Shelter Care Kits

The Lutheran Social Services Network of Hope provides hope and healing for people in crisis, allowing them to overcome barriers to becoming self-sufficient.

Lutheran Social Services Faith Mission provides caring support to homeless men and women transitioning into permanent housing by providing emergency shelter, nutritious meals, job and life skill support, and case management services. Medical, dental, vision and behavioral health services are also provided at our Columbus location.

At Faith Mission the healing process begins when you arrive. You can help by providing our shelter residents with Care Kits. These items are essential to those we serve as they start down their new path.
