NAIC Buyer's Guide for Deferred Annuities

It's important that you understand how annuities can be different from each other so you can choose the type of annuity that's best for you. The purpose of this Buyer's Guide is to help you do that. This Buyer's Guide isn't meant to offer legal, financial, or tax advice. You may want to consult independent advisors that specialize in these areas.

This Buyer's Guide is about deferred annuities in general and some of their most common features. It's not about any particular annuity product. The annuity you select may have unique features this Guide doesn't describe. It's important for you to carefully read the material you're given or ask your annuity salesperson, especially if you're interested in a particular annuity or specific annuity features.

This Buyer's Guide includes questions you should ask the insurance company or the annuity salesperson (the agent, producer, broker, or advisor). Be sure you're satisfied with the answers before you buy an annuity.

What Is an Annuity?

An annuity is a contract with an insurance company. All annuities have one feature in common, and it makes annuities different from other financial products. *With an annuity, the insurance company promises to pay you income on a regular basis for a period of time you choose—including the rest of your life.*

When Annuities Start to Make Income Payments

Some annuities begin paying income to you soon after you buy it (an **immediate** annuity). Others begin at some later date you choose (a **deferred** annuity).

How Deferred Annuities Are Alike

There are ways that *most* deferred annuities are alike.

- They have an **accumulation** period and a **payout** period. During the accumulation period, the value of your annuity changes based on the type of annuity. During the payout period, the annuity makes income payments to you.
- They offer a basic death benefit. If you die during the accumulation period, a deferred annuity with a basic death benefit pays some or all of the annuity's value to your survivors (called beneficiaries) either in one payment or multiple payments over time. The amount is usually the greater of the annuity account value or the minimum guaranteed surrender value. If you die after you begin to receive income payments (**annuitize**), your chosen survivors may not receive anything *unless*: 1) your annuity guarantees to pay out at least as much as you paid into the annuity, or 2) you chose a payout option that continues to make payments after your death. For an extra cost, you may be able to choose enhanced death benefits that increase the value of the basic death benefit.

Sources of Information

Contract: *The legal document between you and the insurance company that binds both of you to the terms of the agreement.*

Disclosure: *A document that describes the key features of your annuity, including what is guaranteed and what isn't, and your annuity's fees and charges. If you buy a variable annuity, you'll receive a prospectus that includes detailed information about investment objectives, risks, charges, and expenses.*

Illustration: *A personalized document that shows how your annuity features might work. Ask what is guaranteed and what isn't and what assumptions were made to create the illustration.*

- You usually have to pay a charge (called a **surrender** or **withdrawal charge**) if you take some or all of your money out too early (usually before a set time period ends). Some annuities may not charge if you withdraw small amounts (for example, 10% or less of the account value) each year.
- Any money your annuity earns is **tax deferred**. That means you won't pay income tax on earnings until you take them out of the annuity.
- You can add features (called **riders**) to many annuities, usually at an extra cost.
- An annuity salesperson must be licensed by your state insurance department. A person selling a variable annuity also must be registered with FINRA¹ as a representative of a broker/dealer that's a FINRA member. In some states, the state securities department also must license a person selling a variable annuity.

1. FINRA (Financial Industry Regulatory Authority) regulates the companies and salespeople who sell variable annuities.

- Insurance companies sell annuities. You want to buy from an insurance company that's financially sound. There are various ways you can research an insurance company's financial strength. You can visit the insurance company's website or ask your annuity salesperson for more information. You also can review an insurance company's rating from an independent rating agency. Four main firms currently rate insurance companies. They are A.M. Best Company, Standard and Poor's Corporation, Moody's Investors Service, and Fitch Ratings. Your insurance department may have more information about insurance companies. An easy way to find contact information for your insurance department is to visit www.naic.org and click on "States and Jurisdictions Map."
- Insurance companies usually pay the annuity salesperson after the sale, but the payment doesn't reduce the amount you pay into the annuity. You can ask your salesperson how they earn money from the sale.

How Deferred Annuities Are Different

There are differences among deferred annuities. Some of the differences are:

- Whether you pay for the annuity with one or more than one payment (called a **premium**).
- The types and amounts of the **fees, charges, and adjustments**. While almost all annuities have *some* fees and charges that could reduce your account value, the types and amounts can be different among annuities. *Read the Fees, Charges, and Adjustments section in this Buyer's Guide for more information.*
- Whether the annuity is a **fixed** annuity or a **variable** annuity. How the value of an annuity changes is different depending on whether the annuity is fixed or variable.

Fixed annuities guarantee your money will earn at least a minimum interest rate. Fixed annuities may earn interest at a rate higher than the minimum but only the minimum rate is guaranteed. The insurance company sets the rates.

Fixed indexed annuities are a type of fixed annuity that earns interest based on changes in a market index, which measures how the market or part of the market performs. The interest rate is guaranteed to never be less than zero, even if the market goes down.

Variable annuities earn investment returns based on the performance of the investment portfolios, known as "subaccounts," where you choose to put your money. The return earned in a variable annuity isn't guaranteed. The value of the subaccounts you choose could go up or down. If they go up, you could make money. But, if the value of these subaccounts goes down, you could lose money. Also, income payments to you could be less than you expected.

- Some annuities offer a **premium bonus**, which usually is a lump sum amount the insurance company adds to your annuity when you buy it or when you add money. It's usually a set percentage of the amount you put into the annuity. Other annuities offer an **interest bonus**, which is an amount the insurance company adds to your annuity when you earn interest. It's usually a set percentage of the interest earned. You may not be able to withdraw some or all of your premium bonus for a set period of time. *Also, you could lose the bonus if you take some or all of the money out of your annuity within a set period of time.*

How Does the Value of a Deferred Annuity Change?

Fixed Annuities

Money in a fixed deferred annuity earns interest at a rate the insurer sets. The rate is **fixed** (won't change) for some period, usually a year. After that rate period ends, the insurance company will set another fixed interest rate for the next rate period. *That rate could be higher or lower than the earlier rate.*

Fixed deferred annuities *do* have a guaranteed minimum interest rate—the lowest rate the annuity can earn. It's stated in your contract and disclosure and can't change as long as you own the annuity. Ask about:

- The **initial interest** rate – What is the rate? How long until it will change?
- The **renewal interest** rate – When will it be announced? How will the insurance company tell you what the new rate will be?

Fixed Deferred Indexed Formulas

Annual Point-to-Point – Change in index calculated using two dates one year apart.

Multi-Year Point-to-Point – Change in index calculated using two dates more than one year apart.

Monthly or Daily Averaging – Change in index calculated using multiple dates (one day of every month for monthly averaging, every day the market is open for daily averaging). The average of these values is compared with the index value at the start of the index term.

Monthly Point-to-Point – Change in index calculated for each month during the index term. Each monthly change is limited to the "cap rate" for positive changes, but not when the change is negative. At the end of the index term, all monthly changes (positive and negative) are added. If the result is positive, interest is added to the annuity. If the result is negative or zero, no interest (0%) is added.

Fixed Indexed Annuities

Money in a fixed indexed annuity earns interest based on changes in an index. Some indexes are measures of how the overall financial markets perform (such as the S&P 500 Index or Dow Jones Industrial Average) during a set period of time (called the **index term**). Others measure how a specific financial market performs (such as the Nasdaq) during the term. The insurance company uses a formula to determine how a change in the index affects the amount of interest to add to your annuity at the *end of each index term*. Once interest is added to your annuity for an index term, those earnings usually are locked in and changes in the index in the next index term don't affect them. If you take money from an indexed annuity before an index term ends, *the annuity may not add all of the index-linked interest for that term to your account.*

Insurance companies use different formulas to calculate the interest to add to your annuity. They look at changes in the index over a period of time. See the box "**Fixed Deferred Indexed Formulas**" that describes how changes in an index are used to calculate interest.

The formulas insurance companies use often mean that interest added to your annuity is based on only *part* of a change in an index over a set period of time. **Participation rates, cap rates, and spread rates** (sometimes called margin or asset fees) all are terms that describe ways the amount of interest added to your annuity may not reflect the full change in the index. But *if the index goes down over that period, zero interest is added to your annuity.* Then your annuity value won't go down as long as you don't withdraw the money.

When you buy an indexed annuity, you aren't investing directly in the market or the index. Some indexed annuities offer you more than one index choice. Many indexed annuities also offer the choice to put part of your money in a fixed interest rate account, with a rate that won't change for a set period.

Variable Annuities

Money in a variable annuity earns a return based on the performance of the investment portfolios, known as “**subaccounts**,” where you choose to put your money. Your investment choices likely will include subaccounts with different types and levels of risk. Your choices will affect the return you earn on your annuity. Subaccounts usually have no guaranteed return, but you may have a choice to put some money in a fixed interest rate account, with a rate that won't change for a set period.

The value of your annuity can change every day as the subaccounts' values change. If the subaccounts' values increase, your annuity earns money. But *there's no guarantee that the values of the subaccounts will increase. If the subaccounts' values go down, you may end up with less money in your annuity than you paid into it.*

An insurer may offer several versions of a variable deferred annuity product. The different versions usually are identified as **share classes**. The key differences between the versions are the fees you'll pay every year you own the annuity. The rules that apply if you take money out of the annuity also may be different. Read the prospectus carefully. Ask the annuity salesperson to explain the differences among the versions.

How Insurers Determine Indexed Interest

Participation Rate – *Determines how much of the increase in the index is used to calculate index-linked interest. A participation rate usually is for a set period. The period can be from one year to the entire term. Some companies guarantee the rate can never be lower (higher) than a set minimum (maximum). Participation rates are often less than 100%, particularly when there's no cap rate.*

Cap Rate – *Typically, the maximum rate of interest the annuity will earn during the index term. Some annuities guarantee that the cap rate will never be lower (higher) than a set minimum (maximum). Companies often use a cap rate, especially if the participation rate is 100%.*

Spread Rate – *A set percentage the insurer subtracts from any change in the index. Also called a “margin or asset fee.” Companies may use this instead of or in addition to a participation or cap rate.*

What Other Information Should You Consider?

Fees, Charges, and Adjustments

Fees and charges reduce the value of your annuity. They help cover the insurer's costs to sell and manage the annuity and pay benefits. The insurer may subtract these costs directly from your annuity's value. Most annuities have fees and charges but they can be different for different annuities. Read the contract and disclosure or prospectus carefully and ask the annuity salesperson to describe these costs.

A **surrender** or **withdrawal charge** is a charge if you take part or all of the money out of your annuity during a set period of time. The charge is a percentage of the amount you take out of the annuity. The percentage usually goes down each year until the surrender charge period ends. Look at the contract and the disclosure or prospectus for details about the charge. Also look for any waivers for events (such as a death) or the right to take out a small amount (usually up to 10%) each year without paying the charge. If you take all of your money out of an annuity, you've surrendered it and no longer have any right to future income payments.

Some annuities have a **Market Value Adjustment (MVA)**. An MVA could increase or decrease your annuity's account value, cash surrender value, and/or death benefit value if you withdraw money from your account. In general, if interest rates are *lower* when you

withdraw money than they were when you bought the annuity, the MVA could *increase* the amount you could take from your annuity. If interest rates are *higher* than when you bought the annuity, the MVA could *reduce* the amount you could take from your annuity. Every MVA calculation is different. Check your contract and disclosure or prospectus for details.

How Annuities Make Payments

Annuitize

At some future time, you can choose to **annuitize** your annuity and start to receive guaranteed fixed income payments for life or a period of time you choose. After payments begin, you can't take any other money out of the annuity. You also usually can't change the amount of your payments. For more information, see "*Payout Options*" in this Buyer's Guide. If you die before the payment period ends, your survivors may not receive any payments, depending on the payout option you choose.

Full Withdrawal

You can withdraw the cash surrender value of the annuity in a lump sum payment and end your annuity. *You'll likely pay a charge to do this if it's during the surrender charge period.* If you withdraw your annuity's cash surrender value, your annuity is cancelled. Once that happens, you can't start or continue to receive regular income payments from the annuity.

