from churches. Doing this will engage a minimum of 180 volunteers per home over the course of the build. Continue the focus on recruiting 25% unique Thrivent members and 25% from churches beyond the minimum 15 Thrivent Builds event days over the course of the build.
- The affiliate will recognize Thrivent Builds as a mission partner and home sponsor, including posting signage at the build site throughout the project duration. The affiliate will develop publicity opportunities with Thrivent partners, including news releases, social media posts, etc.
- The affiliate will meet milestone requirements outlined below and detailed in the house sponsorship agreement, including all [volunteer names](#) submitted within [14-days of volunteer activity](#).

 - Have a written safety plan that complies with Habitat for Humanity's Construction Safety Guide, including the provisions relating to the use of volunteers under the age of 18, and OSHA requirements.
 - Designate a safety coordinator for project.
 - Provide a safety orientation and appropriate safety equipment to volunteers. All tools and scaffolding used will comply with all applicable safety standards.
 - Require all volunteers to sign waivers of liability in favor of the affiliate, HFHI and Thrivent Financial.
 - Provide a quality volunteer experience.
 - Complete the home (as validated by a Certificate of Occupancy) by December 31, 2017.
 - Sell the home to the partner family in accordance with HFHI minimum standards.
