¹Plans F and G also have a high deductible option which require first paying a plan deductible of \$2340 before the plan begins to pay. Once the plan deductible is met, the plan pays 100% of covered services for the rest of the calendar year. High deductible plan G does not cover the Medicare Part B deductible. However, high deductible plans F and G count your payment of the Medicare Part B deductible toward meeting the plan deductible.

²Plans K and L pay 100% of covered services for the rest of the calendar year once you meet the out-of-pocket yearly limit.

³Plan N pays 100% of the Part B coinsurance, except for a copayment of up to \$20 for some office visits and up to a \$50 copayment for emergency room visits that do not result in an inpatient admission.

PREMIUM INFORMATION:

We, Thrivent Financial for Lutherans, can only raise your premium if we raise the premium for all policies like yours in this state. Because your premium is based on attained age, your renewal premium will increase due to age; it will increase on or after the contract anniversary.

READ YOUR POLICY VERY CAREFULLY:

This is only an outline describing your policy's most important features. The policy is your insurance contract. You must read the policy itself to understand all of the rights and duties of both you and your insurance company.

RIGHT TO RETURN POLICY:

If you find that you are not satisfied with your policy, you may return it to Thrivent Financial for Lutherans, PO Box 14008, Clearwater, FL 33766-4008. If you send the policy back to us within 30 days after you receive it, we will treat the policy as if it had never been issued and return all of your payments.

POLICY REPLACEMENT:

If you are replacing another health insurance policy, do NOT cancel it until you have actually received your new policy and are sure you want to keep it.

NOTICE:

This policy may not fully cover all of your medical costs.

Neither Thrivent nor its agents are connected with Medicare.

This outline of coverage does not give all the details of Medicare coverage. Contact your local Social Security Office or consult "*Medicare and You*" for more details.

COMPLETE ANSWERS ARE VERY IMPORTANT:

When you fill out the application for the new policy, be sure to answer truthfully and completely all questions about your medical and health history. The company may cancel your policy and refuse to pay any claims if you leave out or falsify important medical information.

Read the application carefully before you sign it. Be certain that all information has been properly recorded.

Medicare Supplement Open Enrollment

The following provides you with information about Medicare Supplement Open Enrollment and eligibility criteria. The application for Medicare Supplement coverage to be issued under Open Enrollment must be made no later 6 months after the first of the month during which you were enrolled in Medicare Part B.

1. An issuer may not deny or condition the issuance or effectiveness of a Medicare supplement policy or certificate available for sale in Maryland, nor discriminate in the pricing of a policy or certificate because of the health status, claims experience, receipt of health care or medical condition of an applicant in the case of an application for a policy or certificate that is submitted prior to or during the 6-month period beginning with the first day of the first month in which an individual is both 65 years old or older and is enrolled for benefits under Medicare Part B. Each Medicare supplement policy and certificate currently available from an issuer shall be made available to applicants who qualify under this subsection without regard to age.
2. If an applicant qualifies under the above criteria and submits an application during the time period referenced above and, as of the date of application, has had a continuous period of creditable coverage of at least 6 months, the issuer may not exclude benefits based on a preexisting condition.
3. If an applicant qualifies under the above criteria and submits an application during the time period referenced above and, as of the date of application, has had a continuous period of creditable coverage that is less than 6 months, the issuer shall reduce the period of any preexisting condition exclusion by the aggregate of the period of creditable coverage applicable to the applicant as of the enrollment date.
4. Except as noted above and elsewhere in Maryland regulation (relating to prohibition against preexisting conditions, waiting periods, elimination periods and probationary periods in replacement policies or certificates; and guarantee issue for eligible persons), the language above will not be constructed as preventing the exclusion of benefits under a policy, during the first 6 months, based on a preexisting condition for which the policyholder or certificateholder received treatment or was otherwise diagnosed during the 6 months before it became effective.
5. An issuer may not deny or condition the issuance or effectiveness of Medicare supplement policy plans A or C available for sale in Maryland, nor discriminate in the pricing of Medicare supplement policy plans A or C because of the health status, claims experience, receipt of health care or medical condition of an applicant who is under the age of 65 years but is eligible for Medicare due to disability in the case of an application for a policy or certificate that is submitted prior to or during the 6-month period beginning with the first day of the first month in which an individual is enrolled for benefits under Medicare Part B.