Partial Withdrawal

You may be able to withdraw *some* of the money from the annuity's cash surrender value without ending the annuity. Most annuities with surrender charges let you take out a certain amount (usually up to 10%) each year without paying surrender charges on that amount. Check your contract and disclosure or prospectus. Ask your annuity salesperson about other ways you can take money from the annuity without paying charges.

Living Benefits for Fixed Annuities

Some fixed annuities, especially fixed indexed annuities, offer a **guaranteed living benefits** rider, usually at an extra cost. A common type is called a guaranteed lifetime withdrawal benefit that guarantees to make income payments you can't outlive. While you get payments, the money still in your annuity continues to earn interest. You can choose to stop and restart the payments or you might be able to take extra money from your annuity. Even if the payments reduce the annuity's value to zero at some point, you'll continue to get payments for the rest of your life. If you die while receiving payments, your survivors may get some or all of the money left in your annuity.

Annuity Fees and Charges

Contract fee – A flat dollar amount or percentage charged once or annually.

Percentage of purchase payment – A front-end sales load or other charge deducted from each premium paid. The percentage may vary over time.

Premium tax – A tax some states charge on annuities. The insurer may subtract the amount of the tax when you pay your premium, when you withdraw your contract value, when you start to receive income payments, or when it pays a death benefit to your beneficiary.

Transaction fee – A charge for certain transactions, such as transfers or withdrawals.

Mortality and expense (M&E) risk charge – A fee charged on *variable annuities*. It's a percentage of the account value invested in subaccounts.

Underlying fund charges – Fees and charges on a *variable annuity's subaccounts*; may include an investment management fee, distribution and service (12b-1) fees, and other fees.

Living Benefits for Variable Annuities

Variable annuities may offer a benefit at an extra cost that guarantees you a minimum account value, a minimum lifetime income, or minimum withdrawal amounts regardless of how your subaccounts perform. See "*Variable Annuity Living Benefit Options*" at right. Check your contract and disclosure or prospectus or ask your annuity salesperson about these options.

How Annuities Are Taxed

Ask a tax professional about your individual situation. The information below is general and should not be considered tax advice.

Current federal law gives annuities special tax treatment. Income tax on annuities is deferred. That means you aren't taxed on any interest or investment returns while your money is in the annuity. This isn't the same as tax-free. You'll pay ordinary income tax when you take a withdrawal, receive an income stream, or receive each annuity payment. When you die, your survivors will typically owe income taxes on any death benefit they receive from an annuity.

There are other ways to save that offer tax advantages, including Individual Retirement Accounts (IRAs). You can buy an annuity to fund an IRA, *but you also can fund your IRA other ways and get the same tax advantages.* When you take a withdrawal or receive payments, you'll pay ordinary income tax on all of the money you receive (not just the interest or the investment return). You also may have to pay a 10% tax penalty if you withdraw money before you're age 59½.

Finding an Annuity That's Right for You

An annuity salesperson who suggests an annuity must choose one that they think is right for you, based on information from you. They need complete information about your life and financial situation to make a suitable recommendation. Expect a salesperson to ask about your age; your financial situation (assets, debts, income, tax status, how you plan to pay for the annuity); your tolerance for risk; your financial objectives and experience; your family circumstances; and how you plan to use the annuity. If you aren't comfortable with the annuity, ask your annuity salesperson to explain why they recommended it. Don't buy an annuity you don't understand or that doesn't seem right for you.

Variable Annuity Living Benefit Options

Guaranteed Minimum Accumulation Benefit (GMAB) – *Guarantees your account value will equal some percentage (typically 100%) of premiums less withdrawals, at a set future date (for example, at maturity). If your annuity is worth less than the guaranteed amount at that date, your insurance company will add the difference.*

Guaranteed Minimum Income Benefit (GMIB) – *Guarantees a minimum lifetime income. You usually must choose this benefit when you buy the annuity and must annuitize to use the benefit. There may be a waiting period before you can annuitize using this benefit.*

Guaranteed Lifetime Withdrawal Benefit (GLWB) – *Guarantees you can make withdrawals for the rest of your life, up to a set maximum percentage each year.*

Payout Options

You'll have a choice about how to receive income payments. These choices usually include:

- *For your lifetime*
- *For the longer of your lifetime or your spouse's lifetime*
- *For a set time period*
- *For the longer of your lifetime or a set time period*

Within each annuity, the insurer *may* guarantee some values but not others. Some guarantees may be only for a year or less while others could be longer. Ask about risks and decide if you can accept them. For example, it's possible you won't get all of your money back *or* the return on your annuity may be lower than you expected. It's also possible you won't be able to withdraw money you need from your annuity without paying fees *or* the annuity payments may not be as much as you need to reach your goals. These risks vary with the type of annuity you buy. All product guarantees depend on the insurance company's financial strength and claims-paying ability.

Questions You Should Ask

- Do I understand the risks of an annuity? Am I comfortable with them?
- How will this annuity help me meet my overall financial objectives and time horizon?
- Will I use the annuity for a long-term goal such as retirement? If so, how could I achieve that goal if the income from the annuity isn't as much as I expected it to be?
- What features and benefits in the annuity, other than tax deferral, make it appropriate for me?
- Does my annuity offer a guaranteed minimum interest rate? If so, what is it?
- If the annuity includes riders, do I understand how they work?
- Am I taking full advantage of all of my other tax-deferred opportunities, such as 401(k)s, 403(b)s, and IRAs?
- Do I understand all of the annuity's fees, charges, and adjustments?
- Is there a limit on how much I can take out of my annuity each year without paying a surrender charge? Is there a limit on the *total* amount I can withdraw during the surrender charge period?
- Do I intend to keep my money in the annuity long enough to avoid paying any surrender charges?
- Have I consulted a tax advisor and/or considered how buying an annuity will affect my tax liability?
- How do I make sure my chosen survivors (beneficiaries) will receive any payment from my annuity if I die?

If you don't know the answers or have other questions, ask your annuity salesperson for help.

When You Receive Your Annuity Contract

When you receive your annuity contract, carefully review it. Be sure it matches your understanding. Also, read the disclosure or prospectus and other materials from the insurance company. Ask your annuity salesperson to explain anything you don't understand. In many states, a law gives you a set number of days (usually 10 to 30 days) to change your mind about buying an annuity after you receive it. This often is called a **free look** or **right to return** period. Your contract and disclosure or prospectus should prominently state your free look period. If you decide during that time that you don't want the annuity, you can contact the insurance company and return the contract. Depending on the state, you'll either get back all of your money or your current account value.

ITEM 1 – INTRODUCTION	<p>Thrivent Investment Management Inc. (“Thrivent”, “we,” “us” or “our”) is a broker-dealer and investment adviser registered with the Securities and Exchange Commission. Brokerage and investment advisory services and fees differ and it is important for you to understand these differences.</p> <p>Free and simple tools are available to research firms and financial professionals at Investor.gov/CRS, which also provides educational materials about broker-dealers, investment advisers, and investing.</p>
------------------------------	--

ITEM 2 – RELATIONSHIPS AND SERVICES	What investment services and advice can you provide me?	
	<p>Our financial professionals (“Financial Professional”) provide both brokerage and investment advisory services to retail investors (“Investors,” “you” or “your”).</p> <p>Thrivent limits the recommendations from our Financial Professionals to a specific menu of securities, funds, variable annuities, and variable life insurance products issued, sponsored, or managed by us, our affiliates, or third parties. Not all Financial Professionals can provide the full range of products and services we offer. Your Financial Professional will tell you which products and services they can or cannot provide.</p>	
	Brokerage Services	Investment Advisory Services
	<p>We provide brokerage services (“Brokerage”) to Investors that include the purchase and sale of securities that can be held in accounts (“brokerage account”) with National Financial Services, LLC, our clearing firm (“NFS”). We are not affiliated with National Financial Services, LLC, member NYSE/SIPC, a Fidelity Investments® company. While Financial Professionals may offer recommendations, Investors may also select investments for their brokerage account. Brokerage services are offered on a nondiscretionary basis, which means Investors make the ultimate decision regarding the purchase or sale of investments. We also offer securities (i.e., mutual funds, closed-end funds, variable annuities, and variable life insurance products) directly held with the issuer (“directly held securities”).</p> <p>We do not have minimum brokerage account requirements, but some of the securities you can purchase through us have minimum investment requirements.</p> <p>While we remain available to assist you, after effecting a securities transaction, we do not monitor your brokerage account unless the account was established for investment advisory services. Investors should review and monitor their brokerage accounts.</p>	<p>We provide investment advisory (“Advisory”) services to Investors that includes a managed accounts program (i.e., wrap-fee program) and financial planning services (“Financial Planning Services”).</p> <p>Our managed accounts program (“Program”) includes both discretionary and nondiscretionary programs (“program”) that enable Investors to receive ongoing investment advice, brokerage, and related services for an asset-based fee. You must open a brokerage account with us in order to participate in the Program (“advisory account”). For our nondiscretionary programs, Investors make the ultimate decision regarding the purchase or sale of investments. Our discretionary programs involve Investors granting, depending on the program, either their Financial Professional or a nonaffiliated entity the ability to implement the investment transactions (i.e., periodic updates and rebalance the assets) without you approving each transaction. For some programs, an affiliated or third party investment adviser may be used to construct and maintain model portfolios. These investment advisers may limit the type of investments available in their model portfolios. Furthermore, they may primarily use their own proprietary securities in constructing and maintaining the model portfolios.</p> <p>We have requirements pertaining to the establishment of an Advisory relationship, including minimum advisory account size and/or investment amount. Minimums vary by program. Carefully review our Managed Accounts Program Brochure and/or AdvisorFlex Managed Variable Annuity™ Program Brochure (together “Program Brochures”) for additional information.</p> <p>At least annually, we monitor the investments in advisory accounts as part of our Advisory services. We do not monitor any other accounts (besides your advisory account) as part of our Advisory services. Investors should review and monitor their advisory accounts.</p>

		<p>Our Financial Planning Services is designed for a client and Financial Professional to review a client's personal financial position holistically and plan strategies tailored to help them reach their financial goals. This service occurs either as a one-time service that will end after receiving written recommendations or as an ongoing service. Implementation of your written recommendations is separate from this service.</p>
<p>For additional information about our services, review our Miscellaneous other fees and charges for brokerage and managed accounts document, Thrivent Investment Management Inc. Regulation Best Interest Disclosure, Thrivent.com, Program Brochures, and Financial Planning Services Brochure.</p> <p>Please visit us at Thrivent.com/disclosures to access these referenced documents.</p>		
<p>Ask your Financial Professional the following questions and start a conversation about relationships and services:</p> <ul style="list-style-type: none"> • Given my financial situation, should I choose an investment advisory service? Should I choose a brokerage service? Should I choose both types of services? Why or why not? • How will you choose investments to recommend to me? • What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean? 		

<p>ITEM 3 – FEES, COSTS, CONFLICTS, AND STANDARD OF CONDUCT</p>	<p>What fees will I pay?</p>	
	<p>Brokerage Services</p>	<p>Investment Advisory Services</p>
	<p>You will pay transaction-based fees. As a result, Investors would be charged more when there are more trades in their brokerage account, and we therefore have an incentive to encourage an Investor to trade often. These transaction-based fees are not all inclusive of the fees that you may incur. You may be subject to additional service and maintenance fees (e.g., custodial fee, account maintenance fee, mutual fund and variable annuity, other transactional fees, and product-level fees). Carefully review our Miscellaneous other fees and charges for brokerage and managed accounts document for additional information on these additional service and maintenance fees that you may need to pay.</p> <p>As a broker-dealer, we offer directly held securities. Review the applicable offering document, prospectus, and/or contract for information about the fees that may be charged by the issuer, which could include an affiliate, when you invest in these securities. Below are some common fees and charges you may incur:</p> <p>Mutual Funds: You will typically pay an up-front sales charge or load when you purchase shares in a mutual fund. Mutual funds also incur other ongoing fees and expenses, such as 12b-1 fees, management fees, or servicing fees, which you bear as an Investor.</p> <p>There are no 12b-1 fees incurred for the Class S shares of Thrivent Mutual Funds.</p> <p>However, you will pay a quarterly fee for services provided when you purchase Class S shares for your account with us.</p>	<p>You will pay a quarterly fee that is generally based on the amount of eligible program assets held in an Investor's advisory account ("Program Fee"). As a result, Investors would generally pay more in fees as the amount of program assets increase and we may therefore have an incentive to encourage an Investor to increase the assets in their advisory account. In addition to the cost of the investment advice, the Program Fee includes most transaction-based fees; however, it is not all inclusive (e.g., custodial fee, account maintenance fee, other transactional fees and product-level fees). Carefully review our Program Brochures for additional information on fees, including how the Program Fee is calculated.</p> <p>The financial planning services fee ("Planning Fee") is a fixed fee due no later than the date on which written recommendations are delivered—for one-time service—or annually—for ongoing service. You have the option, but no obligation, to implement all or any portion of these written recommendations through us. Implementation of your written recommendations is separate from this service, and you will be charged commissions and/or fees that are separate from and in addition to the Planning Fee.</p> <p>Program and Planning Fees are negotiable and may vary between clients.</p>

Closed-End Funds: Closed-end funds, including interval funds (e.g., Thrivent Church Loan and Income Fund), also incur other ongoing fees and expenses, such as management fees, which you bear as an Investor in those funds.

Variable Annuities and Variable Life Insurance

Products: You will indirectly pay a commission that is factored into the product's costs and is paid to us by the issuer. In addition, variable products invest in underlying funds that incur ongoing fees and expenses, such as management fees, which you bear as the purchaser of the insurance product investing in those funds.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

For additional information about fees and costs, review our Miscellaneous other fees and charges for brokerage and managed accounts document, Thrivent Investment Management Inc. Regulation Best Interest Disclosure, Thrivent.com, Account Service Fee Brochure, Program Brochures, and Financial Planning Services Brochure.

Please visit us at Thrivent.com/disclosures to access these referenced documents.

Ask your Financial Professional the following questions and start a conversation about the impact of fees and costs on investments:

- Help me understand how these fees and costs might affect my investments.
- If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

What are your legal obligations to me when providing recommendations as my broker-dealer or when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we provide you with a recommendation as your broker-dealer or act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the recommendations and investment advice we provide you. Here are some examples to help you understand what this means.

Brokerage and Investment Advisory Services

- We are a wholly owned subsidiary of Thrivent Financial Holdings Inc., which is a subsidiary of Thrivent Financial for Lutherans. It is more profitable for us to sell products issued by Thrivent Financial for Lutherans and its affiliates than those issued by other companies. As a result, we have a financial incentive to recommend them over other companies' products.
- Thrivent Financial for Lutherans and its affiliates receive payments from third party companies when you purchase products from us. A potential conflict of interest exists when we benefit from these recommendations.
- We receive revenue-sharing payments from affiliates and third party companies. These additional payments compensate us for distribution, training, marketing, and sales support services. Investors do not incur any extra sales charges as a result of these revenue-sharing payments.
- NFS provides us with a business credit based on the total amount of assets on their platform that may be applied to fees owed to NFS.
- We receive compensation from Purshe Kaplan Sterling Investments ("PKS"), an unaffiliated registered broker-dealer, for referring certain persons to become registered representatives of PKS. This referral fee is based on revenue derived from sales of the registered representative of PKS. These registered representatives will also be investment advisor representatives of Thrivent Advisor Network, LLC, our affiliate. The referral compensation creates an incentive for investment advisor representatives of Thrivent Advisor Network who also register with PKS to use PKS for brokerage services.

Ask your Financial Professional the following questions and start a conversation about conflicts of interest:

- How might your conflicts of interest affect me, and how will you address them?

For additional information about our conflicts of interest, review Thrivent Investment Management Inc. Regulation Best Interest Disclosure, Thrivent.com, Program Brochures, and Financial Planning Services Brochure.

Please visit us at Thrivent.com/disclosures to access these referenced documents.

How do your financial professionals make money?

Brokerage Services

- Financial Professionals who are independent contractors are paid a commission for the sale of certain investment products. The amount of commission paid to a Financial Professional varies based on several factors, including the specific investment product sold. They may also receive bonuses relating to the sale of variable insurance products.
- Financial Professionals who are employees receive a salary and are eligible to earn additional bonus compensation if they meet certain sales or revenue thresholds.
- Financial Professionals are eligible to receive benefits and may be eligible for other compensation.
- Financial Professionals and field management personnel receive additional compensation in the form of a cash bonus, sales award (cash and non-cash), limited reimbursements, or a higher proportion of fees. This additional compensation is based on the number of the Financial Professional's new customers who become members of Thrivent Financial for Lutherans because the customer purchased a membership-eligible product, retention of assets, and/or the sales volume of specific products and services.

Investment Advisory Services

- You must open a brokerage account with us in order to participate in the Program. As such, carefully review the items listed under Brokerage Services (immediate left).
- Financial Professionals are paid a portion of the Program Fee. The portion paid will vary depending on the program selected. Therefore, Financial Professionals have a financial incentive to recommend the program for which they will receive the higher fee.
 - Financial Professionals bear the cost of a ticket charge for each trade executed in our Advisor or Advisor Guided managed account program advisory account beyond the allotted number of transactions within a 12-month period. Investors do not pay this charge. As a result, Financial Professionals have an incentive not to make or recommend trades for an advisory account in excess of the allotted number.
 - Financial Professionals will receive a financial benefit if Investors not paying a reduced fee should qualify for, but opt out of, householding advisory accounts in the Program for billing purposes.
 - Financial Professionals are paid a portion of the Planning Fee. Therefore, Financial Professionals have a financial incentive to recommend Financial Planning Services.

ITEM 4 – DISCIPLINARY HISTORY

Do you or your financial professionals have legal or disciplinary history?

Yes, Thrivent and certain of its Financial Professionals have a legal and/or disciplinary history.

Visit Investor.gov/CRS for a free and simple search tool to research us and our Financial Professionals.

Ask your Financial Professional the following question and start a conversation about their disciplinary history:

- As a financial professional, do you have any disciplinary history? For what type of conduct?

ITEM 5 – ADDITIONAL INFORMATION

For additional information about our brokerage or investment advisory services or to request a copy of this relationship summary, please contact us at 800-847-4836 or visit us at Thrivent.com/disclosures.

Ask your Financial Professional the following questions and start a conversation about the contacts and complaints:

- Who is my primary contact person?
- Is he or she a representative of an investment adviser or a broker-dealer?
- Who can I talk to if I have concerns about how this person is treating me?

Thrivent financial professional compensation	8

Our obligations to you (what you can expect from us):

- When provided with recommendations from your Thrivent financial professional, they will be in your best interest and suitable based on what you tell us about your investment objectives, risk tolerance, tax status, and other applicable financial information.¹ Your Financial Professional is not required to provide recommendations.
- We provide prospectuses and statements of additional information for certain securities.

Your obligations to us (what we expect from you):

- You will pay a transaction-based fee when you purchase and sell securities. This charge is either included as part of your premium payment or is taken out of your contribution before it is invested in your account. Fees associated with variable annuities and variable life insurance products are included in your premium payments and outlined in the product’s prospectus or contract.
- Transaction-based fees are not all-inclusive of the fees that you may incur. As a result, you may also pay additional service and maintenance fees (e.g., custodial fee, account maintenance fee, account service fee, mutual fund fees, variable annuity fees, variable life insurance product fees, transactional fees, and product-level fees).
- Your Financial Professional relies on the information you provide when making recommendations to you, so it is important that you provide current, complete and accurate information and promptly notify us of changes.
- Carefully review your account documents (e.g., statements and confirmations) and promptly notify us of any errors or questions you may have.

¹Investment advice and recommendations provided by us in this context are not a financial plan, financial planning service, or other investment advisory relationship or service.

Products and services

We offer a range of products and services designed to help you meet your financial goals and needs. This includes recommending securities (e.g., bonds, mutual funds, stocks, 529 education savings plans, and other individual securities) for purchase and sale through brokerage accounts and securities that are directly held with the issuer (i.e., mutual funds, 529 education savings plans, closed-end funds, variable annuities, and variable life insurance products). The range of products and services is limited to who we have selling agreements with, the availability of certain securities from our clearing firm, and other limitations we may impose based on our due diligence process.

The products and services your Thrivent financial professional can offer depend on the insurance licenses and securities registrations they hold and those which we have granted them to offer. This means your Financial Professional may not be able to offer all products and services described in this document. Your Financial Professional will tell you which products and services they can or cannot offer.

Please keep the following in mind while carefully reviewing this document:

- We do not have minimum brokerage account requirements, but some of the securities you can purchase through us have minimum investment requirements that you should consider.
- Brokerage services are offered on a nondiscretionary basis, which means you make the ultimate decision regarding the purchase or sale of investments.
- While we remain available to assist you, after effecting a securities transaction, we do not monitor your brokerage account unless the account was established for investment advisory services.

You will be charged fees to maintain a brokerage account with us, when you transact in a brokerage account, or when you otherwise purchase or sell securities directly held with the issuer ("directly held securities"). Certain of these fees compensate us, and a portion is paid to your Financial Professional. The receipt of compensation creates a conflict of interest between you, your Financial Professional, and us. To address this conflict, in addition to the information described in the Thrivent and affiliate compensation and Thrivent financial professional compensation sections below, we train our Financial Professionals on their responsibility to act in your best interest.

The schedules below include fees, charges, and expenses for various securities that may be recommended to you and will vary; however, they will not exceed the applicable rates shown.

Brokerage Accounts

A brokerage account ("account") allows you to purchase and sell a variety of securities (e.g., stocks, bonds, and mutual funds) that are held in an account with National Financial Services LLC ("NFS"), member NYSE/SIPC, a Fidelity Investments® company, our clearing firm. We are not affiliated with NFS. As our clearing firm, NFS trades securities; holds the securities it receives on your behalf (i.e., custody); provides you transaction reports about the securities in your account; and provides other related brokerage services. When establishing a brokerage account, you will select and authorize uninvested cash balances in your account to be "swept" into a money market mutual fund.

You will not incur charges when establishing an account with us. However, as a result of owning an account with us, you will incur fees, charges, and expenses. These include fees, charges and expenses that apply to each transaction that occur in your account ("transaction-based fees"), service and maintenance fees (e.g., custodial fee, account maintenance fee, mutual fund fees, other service and transactional fees, and product-level fees), and other miscellaneous charges and other charges imposed by law.

Transaction-based fees are deducted from your invested amounts and will vary based on the securities involved (e.g., stocks, bonds, and mutual funds). As an example, if you were purchasing securities in your account, these transaction-based fees would be deducted from the amount of cash available to invest. Alternatively, if you sold securities, these transaction-based fees would reduce the amount that you receive. Below are examples of the types of transaction-based fees that you may incur when transacting in an account:

Security	Maximum Transaction-Based Fees
Stocks	5.00%
Exchange-Traded Products	5.00%
Bonds	2.50%
Options	5.00%
Mutual Funds	See below section titled Mutual Funds
Unit Investment Trusts	See below section titled Unit Investment Trusts
529 Education Savings Plan	See below section titled 529 Education Savings Plan

Service and maintenance fees are described in our *Miscellaneous other fees and charges for brokerage and managed accounts* document that you should carefully review.

As a shareholder of certain securities (including money market mutual funds), you will pay your proportionate share of management fees, short-term trading fees, redemption fees, 12b-1 fees, shareholder servicing fees, and other charges and expenses (applicable periodically during the holding period and/or at the time you terminate your agreement), as permitted by prospectus, that are normally imposed by mutual funds, closed-end mutual funds, and exchange-traded products. Carefully review the sections below for additional fees when investing in certain securities.

Mutual Funds

A mutual fund (“fund”) is an investment vehicle consisting of a pool of money that is managed by an investment adviser that could include an affiliate or a nonaffiliated third party. Investment advisers may use various techniques to evaluate the securities that make up the fund, and they have discretion to purchase and sell the underlying securities without consulting you. You can hold shares of a specific mutual fund either directly with the mutual fund company or as part of an account through us.

As an investor of a mutual fund, you purchase shares of the fund. You are not purchasing the underlying securities of the fund, and the value of your shares rises or falls as the value of the securities in the fund rises and falls.

When purchasing fund shares in either a brokerage account or directly with the issuer, you will pay a sales charge. You may be eligible for reduced sales charges as your invested amount increases (“breakpoint discount”). Sales charges are categorized as either front- or back-end charges and are described in the respective fund prospectus, which you should carefully review.

- **Front-end sales charge:** A fee typically charged when purchasing Class A shares.
- **Back-end sales charge:** A fee that declines over time (typically with Class B shares) or is paid when you sell (typically with Class C shares).

You will also pay a proportionate share of the fund’s ongoing management, 12b-1, and shareholder servicing fees, charges, and expenses. These fees, charges and expenses vary and are described in the fund’s prospectus.

- **Investment management fee:** A mutual fund pays an investment management fee to an investment adviser for managing the fund’s assets.
- **12b-1 fees:** A fee charged by some funds to cover promotion, distribution, and marketing expenses. This fee is sometimes paid to the fund’s principal underwriter and/or as compensation to Financial Professionals.
- **Redemption fee:** A fee charged by the mutual fund company when selling shares.
- **Other expenses** (e.g., transfer agency fees).

The fees, charges, and expenses listed above will vary; however, they will not exceed the applicable rates from the schedule below.

Fee	Class A shares of Thrivent Mutual Funds Maximum Fee	Nonproprietary Mutual Funds Maximum Fee
Front-end sales charge	4.50%	8.50%
Back-end sales charge	0.00%	5.50%
Investment management fee (including 12b-1 fees)	1.20%	11.42%
Redemption fee	0.00%	5.50%

Class S shares of Thrivent Mutual Funds and Thrivent Church Loan and Income Fund with an Account Service Fee

Thrivent and your Financial Professional provide broker-dealer services to you in connection with the Class S shares of Thrivent Mutual Funds and Thrivent Church Loan and Income Fund with an Account Service Fee. The Thrivent Church Loan and Income Fund is a closed-end “interval fund.” Shares are held directly with the mutual fund company and not through us.

As an investor of a mutual fund, you purchase shares of the fund. You are not purchasing the underlying securities of the fund, and the value of your shares rises or falls as the value of the securities in the fund rises and falls.

Unlike traditional mutual funds, you do not incur either front- or back-end sales charges, 12b-1 fees, or redemption fees when investing in Class S shares of Thrivent Mutual Funds and/or Thrivent Church Loan and Income Fund with an Account Service Fee.

You will pay your proportionate share of a fund’s ongoing management, shareholder servicing fees, and other charges and expenses. These fees, charges, and expenses vary and are described in the fund’s prospectus.

- **Investment management fee:** A mutual fund pays an investment management fee to an investment adviser for managing the fund’s assets.
- **Account service fee:** A quarterly fee for services provided.
- **Other expenses** (e.g., transfer agency fees).

The fees and expenses listed above will vary; however, they will not exceed the applicable rates from the schedule below.

Fee	Class S shares of Thrivent Mutual Funds Maximum Fee	Thrivent Church Loan and Income Fund Maximum Fee
Investment management fee	1.17%	1.50%
Account service fee	0.85%	0.85%

Unit Investment Trusts

A unit investment trust ("UIT") is an investment vehicle consisting of a pool of money that owns a fixed portfolio of stocks, bonds, or other securities that has been selected by an investment manager and held for a set period. You can hold shares of a specific UIT as part of an account through us.

As an investor of a UIT, you purchase redeemable units. You are not purchasing the underlying securities of the trust, and the value of your units rises or falls as the value of the securities in the trust rises and falls.

You will pay a sales charge when purchasing redeemable units of a UIT. Sales charges are categorized as either front-end or deferred and are described in the respective prospectus, which you should carefully review.

- **Annual operating expenses:** The trust pays for portfolio monitoring, bookkeeping, evaluation, administration, trust fees, and other operating expenses.
- **Front-end sales charge:** A charge that is included in the net asset value price when you purchase units in a trust.
- **Deferred sales charge:** A charge that is deducted from your distributions until the entire amount is paid. If you redeem a unit before this entire charge has been paid, then the balance is deducted from your redemption proceeds.

The charges and expenses listed above will vary; however, they will not exceed the applicable rate from the schedule below.

Fee	Maximum Fee
Investment management fee	12.10%
Front-end sales charge	4.95%
Deferred sales charge	4.90%

529 Education Savings Plans

529 education savings plans (authorized under section 529 of the Internal Revenue Code) are state-sponsored programs that seek to help finance higher education expenses ("529 plans"). While these 529 plans are open to residents of any state, you should investigate whether your state, or your beneficiary's state, offers a qualified tuition plan for its residents and consider what, if any, potential state income tax or other benefits it offers. Consult with a tax professional to receive tax analysis of the investments. You can hold a 529 plan either directly with the plan sponsor or as part of an account through us.

Investors of 529 plans typically choose among a range of investment options, which often includes mutual funds and exchange-traded funds.

When purchasing a 529 plan in either a brokerage account or directly with the sponsor, you will pay a sales charge or may otherwise be eligible for a sales charge waiver. These are described in the respective offering document, which you should carefully review. You may be eligible for reduced sales charges as your invested amount increases ("breakpoint discount").

If your 529 plan offers investment options that are mutual funds, you will pay a proportionate share of a fund's ongoing management, 12b-1, and shareholder servicing fees, charges, and expenses. These fees, charges, and expenses vary and are described in the fund's prospectus.

- **Program management fee:** The 529 plan pays a program management fee to an outside firm and the state agencies for managing the plan's assets and plan administration.
- **12b-1 fees:** A fee charged by some mutual funds to cover promotion, distribution and marketing expenses. This fee is sometimes paid to the fund's principal underwriter and/or as compensation to Financial Professionals.

The fees and charges listed above will vary; however, they will not exceed the applicable rate from the schedule below.

Fee	Maximum Fee
Program management fee	2.19%
Sales charge	5.25%
12b-1 fees	1.00%

Variable Annuity Contracts

A variable annuity is an insurance contract between you and an insurance company that allows you to allocate your premium payments to one or more subaccounts of the variable account, the fixed account or—if available—the fixed-period allocations. Variable annuities are held directly with the issuer and not through us.

The accumulated value of a variable annuity fluctuates according to the investment performance of the variable subaccounts and is not guaranteed. Any growth in accumulated value grows tax-deferred. Consult your Financial Professional for information regarding a variable annuity's tax-deferral benefits and disadvantages. For specific tax advice, consult a tax advisor. Investments in variable subaccounts are subject to risk and may be worth more or less than the amount of the accumulated premium payments. Variable annuities offer lifetime income options, principal protection features, and basic death benefit guarantees. Guarantees are backed by the financial strength and claims-paying ability of the issuing insurance company and the investment performance of the subaccounts.

A portion of the product costs you pay covers a sales commission paid to us by the issuer.

You will pay certain ongoing and periodic fees and other expenses imposed under the annuity that will be reflected in your annuity's contract value. These fees affect net investment performance, vary between variable annuities, and are described in the variable annuity's prospectus.

- **Surrender charge:** You will pay a surrender charge to the issuer if you withdraw money from your annuity contract or surrender it during the surrender period. Each year, you can take out a certain amount of money without incurring this charge.²
- **Mortality and expense fees:** You will pay mortality and expense fees to the issuer to provide you with a death benefit and cover other expenses of the issuer.
- **Portfolio expenses:** You will pay portfolio expenses related to the subaccounts of your variable annuity contract.
- **Optional benefits and riders fee:** You will be charged for any additional optional living or death benefits.

The fees, charges, and expenses listed above will vary; however, they will not exceed the applicable rate from the schedule below.

Fee	Proprietary Variable Annuity Maximum Fee	Nonproprietary Variable Annuity Maximum Fee
Surrender charge	7.00%	8.50%
Mortality and expense fees	1.25%	1.60%
Gross portfolio expenses (including 12b-1 fees)	3.20%*	2.16%
Optional benefits and riders fees	2.50%	7.30%

* Proprietary variable annuity portfolios do not incur 12b-1 fees.

Variable Life Insurance Products

Variable life insurance is a flexible premium variable life insurance contract that provides a death benefit and has the potential to build up cash value. With flexible premiums, within limits, you can increase or decrease your coverage or change your premium after the contract is issued. Variable life insurance products allow you to choose among variable subaccounts and may include a fixed account, if available, to invest your net premium payments and any accumulated value. Variable life insurance products are held directly with the issuer and not through us.

The accumulated value in the fixed account is credited with interest at a current rate set by the insurance company, with a guaranteed minimum rate stated in the contract. Accumulated value in the variable subaccounts fluctuates according to the investment performance of the portfolio of these variable subaccounts and is not guaranteed. Any growth in accumulated value grows tax-deferred. Consult your Financial Professional for information regarding a variable life insurance product's tax-deferral benefits and disadvantages. For specific tax advice, consult a tax advisor. Investments, which are typically mutual funds, are subject to risk and may be worth more or less than the amount of your accumulated premium payments. Depending on the death benefit option you selected, accumulated value fluctuations may affect the available death benefit. Guarantees are backed by the financial strength and claims-paying ability of the issuing insurance company and the investment performance of the subaccounts.

You can access the accumulated value from your contract by taking a loan or partial surrender, which will affect the amount payable to your beneficiaries. A loan or surrender against the contract will reduce the death benefit and cash surrender value. A significant taxable event can occur if a contract terminates with outstanding debt.

²The issuer is responsible for processing requests such as transfers, surrenders and/or death benefits under the terms of the contract.

A portion of the premium and product costs you pay covers a sales commission paid to us by the issuer. You will pay an expense charge that is deducted from each premium payment.

You will pay a monthly deduction, penalty fees, interest charges, and other expenses imposed under the variable life insurance contract that will be reflected in your contract value. These fees can affect net investment performance, vary between variable life insurance products, and are described in the variable life insurance product's prospectus.

- **Monthly deduction:** A deduction that is subtracted from the accumulated value and consists of: a cost-of-insurance charge; monthly mortality and expense risk charge; monthly administrative charge; and charges for any additional insurance benefits or riders.
- **Penalty fees:** A fee deducted from the accumulated value, that may apply if: (1) you terminate all or part of the contract early; (2) you decrease the face amount by making death benefit option changes; or (3) the contract lapses during the first 10 years or within 10 years of increasing coverage.³
- **Portfolio expenses:** You will pay portfolio expenses related to the subaccounts of your variable life insurance contract.
- **Interest charges:** Interest charged on any loans from the contract³.
- **Optional benefits and riders fees:** You will be charged for any additional optional endorsements, benefits, and riders.

The fees, charges and expenses listed above will vary; however, they will not exceed the applicable rate from the schedule below.

Fee	Proprietary Variable Life Insurance Maximum Fee	Nonproprietary Variable Life Insurance Maximum Fee
Mortality and expense fees	1.00%	1.15%
Penalty fees	\$50.18 per \$1,000	18.00%
Gross portfolio expenses (including 12b-1 fees)	3.20%*	1.38%
Interest charges	8.00%	6.00%
Optional benefits and riders fees	\$2.52 per \$1,000	12.17%

* Proprietary variable life insurance portfolios do not incur 12b-1 fees.

³The issuer is responsible for processing requests such as transfers, surrenders, and/or death benefits under the terms of the contract.

In addition to the commissions and fees already described, we receive other compensation when providing recommendations as a broker-dealer. Our receipt of compensation (either directly or indirectly) creates a conflict of interest between us and you. We manage this conflict through our policies and procedures, conducting due diligence reviews of the products and services that can be recommended, disclosing material conflicts to clients and prospective clients and by training our Financial Professionals, including on the need to act in your best interest. Below are different forms of compensation we can earn while providing you with recommendations as a broker-dealer.

- We distribute⁵ and serve as the primary underwriter of variable annuities and variable life insurance products issued by Thrivent Financial for Lutherans. We also distribute Thrivent Mutual Funds that are advised by Thrivent Asset Management, LLC. These securities ("proprietary products") may be recommended to you by your Thrivent financial professional. When you purchase or invest in proprietary products, we and our affiliates are paid from fees and/or premiums that are charged to you.
- We may recommend securities from nonaffiliated third-party companies ("nonproprietary products"), which include insurance products, mutual funds, and other securities. When you purchase or invest in nonproprietary securities, we are paid from fees that are charged to you and/or commissions that we receive from these companies.
- When you own certain proprietary and nonproprietary mutual funds, Thrivent and your Financial Professional receive 12b-1 fees from Thrivent Distributors, LLC and nonaffiliated third-party companies. We also receive revenue-sharing payments that compensate us for distribution, training, marketing, and sales support services.
- NFS provides us with a business credit based on the total amount of assets on their platform that may be applied to fees owed to NFS.
- We may pay an affiliated or a nonaffiliated third party a fee for providing educational and administrative services.
- When you purchase a nonproprietary variable annuity or nonproprietary insurance, we receive a commission as a percentage of premium based on certain factors that include total volume of our Financial Professional's product sales, length of time that you continue to pay premiums or keep assets invested in the products sold, and the profitability of the products.
- Thrivent receives compensation from Purshe Kaplan Sterling Investments ("PKS"), an unaffiliated registered broker-dealer, for referring certain persons to become registered representatives of PKS. This referral fee is based on revenue derived from sales of the registered representative of PKS. These registered representatives will also be investment advisor representatives of Thrivent Advisor Network, LLC. The referral compensation creates an incentive for investment advisor representatives of Thrivent Advisor Network who also register with PKS to use PKS for brokerage services.

⁴ Fixed annuities issued by Thrivent Financial for Lutherans and recommended by an appointed insurance agent will be in your best interest and suitable based on what you tell your insurance agent about your objectives, insurance needs, and other applicable financial information. Recommendations of a fixed annuity are not considered investment advice or otherwise a recommendation from Thrivent or your Financial Professional acting as your registered representative.

⁵ We serve as the primary distributor of some proprietary variable annuities and variable life insurance products, so it is generally not possible to transfer them to another broker-dealer.

Thrivent financial professional compensation

The amount and type of compensation paid to your Financial Professional varies and depends on, among other things:

- Their relationship with Thrivent and if they have an agreement with Thrivent that makes them eligible for a broader range of compensation.
- The products and/or services recommended to you.
- If you actually purchase or invest in a product or account and the length of time that you own the product or are otherwise invested with us.
- Total volume of product sales, length of time that you continue to pay premiums or keep assets invested in the products sold, and the profitability of the products.
- If you purchase or invest in a proprietary product versus a nonproprietary product.

In addition to the commissions and fees already described, your Financial Professional may receive other compensation for providing you with recommendations and/or services as a Thrivent registered representative. Receipt of compensation (either cash or non-cash compensation) creates conflicts of interest between you and your Financial Professional. We manage these conflicts by training our Financial Professionals on their need to act in your best interest and through our policies and supervisory procedures. Your Financial Professional may not receive any or all of the specific types of compensation described in this disclosure. You can ask your Financial Professional for further details about the actual compensation he or she receives. This additional compensation is not paid to any representatives who sell these products and you will not incur any extra sales charge. For more detail on these practices, including the full list of providers, visit our website at Thrivent.com.

The Securities Investor Protection Corporation (SIPC) provides protection for eligible assets in the event of a broker-dealer insolvency or other financial distress. SIPC does not guarantee investment returns or protect against market losses experienced by clients. For details on how SIPC protects your investment, you may request a SIPC brochure from your representative, visit the website at SIPC.org or contact SIPC at 202-371-8300.

Thrivent Financial for Lutherans is a fraternal benefit society. All beneficiaries must be eligible as required in the Society's bylaws.

The contract will control if any Beneficiary Provision(s) conflict.

Neither Thrivent nor its affiliates or representatives provide legal or tax advice. Where appropriate, you should consult with an attorney or tax advisor for advice.

Beneficiary Shares

CLASS: Examples of CLASSES of beneficiaries are primary, contingent, second contingent or First Beneficiary, Second Beneficiary, Contingent Beneficiary. Your contract may use different terminology which has the same meaning.

Beneficial Shares: Death proceeds will be paid in equal shares to all beneficiaries of the same CLASS who survive the insured. Instead of equal shares, specific dollar or percentages are permitted with approval.

• **Specific Dollar Amount:**

- Specified dollar amounts shall be deducted first from death proceeds. Remaining proceeds shall be paid to other beneficiaries of the same CLASS in equal shares unless a different percentage is designated.
- If proceeds are insufficient to pay all specified amount designations in a CLASS, amounts paid will be in pro rata shares.

- **Percentages:** If a beneficiary predeceases the insured(s), shares will be split pro rata between the remaining beneficiaries of the same CLASS. If beneficiaries of the same CLASS are named to share in a percentage, for example, 25% to John and Jane Doe, the percentage will be paid to the survivor(s) before death proceeds are paid to the CLASS.

Proceeds will be paid to the next CLASS of beneficiaries if all beneficiaries of the same CLASS predecease the insured(s). If no beneficiary in any CLASS survives the insured, proceeds shall be paid to the owner or owner's estate as required by your contract.

Spousal Consent

You should consider whether to obtain your spouse's or ex-spouse's (herein "SPOUSE's") signature if you are or ever have been married.

Your SPOUSE's signature may be required in circumstances such as the following:

- You live or have lived in a community property state;
- You have a divorce decree which ordered you to maintain life insurance; or
- You have or ever had a marital property agreement.

It is your sole responsibility, and not that of Thrivent, to determine whether your SPOUSE's signature should be obtained.

If your SPOUSE's signature was required but not obtained:

- If your SPOUSE believes s/he has a claim to proceeds, Thrivent must receive notice of that claim no later than the date it pays the contract proceeds; or
- You agree to hold Thrivent harmless for accepting your beneficiary designation and payment of any proceeds without your SPOUSE's consent.

Trust Beneficiaries

Trust Owned Contracts: If a contract is owned by a trust, naming a beneficiary other than the trust may cause legal and/or tax issues. Naming a beneficiary other than the trust may prevent the payment of proceeds according to the objectives of the trust.

Trust Beneficiaries: Trust beneficiaries must qualify as eligible beneficiaries under the bylaws of Thrivent, if applicable, at the time a claim is paid. Proceeds cannot be paid to the trust if its beneficiaries are ineligible under the bylaws of Thrivent when a claim is submitted.

Miscellaneous Provisions

Charity as Beneficiary: Thrivent may have the contractual right to prohibit annuitization elected by a charity at time of claim.

Final Services Funding: Thrivent may accept designations to name an entity which will provide for reimbursement to a state recovery program for services or for final services. An example of a state recovery program is Medicaid Estate Recovery. Examples of final services include, but are not limited to, funeral, mortuary, cemetery, cremation, and funeral trust. Any state recovery program or final services entity is permitted to receive only those proceeds necessary to reimburse for services received by the insured or pay the insured's final expenses. Verification of final expenses or reimbursement is required prior to payment of any claim. The balance of any proceeds shall be paid according to the beneficiaries you name. If there are no named beneficiaries, then the balance of any proceeds shall be paid to the insured's estate.

Irrevocable Beneficiary: To designate a primary or contingent beneficiary as irrevocable, indicate "irrevocable" in the beneficiary designation. After an irrevocable beneficiary is named any changes to the contract can only be made with the consent of the irrevocable beneficiary. These changes include beneficiary changes, loans, withdrawals, contract surrender, dividend option changes, and long-term care claim payments for Care Forward contracts

Minor Beneficiaries

When Naming a Custodian: You may wish to direct payment of proceeds to minor beneficiaries by naming a custodian. You may designate: a custodian who will control property until it is transferred to the beneficiary. These designations will be administered under the Uniform Transfers to Minors Act (or similar law) of the state where the minor resides unless another state is designated.

When Not Naming a Custodian: If any proceeds are payable to a person under age 18 at the time of claim and you did not designate a custodian, you are deemed to elect to use the state where the minor resides on the date of the insured's death to administer the property under the Uniform Transfers to Minors Act (or similar state law). Thrivent may pay, as custodian, any adult family member with whom the client resides.

Simultaneous Death

A beneficiary will be treated as having predeceased the insured if: 1) that beneficiary dies at the same time as the insured; or 2) within 15 days of the insured.

This provision shall not apply if the proceeds have already been paid to the beneficiary.

Your contract may contain a 15 day survival provision. If your contract contains this provision, that provision will control.

Group Designations

Thrivent strongly encourages individuals to be named, as this can clarify your intent with regards to beneficiary designations.

Thrivent will only approve the following Group Designations: 1) children; 2) sons; 3) daughters; 4) brothers; 5) sisters; 6) half-brothers; 7) half-sisters; 8) grandchildren; 9) great-grandchildren; 10) granddaughters; and 11) grandsons.

Unless you specify otherwise, group designations shall only include naturally born or legally adopted members of that group. For example, step-children who you have not legally adopted will not be included in a group designation of Children.

Per Stirpes

Per Stirpes is a stipulation directing that proceeds pass to the children of a beneficiary if that beneficiary pre-deceases the insured. If none survive the insured, proceeds will pass according to the instructions outlined in the Beneficiary Shares provision.

This stipulation may be added to any group or individual with approval from Thrivent. All provisions outlined under Group Designations will also apply to a Per Stirpes stipulation.

Signature - A signature is only required for new business applications in the state of New York.

By signing this form, I certify that I have read and agree to all the provisions on this form.

- Do not withhold state income tax*
- Withhold the applicable state income tax amount of \$ _____ or _____ %. If dollar amount or percentage is less than the state minimum, or if amount or percentage is not completed, we will withhold at your state's minimum rate.

Residents of Connecticut - submit the form CT-W4P to indicate your withholding election with this form. If you do not submit form CT-W4P with this form, Thrivent will use your most recently-submitted CT-W4P, if one is on file. If you do not submit form CT-W4P with this form and you have not previously submitted form CT-W4P, the maximum rate will be withheld.

*If your state requires withholding, we will withhold at your state's minimum rate unless you indicate a higher rate.

Section 3 - Notification for Federal and State Income Tax Withholding

You are liable for state income tax, where applicable, on the taxable portion of your distribution even if you elect no withholding. Except where prohibited by state law, you can elect: 1) no withholding; 2) withholding at the minimum state rates; or 3) withholding at a rate higher than the minimum rates. You may be subject to tax penalties under the estimated tax payment rules if your payments of estimated tax and withholding, if any, are not adequate. You may change your withholding election for future distributions by contacting Thrivent. Check with your tax advisor to determine if withholding is necessary.

Mandatory Tax - Distributions from a 403(b) or qualified retirement plan that are eligible for rollover and are not directly rolled over are subject to mandatory 20% federal tax withholding. Refer to the 403(b) and Qualified Plan Distribution Disclosure (form 9972) for more information. If your distribution is subject to mandatory 20% federal tax withholding, your distribution may also be subject to mandatory state tax withholding.

Roth Distributions - No tax withholding will be withheld from your Roth IRA.

Additional Disclosures

I fully acknowledge and understand that:

Unless otherwise indicated herein, I intend the requested transfer(s) from the distributing contract(s) to become effective only if and when:

- Thrivent (including its subsidiaries and affiliates) has approved the first application of the amount(s) requested to the receiving contract(s), as described above, or, if not, as I subsequently agree to accept; and
 - With respect to any receiving contract(s) that I have applied for, as described above, Thrivent (including its subsidiaries and affiliates) has approved the issuance of the receiving contract(s), as applied for or, if not, as I subsequently agree to accept.
-

Impact of withdrawal - The withdrawal from my annuity or mutual fund will occur approximately 10 days before the payment due date.

The payments to the recipient contract are withdrawals from my annuity, mutual fund or settlement option/immediate annuity contract. The withdrawals will automatically increase or decrease based upon changes to the amount billed for the recipient contract and will reduce and possibly deplete the value of my annuity or mutual fund contract. Subject to availability.

The withdrawals may result in reporting taxable gain to me even though the withdrawals will be applied to another Thrivent contract. I also understand that any withdrawal and reporting of any taxable gain cannot be reversed. This taxable gain will be subject to federal and state income tax withholding unless I have completed Notification for Federal and State Income Tax Withholding. Each withdrawal amount will be increased by the applicable withholding.

Annuity

- For variable or Multi-Year Guarantee products, the withdrawal will be made proportionately from all subaccounts or allocation periods. Specific subaccounts or allocation periods cannot be selected for the distribution.
 - Fixed Indexed Annuity surrenders are withdrawn from the Fixed Account first and will only be taken from the Indexed Account when the accumulated value in the Fixed Account is not sufficient. Surrenders removed from the Indexed Account will not receive any interest credited on the Interest Crediting Date.
 - Withdrawal charges may apply.
 - A market value adjustment (MVA) may apply to distributions from a Fixed Period Allocation.
 - If I am under age 59 1/2, a 10% premature distribution tax penalty may apply.
-

Impact of withdrawal on Guaranteed Living Withdrawal Benefit (GLWB) rider - I understand that if the GLWB rider is present and a withdrawal request results in a GLWB Excess Surrender as defined by the GLWB rider contract, all GLWB guaranteed values will be reduced. The Benefit Base and Survivor Benefit, if any, will be reduced by at least the amount of the Excess Surrender or in the same proportion the Account Value is reduced. The Guaranteed Withdrawal Amount for the next contract year will be reduced in the same proportion as the Benefit Base.

Settlement Option/Immediate Annuity - Cancellation of other Thrivent products will not negate the settlement option/immediate annuity agreement.

Notice to Qualified Plan Trustee(s) - Trustee(s) of Qualified Retirement Plans (such as Money Purchase Plans, Profit Sharing Plans, 401(k) Plans, Defined Benefit Plans, etc.) or 457(b) Plans must provide the Qualified Joint and Survivor Annuity Notice, when applicable, to plan participants. Your Thrivent representative will provide you with the required participant-specific benefit illustration to accompany the Qualified Joint and Survivor Annuity Notice. If a form of benefit other than the Qualified Joint and Survivor Annuity is elected, spousal consent must be obtained. Trustee(s) are also required to provide participants with a Distribution Disclosure Notice.

If you do not have the above referenced notices, Thrivent has generic notices for your use. These notices should be reviewed by your tax advisor to verify suitability for your plan. You are responsible for providing the applicable notices and obtaining any required signatures. Thrivent does not require a copy of these notices be sent to our office.

Generic notices available:

- Qualified Joint and Survivor Annuity Notice (form 15081)
- Spousal Consent (form 9336)
- 403(b) and Qualified Plan Distribution Disclosure (form 9972)

403(b) or Tax Sheltered Annuity Distribution Acknowledgement - I acknowledge that if the distribution from the above plan is an eligible rollover distribution and is not a direct rollover to a qualified retirement plan or IRA, the taxable amount of the distribution will be subject to 20% income tax withholding. I also acknowledge that I have received and read the 403(b) and Qualified Plan Distribution Disclosure (form 9972). I acknowledge that I have the right to delay making a decision regarding the distribution from the above plan for at least 30 days after receiving the 403(b) and Qualified Plan Distribution form and have been given this opportunity. I hereby elect to waive my right to the 30 day waiting period and request Thrivent to make this distribution as soon as administratively possible. Due to the tax consequences, I have been advised to seek competent tax advice pertaining to this distribution.

Section 2 - Transaction Information

Transfer - This transaction is not taxable. It will not be reported to the IRS. This is the only option allowed when moving money from a Thrivent Brokerage Account using this form.

Direct Rollover - This transaction is not taxable, but will be reported to the IRS. Current plan administrator paperwork may be required. Contact the former employer or the plan administrator for their required forms. A triggering event must occur to do a rollover from a qualified retirement plan or governmental 457 plan. RMD must be distributed prior to the rollover taking place. If completing a direct rollover from Thrivent Brokerage, contact Securities Brokerage Services for the appropriate form and further instructions.

Conversion (including qualified rollover contributions) - This transaction will be taxable. Complete tax withholding election in Section 7. It will be reported to the IRS. A SIMPLE IRA cannot be converted within two years of your initial SIMPLE IRA contribution. RMD must be distributed prior to the conversion taking place. You must complete the withholding election in Section 7. Conversions are not allowed between Thrivent Brokerage and other Thrivent products. The conversion must take place between two Thrivent Brokerage accounts before being transferred to another Thrivent product.

Cost basis - After-tax money in a traditional IRA cannot be rolled over to a qualified retirement plan, unless the plan permits. You, as IRA owner, are responsible for determining if there is cost basis in your traditional IRA and assuring that cost basis is not rolled over, if the plan does not accept cost basis. Cost basis information should be verified with your tax advisor. Thrivent is not responsible for the accuracy of this information or the tracking of cost basis.

Section 3 - Required Minimum Distribution (RMD) Information

RMD for Qualified Retirement Plans, 403(b)s and IRAs cannot be satisfied from other plan types (e.g. IRA RMD can only be satisfied from IRA, etc.). RMD must be taken prior to sending the funds to Thrivent.

The calculation of your required minimum distribution is based on many factors, including the prior December 31 account balance. The calculation is accurate only to the extent the prior December 31 account balance that was provided to us is accurate. We will not be responsible for an inaccurate calculation that results from providing us with inaccurate account balance information.

Section 5 - Intended Destination of Dollars

Section 7 - Notification for Federal and State Income Tax Withholding

You are liable for federal and state income tax, where applicable, on the taxable portion of your distribution even if you elect no withholding. Except where prohibited by federal and/or state law, you can elect: 1) no withholding; 2) withholding at the minimum federal and state rates; or 3) withholding at a rate higher than the minimum rates. You may be subject to tax penalties under the estimated tax payment rules if your payments of estimated tax and withholding, if any, are not adequate. Check with your tax advisor to determine if withholding is necessary.

Fixed Indexed Annuity surrenders are withdrawn from the Fixed Account first and will only be taken from the Indexed Account when the accumulated value in the Fixed Account is not sufficient. Surrenders removed from the Indexed Account will not receive any interest credited on the Interest Crediting Date.

Variable or Multi-Year Guarantee product distributions will be taken proportionately from all subaccounts or allocation periods containing a value unless specified otherwise.

Any surrender charges will be subtracted from the amount requested unless you specify otherwise.

Notice to Qualified Plan Trustee(s) - Trustee(s) of Qualified Retirement Plans (such as Money Purchase Plans, Profit Sharing Plans, 401(k) Plans, Defined Benefit Plans, etc.) or 457(b) Plans must provide the Qualified Joint and Survivor Annuity Notice, when applicable, to plan participants. Section 3 - Agreements

I, the undersigned owner(s), hereby agree to exchange the above-designated contract(s), (hereinafter "**Exchanged Contract(s)**") to Thrivent pursuant to Section 1035 of the Internal Revenue Code. In consideration of Thrivent assisting me with the exchange:

- I hereby assign my rights, title, and interest (as indicated above) in the **Exchanged Contract(s)** to Thrivent, including the right to receive its cash surrender value. If requested by Thrivent, I agree to execute a separate assignment form that shall be acceptable to the company that issued the **Exchanged Contract(s)** so that said company will recognize that Thrivent is an owner of the contract(s), or any portion thereof.
- I understand and agree that Thrivent is not obligated to and will not make any premium payments on the **Exchanged Contract(s)** and I will not hold Thrivent liable if the contract(s) lapse(s) for nonpayment of premiums or any loan balance.
- I warrant that no other individual, firm, or trustee has any interest in the **Exchanged Contract(s)** and that I have the sole right to surrender **Exchanged Contract(s)** and receive the cash surrender value.
- I represent and agree that Thrivent is furnishing this assignment form and is participating in this transaction at my request and as an accommodation to me. I represent and agree that Thrivent makes no representations concerning my tax treatment under Section 1035 of the Internal Revenue Code or otherwise. I agree that Thrivent is not responsible or liable for my tax treatment under Section 1035 of the Internal Revenue Code or otherwise.
- Thrivent agrees to apply all proceeds received from the **Exchanged Contract** as I have requested to the "**New Contract**" for which I have applied, if issued, or to a Thrivent contract I already own ("**Existing Contract**") subject to the terms of paragraph (6) of this Agreement. Thrivent agrees that the **New Contract** or **Existing Contract** shall be credited with the cash surrender value received from the **Exchanged Contract(s)**.
- My obligations and the obligations of Thrivent described in paragraphs (1) and (5) of this agreement are contingent upon Thrivent's approval of the issuance of the **New Contract** or my request to apply a premium to my **Existing Contract**. If Thrivent does not approve the issuance of the **New Contract** or approve my request to apply premium to my **Existing Contract**, my assignment of the **Exchanged Contract** pursuant to paragraph (1) shall be void.
- Thrivent and I may agree to modify the **New Contract** or my premium request before either is approved by Thrivent. The modification of the **New Contract** or my premium request, by mutual agreement, shall not change the obligations of me or Thrivent under this agreement. If, by the agreement of the parties the **New Contract** or my premium request is modified, the modified contract or request shall become subject to this agreement.
- I understand the assignment and surrender I am requesting as part of this exchange cannot be reversed once it is processed. I understand that I have no right to the return of the **Exchanged Contract(s)** once such contract(s) have been surrendered - my rights shall be limited to the return of the net surrender value in the **New Contract** under the Right to Cancel provision or the net surrender value in the **Existing Contract** under a surrender/termination provision. Consequently, I also understand that any taxable gain resulting from this exchange cannot be reversed once the distribution is processed even if I request a return of my net surrender value.

- 9. I agree to destroy my **Exchanged Contract(s)** if this request is for a full 1035 exchange.
- 10. **Partial Exchanges to Annuities Only** - I fully acknowledge and understand that if I take a distribution from either contract (new or existing) within 180 days after the exchange, the IRS may treat this exchange as a way to avoid tax and I may be assessed with additional taxes, penalties and interest. I understand that Thrivent is unable to predict what regulations or tax requirements, if any, will be issued regarding partial exchanges and the effect those regulations or requirements will have on any contracts involved in a partial exchange.
- 11. **Exchanges to Long-Term Care Insurance Only** - It is currently unclear what, if any, tax impact the exchange may have on the benefit payments from the long-term care insurance contract. I fully acknowledge and understand that Thrivent is unable to predict what regulations or tax requirements, if any, will be issued regarding exchanges to long-term care insurance and the effect those regulations or requirements will have on any contract involved in the exchange.
- 12. **For Recurring 1035 Exchange Requests to Long-Term Care Insurance:** I understand that subsequent exchange amounts may vary based on amounts billed for my Long-Term Care Insurance contract and that exchanges will reduce and possibly deplete the value of the Exchanged Contract. I authorize adjustment of the requested 1035 Exchange amount to reflect the premium necessary in subsequent exchanges. Thrivent agrees to provide notice of the necessary 1035 Exchange amount taken each year. For recurring requests, Variable and Multi-Year Guarantee Annuity amounts will be distributed proportionately from each investment option/allocation. For Fixed Indexed Annuities, amounts will be distributed from the Fixed Account first and will only be taken from the Indexed Account when the value in the Fixed Account is insufficient. Amounts removed from the Indexed Account will not receive any interest. Requests are intended for exchanges between Thrivent products. Requests for 1035 Exchanges from external companies may require the completion of annual paperwork.
- 13. **For ad hoc 1035 Exchange Requests:** You may ask us to distribute the amount from specific investment options/allocations. If you do not, Variable and Multi-Year Guarantee Annuity amounts will be distributed proportionately from each investment option/allocation. For Fixed Indexed Annuities, amounts will be distributed from the Fixed Account first and will only be taken from the Indexed Account when the value in the Fixed Account is insufficient. Amounts removed from the Indexed Account will not receive any interest.
- 14. **Exchanged Contract Surrender Charges may apply**
- 15. **A market value adjustment (MVA)** may apply to exchange amounts from Exchanged Contract with a Fixed Period Allocation.
- 16. **Impact for an Annuity with Long-Term Care Insurance** - I understand that if a long-term care insurance benefit or rider is present on the contract being exchanged, an exchange request to another annuity will result in termination of my LTC insurance benefits.

I fully acknowledge and understand that by exchanging the contract requested, the following may result:

Taxable Gain - An amount of approximately \$ _____ will be reported to the IRS as being taxable in the year the exchange is processed (if nothing will be taxable, enter zero). In certain situations, the tax gain will be greater than estimated above due to previous withdrawals processed.

Penalty Tax - If the exchange results in a taxable distribution, an IRS penalty tax may apply to the taxable portion of the distribution if I am under age 59 1/2 and no other exception applies.

Surrender Charges - A surrender charge of \$ _____ will be levied (if no surrender charges, enter zero).

Disclosures

Section 3 - Required Minimum Distribution (RMD) Information

RMD for Qualified Retirement Plans, 403(b)s and IRAs cannot be satisfied from other plan types (e.g. IRA RMD can only be satisfied from IRA, etc.). RMD must be taken prior to sending the funds to Thrivent.

The calculation of your required minimum distribution is based on many factors, including the prior December 31 account balance. The calculation is accurate only to the extent the prior December 31 account balance that was provided to us is accurate. We will not be responsible for an inaccurate calculation that results from providing us with inaccurate account balance information.

Section 6 - Allocation of Dollars

Change Allocation - The funds requested on this form will be applied based on the most recent premium allocation instructions on record at Thrivent, unless the change allocation box is checked and an Allocation Change/Remittance Request (form 28831) is submitted.

Section 8 - Notification for Federal and State Income Tax Withholding

You are liable for federal and state income tax, where applicable, on the taxable portion of your distribution even if you elect no withholding. Except where prohibited by federal and/or state law, you can elect: 1) no withholding; 2) withholding at the minimum federal and state rates; or 3) withholding at a rate higher than the minimum rates. You may be subject to tax penalties under the estimated tax payment rules if your payments of estimated tax and withholding, if any, are not adequate. Check with your tax advisor to determine if withholding is necessary.

Conversions (includes qualified rollover contributions) - A conversion from a 403(b) to a Roth IRA is a reportable and taxable event. RMD must be distributed prior to the conversion taking place. Conversions are not allowed between Thrivent Brokerage and other Thrivent products. The conversion must take place between two Thrivent Brokerage accounts before being transferred to another Thrivent product.

Additional Disclosures

Cost basis should be verified with your tax advisor - Thrivent is not responsible for the accuracy of any cost basis information.

Assets moving into a 403(b) plan - Thrivent requires a Service Provider Agreement or an Information Sharing Agreement, signed by the employer who sponsors the plan **receiving** the money at Thrivent prior to requesting funds. Employee and employer contributions moving to Thrivent will be placed into an employee account unless you set up both employee and employer accounts and the sending company provides a break-out of the assets. Funds rolled over into a 403 (b) will be placed in a separate rollover contract or fund/account, which may require a new application.

For internal product-to-product transfers, rollovers, or conversions only - Unless otherwise indicated herein, I intend the requested transfer(s) from the distributing contract or fund/account(s) to become effective only if and when:

- Thrivent (including its subsidiaries and affiliates) has approved the application of the amount(s) requested to the receiving contract or fund/account(s), as described above, or, if not, as I subsequently agree to accept; and
- With respect to any receiving contract or fund/account(s) that I have applied for, as described above, Thrivent (including its subsidiaries and affiliates) has approved the issuance of the receiving contract or fund/account(s), as applied for or, if not, as I subsequently agree to accept.

403(b) Distribution Acknowledgement (for internal transactions) - I acknowledge that I have received and read the 403(b) and Qualified Plan Distribution Disclosure form (9972). I acknowledge that I have the right to delay making a decision regarding the distribution from the above plan for at least 30 days after receiving the 403(b) and Qualified Plan Distribution form, and have been given this opportunity. I hereby elect to waive my right the 30 day waiting period and request Thrivent and/or Thrivent Investment Management Inc. to make this distribution as soon as administratively possible. Due to the tax consequences, I have been advised to seek competent tax advice pertaining to this distribution.

For internal products:

- Variable or Multi-Year Guarantee product distributions will be taken proportionately from all subaccounts or allocation periods containing a value unless specified otherwise.
- Fixed Indexed Annuity surrenders are withdrawn from the Fixed Account first and will only be taken from the Indexed Account when the accumulated value in the Fixed Account is not sufficient. Surrenders removed from the Indexed Account will not receive any interest credited on the Interest Crediting Date.
- Any surrender changes will be subtracted from the amount requested unless you specify otherwise.

Minimum Investment Requirements - If the balance of your account falls below the minimum investment requirement, the account may be subject to an annual small account fee or closed out. See the prospectus for details.

Beneficiary Designation - You may change your beneficiary on IRA accounts at any time by written notice to the custodian. If more than one beneficiary designation is delivered to the custodian, the designation with the latest date will be honored. If no beneficiary is designated for your account, then your surviving spouse, or if not married, your estate, will be your beneficiary. State community property law may affect your designation of a beneficiary. If you have legal questions, consult your attorney.

Excess Removal from Traditional IRA/ Roth IRA/SEP IRA/SARSEP IRA

Thrivent ID

Do not use this form for a Recharacterization Election.

Section 1 - General Information

Fixed Deferred Annuity Variable Deferred Annuity

Name of owner (print first, middle, and last name)

Contract number(s)

Phone

Excess created from: Contribution Rollover Transfer

Rollover assets from another company (excess contribution was made prior to rolling to Thrivent) - The growth or loss incurred (at the originating financial institution) prior to the rollover of the excess contribution must be provided prior to the requested removal of the excess contribution.

Variable deferred annuity - The excess amount, adjusted for gains or losses, will be removed proportionately from all subaccounts containing a value.

Fixed Indexed Annuity - The excess amount will be taken from the Fixed Account first and will only be taken from the Indexed Account when the accumulated value in the Fixed Account is not sufficient.

Section 2 - Excess Information

Complete Part 1 if you filed your tax return timely and you are requesting your excess to be removed by the later of (1) your tax filing deadline* or (2) the date six months following your tax filing deadline (generally October 15).

Complete Part 2 if you did not file your tax return timely or it is past the tax filing extension deadline (generally October 15).

*Filing due date generally means April 15. If the due date falls on a Saturday, Sunday or legal holiday, the due date is delayed until the next business day. If you live in certain states and the filing due date falls on Patriot's Day, the due date is delayed until the next business day. If the due date falls on Emancipation Day (April 16), the due date is delayed until the next business day. In addition, certain disasters (hurricanes, floods, etc.) can generate additional delays as granted by the IRS. The IRS will grant an automatic six-month extension if you file timely.

Part 1 - tax return filed on time and excess requested by the later of either tax filing deadline or six-month extension

Traditional/Roth IRA

Excess amount \$	Tax year excess contribution occurred
---------------------	---------------------------------------

SEP IRA - I acknowledge this excess contribution was the result of an employer excess contribution. Based on IRS regulations, the excess contribution has been re-designated as a traditional IRA contribution and I elect to remove the amount as a traditional IRA excess.

If the employer wishes to recover the excess contributions, the employer would need to go through the IRS Employee Plans Compliance Resolution System (EPCRS) rather than completing this form.

Excess amount \$	Calendar year contribution was received by Thrivent
---------------------	---

SARSEP IRA - I acknowledge this excess contribution was the result of an employer salary deferral. Refund the excess contribution (adjusted for investment gains or losses) to the owner.

IRS regulations require earnings on any excess salary deferral distribution made prior to April 15 of the year following the year of deferral, be reported by the owner as income for the year distributed. If you already filed your tax return, you need to report the earnings on an amended tax return. If you are under 59 1/2, earnings may be subject to a 10% IRS premature distribution penalty. See IRS Form 5329 for more information.

Excess amount \$	Calendar year contribution was received by Thrivent
---------------------	---

Part 2 - tax return not filed on time or after filing extension deadline

If you want to designate your excess contribution as a contribution for the current year, you do not need to complete this form to notify Thrivent. See IRS Form 5329 for instructions on using the carry forward method.

Traditional IRA - Contributions can only be removed if the contribution amount exceeds taxable compensation or maximum eligible contribution amount.

Roth IRA - Contribution can only be removed if the contribution amount exceeds taxable compensation or maximum eligible contribution amount, or the modified adjusted gross income limits are exceeded, reducing the eligible contribution amount. If you are removing a failed conversion, Thrivent will send a corrected IRS Form 5498 for the year in which the conversion was made which may require you to do corrective tax reporting.

Excess amount \$	Tax year excess contribution occurred
---------------------	---------------------------------------

SEP IRA and SARSEP IRA - I acknowledge this excess contribution was the result of an employer excess contribution (SEP IRA) or an excess employee salary deferral contribution (SARSEP IRA). Based on IRS regulations, the excess contribution has been re-designated as a traditional IRA contribution and I elect to remove the amount as a traditional IRA.

Excess amount \$	Calendar year contribution was received by Thrivent
---------------------	---

Traditional IRA excess removals (includes re-designated SEP IRA and SARSEP IRA contributions)

Answer both the questions below. If either of the questions are not answered, Thrivent will treat the excess amount as a taxable event. Specifics on taxable compensation and maximum contributions can be found in IRS Publication 590.

- Yes No 1. Did the contribution exceed the maximum contribution amount?
- Yes No 2. Did the contribution exceed your taxable compensation for the tax year?

Taxation for Traditional IRA

- If the answer to question 1 is yes, the excess amount must be included in gross income. If you are under age 59 1/2, any taxable excess amount may be subject to a 10% premature distribution penalty (see IRS Form 5329 for more information).
- If question 1 is no and 2 is yes, then the excess is not included in gross income and is not taxable. Thrivent will assume that the contribution was not deducted, or if deducted, that you amended your return within the time period(s) as stated below. Therefore, Thrivent will treat the excess amount over the taxable compensation as not taxable.
 - If you did not take a deduction for the excess contribution amount, the excess amount over taxable compensation would not be taxable; or
 - If you took a deduction for the excess contribution, the excess amount over taxable compensation would be taxable unless you file an amended return within three years after the return is filed, or within two years from the time the tax was paid, whichever is less.
- If question 1 is no and 2 is also no, then this is not a true excess and cannot be removed as an excess.
- SARSEPs: The excess is taxable in the year of deferral and the year distributed. The earnings are taxable in the year distributed.

Roth IRA excess removals

Answer all the questions below. Specifics on taxable compensation, maximum contributions and Modified Adjusted Gross Income (MAGI) can be found in IRS Publication 590.

- Yes No 1. Did the contribution exceed the maximum contribution amount?
- Yes No 2. Did the contribution exceed your taxable compensation for the tax year?
- Yes No 3. If the answer to question 2 is no, was your MAGI below the level to be eligible to contribute (full or partial) to the Roth IRA?

Taxation for Roth IRA

- If the answer to question 1 is yes for a Roth IRA, excess is a return of cost basis therefore is not taxable.
- If question 1 is no and 2 is yes, then excess is not included in gross income and is not taxable.
- If question 1 is no and 2 is no, then:
 - if question 3 is also no, the excess can be removed but since it is a return of cost basis, it is not taxable.
 - if question 3 is yes, it is not a true excess and cannot be removed as an excess.

Section 3 - Distribution Option Desired

Requests using Part 1 above: IRS regulations require that earnings on any excess contribution be reported by the owner as income for the year the excess contribution occurred. If you already filed your tax return, you need to report the earnings on an amended tax return. If you are under 59 1/2, earnings may be subject to a 10% IRS premature distribution penalty. See IRS Form 5329 for more information.

Exception: SARSEP earnings are taxable in the year distributed.

Requests using Part 2 above: When removing the excess after the tax filing deadline, the earnings on the excess are not required to be removed and remain in the account/contract. Excess contributions after the tax filing deadline are subject to a 6% IRS penalty tax for each year the excess remained in the account/contract.

If no selection is made below for excess and earnings (where applicable), the excess amount and/or earnings will be refunded to the IRA owner by check.

Section 4 - Disclosures for Defined Contribution Plans

Evaluate your transfer options. If you are considering rolling over money from an employer sponsored retirement plan into an individual retirement plan (IRA), you generally have four choices: 1) keep some or all of your saving in your former employer's plan; 2) transfer assets to your new employer's plan, if allowed; 3) rollover your plan assets into an individual retirement plan (IRA); or 4) cash out your balance. If you are under 59 1/2, the IRS generally will consider your payout an early distribution, meaning you could owe a 10% early withdrawal penalty on top of federal and applicable state and local taxes.

Listed below is important information that I reviewed with my financial representative regarding rolling over my retirement plan assets into an IRA:

Fees and Expenses. Generally, it is more expensive to transfer assets from an employer-sponsored retirement plan into an IRA, than to keep those assets in an employer-sponsored retirement plan. However, IRAs often enable you to select from a broader range of investment options than available in an employer-sponsored retirement plan. I reviewed the investment options and fees in my employer-sponsored retirement plan, determined that I am not satisfied with the available investment options and would like to transfer the assets into an IRA.

Services. An investor may wish to consider the different levels of service available under each option. Some plans, for example, provide access to investment advice, planning tools, telephone help lines, educational materials and workshops. Similarly, IRA providers offer different levels of service, which may include full brokerage service, investment advice, distribution planning and access to securities execution online.

Penalty-Free Withdrawals. If I leave my job between the age of 55 and 59 1/2, I may be able to take penalty-free withdrawals from my employer-sponsored retirement plan. In contrast, withdrawals generally may not be made from an IRA until age 59 1/2. It also may be easier to borrow from an employer-sponsored retirement plan.

Protection from Creditors and Legal Judgments. Generally speaking, plan assets have unlimited protection from creditors under federal law, while IRA assets are protected in bankruptcy proceedings only. State laws vary in the protection of IRA assets in lawsuits. Thrivent and its financial professionals do not provide legal, accounting or tax advice. Consult your attorney or tax professional.

Required Minimum Distributions (RMD). At age 70 ½ for individuals who turned age 70 ½ in 2019 or earlier or at age 72 for individuals who turn age 70 ½ in 2020 or later, the rules for both employer-sponsored retirement plans and IRAs require the periodic withdrawal of certain minimum amounts, known as the RMD. However, if a person is still working at age 70 ½ or age 72, they are generally not required to make RMDs from their current employer's plan. This may be advantageous for those who plan to work into their 70s.

Employer Stock. If you hold significantly appreciated employer stock in an employer-sponsored retirement plan, then you should consider the negative tax consequences of rolling the stock to an IRA. If employer stock is transferred in-kind to an IRA, stock appreciation will be taxed as ordinary income upon distribution.

Disclosures

Required Minimum Distribution (RMD) Information

For variable or Multi-Year Guarantee products, the RMD will be made proportionately from each subaccount or allocation period. Specific subaccounts or allocation periods cannot be selected for the distribution.

For Fixed Indexed products, the RMD will be taken from the Fixed Account first and will only be taken from the Indexed Account when the accumulated value in the Fixed Account is not sufficient.

If you choose to aggregate your RMD with other contract(s), you will be responsible for calculating and distributing your aggregated amount each year. Inherited contracts cannot be aggregated with non-inherited contracts.

Payout date - if 29-31 is chosen, the 28th will be used. If no date is entered, your distribution date will be the 15th.

If the payment frequency is left blank, illegible, or invalid, you are deemed to have elected annual distribution. If annual distribution is elected, but the month is left blank, illegible, or invalid, you are deemed to have elected December. If the date of distribution is left blank, illegible, or invalid, you are deemed to have elected the 15th and for distributions to begin when this date next occurs.

If funds are being removed from a specific subaccount, and the value of that subaccount drops below the requested distribution amount, the value in that subaccount will be depleted and the balance will be taken proportionately from the remaining subaccounts. Subsequent payouts will be removed proportionately from all the remaining subaccounts, unless otherwise instructed.

One-Time Age 72 Distribution - Required Beginning Date (RBD)

Date must be from 1/1 through 3/28 of the year after turning age 72.

Ongoing Automatic Distribution

For Variable Annuities, any payouts that occur on a weekend or nonbusiness day will be processed using the following business day's unit price.

Semiannual, quarterly, and monthly distributions will be adjusted so the annual required amount is distributed by December 31.

RMD will be calculated using your prior year end account balance and the Actuarial Present Value (APV) if applicable on your annuity contract. The value will be divided by the applicable divisor from the Internal Revenue Service (IRS) Uniform Distribution Table, unless your spouse is your sole beneficiary and is more than 10 years younger than you. Inherited contracts use the IRS Single Table.

IRS Joint Life Expectancy Table

The applicable divisor from the IRS Joint Life Expectancy Table will be used. If I change my beneficiary in the future so my spouse is no longer the sole primary beneficiary, I understand that I need to separately request to have my RMD calculation changed to use the IRS Uniform Distribution Table.

Delivery of Distribution

I authorize Thrivent to make this electronic deposit and, if necessary, corrections to my bank account. I further authorize Thrivent to act upon future electronic deposit instructions I provide to my representative or directly to Thrivent. My authorization is valid for electronic deposits and corrections that comply with U.S. law. This authorization shall remain in full force and effect until I revoke it by giving 10 day prior notice to Thrivent.

Withholding

You are liable for federal and state income tax, where applicable, on the taxable portion of your distribution even if you elect no withholding. Except where prohibited by federal and/or state law, you can elect: 1) no withholding; 2) withholding at the minimum federal and state rates; or 3) withholding at a rate higher than the minimum rates. You may be subject to tax penalties under the estimated tax payment rules if your payments of estimated tax and withholding, if any, are not adequate. Check with your tax advisor to determine if withholding is necessary.

You have the right to revoke or change your withholding election at least 10 days prior to the effective date of the distribution.

Residents of Connecticut - submit the Form CT-W4P to indicate your withholding election with this form. If you do not submit Form CT-W4P with this form, Thrivent will use your most recently-submitted CT-W4P, if one is on file. If you do not submit Form CT-W4P with this form and you have not previously submitted Form CT-W4P, the maximum rate will be withheld.

Validation

For your protection, validation of your identity is requested for certain variable and non-variable contract transactions.

Surrender/disbursement transactions:

- a. Greater than \$499,999 will require a Medallion Signature Guarantee for variable contract transactions and a Notary Public for non-variable contract transactions.
 - b. Greater than \$99,999 and up to \$499,999 will require one of the following forms of validation:
 - Attestation by a Thrivent representative
 - A Notary Public
 - A Medallion Signature Guarantee (not available for fixed contracts)
 - c. Greater than \$10,000, less than \$99,999, and the address of record changed within the prior 15 days will require a Notary Public or attestation by a Thrivent representative.
 - d. Greater than \$10,000, less than \$99,999, and the bank information provided has been on record for less than 15 days will require a voided check from the bank account, a Notary Public, or attestation by a Thrivent representative.
 - e. Requesting special distribution instructions will also require one of the three forms of validation listed in (b) above. Examples include: Request to send proceeds to an address other than the one listed on your contract and/or request to make proceeds payable to someone other than the current owner.
A Notary Public or Medallion Signature Guarantee may generally be obtained at any national bank.
-

Other Disclosures

If we receive this form in good order after your selected start date, the start date shall be deemed the first business day, or Valuation Date, (for variable products) that occurs on or after the date of receipt. Subsequent transactions requested pursuant to this form shall be based upon your selected start date.

I understand that this distribution represents only the minimum amount which must be distributed annually and I can receive more than the minimum either now or in the future.

A market value adjustment (MVA) may apply to distributions from a Fixed Period Allocation.

Fixed Indexed Annuity surrenders are withdrawn from the Fixed Account first and will only be taken from the Indexed Account when the accumulated value in the Fixed Account is not sufficient. Surrenders removed from the Indexed Account will not receive any interest credited on the Interest Crediting Date.

Withdrawal charges may apply.

I acknowledge that distributions made under the above requested RMD will result in the reporting of a taxable amount to the IRS and it cannot be reversed. Such taxable amount will be subject to income tax withholding unless the Notification for Federal and State Income Tax Withholding is completed.

Disclosures

Surrender Type

Taxable Amount - The distribution may result in reporting taxable amount as ordinary income.

Penalty Tax - If this contract is a Modified Endowment Contract, an IRS penalty tax may apply to the taxable portion of my distribution if I am under age 59 1/2.

Surrender/decease charges may apply.

Any distribution request or dividend/surplus refund option change processed will invalidate any previous sales illustrations. Contact your representative for an illustration that shows the effects of this request on your death benefit and cash value.

If the distribution amount requested is more than the amount available and an internal product to product transfer is not involved, the distribution will be processed for the maximum amount available without terminating the contract. Does not apply to complete surrenders/entire values.

I understand that any taxable gain resulting from this distribution cannot be reversed once the distribution is processed. Such taxable gain will be subject to federal and state income tax withholding unless the Notification for Federal and State Income Tax Withholding is completed. I also understand the distribution I am requesting cannot be reversed once it is processed.

Loan Requests

I understand that:

- The contract is security for any contract loan.
- A contract loan bears interest from the date of disbursement at the rate provided for in said contract, or at the rate of 6 percent if no rate is provided. Interest is payable annually and if not paid will be added to the loan and bear interest at the same rate. If the interest rate is adjustable, contact the Thrivent Customer Interaction Center at 800-847-4836 to obtain the current rate being charged.
- Refer to your prospectus for information on how Variable Universal Life loans affect the subaccounts or fixed account, if available.
- A loan may result in the termination of the Death Benefit Guarantee, Lapse Protection Balance or No Lapse Guarantee, as applicable.

Full Surrender

I understand that:

- All insurance coverage provided by this contract and the rights of the beneficiaries under this contract cease.

Partial Surrender

I understand that:

- The partial surrender will reduce the cash value of the contract so there may be insufficient amounts to pay the monthly deductions and increased risk of lapse of the coverage.
- It may become necessary that additional premiums be paid in order to provide adequate cash value for future monthly deductions.
- The partial surrender may result in the reduction of the specified face amount by the amount of cash value withdrawn which could reduce the payable death benefit.
- As a result of the partial surrender, in addition to the risk of current tax liabilities, there is also an increased risk of future tax liabilities associated with the contract.
- Minimum surrender amounts may apply.
- A partial surrender may result in the termination of the Death Benefit Guarantee, Lapse Protection Balance or No Lapse Guarantee, as applicable.

Delivery of Payment

Direct Deposit - I authorize Thrivent to make this electronic deposit and, if necessary, corrections to my financial institution account. My authorization is valid for electronic deposits and corrections that comply with U.S. law. U.S. law grants me certain rights when I request an electronic deposit. These laws also regulate how electronic deposits and corrects are made to my financial institution account. This authorization shall remain in full force and effect until I revoke it by giving 10 days prior notice to Thrivent.

Checks - For contracts with multiple owners, disbursement checks may be made payable to only the primary owner. If only the primary owner's name appears as the payee on a disbursement check from a contract with multiple owners, it is the responsibility of the primary owner to obtain signatures of the other owners prior to cashing the check. If the disbursement results in taxable income, the tax information will be reported to all owners.

For internal product-to-product transfers only - Unless otherwise indicated herein, I intend the requested transfer(s) from the distributing contract(s) to become effective only if and when:

- Thrivent (including its subsidiaries and affiliates) has approved the first application of the amount(s) requested to the receiving contract(s), as described above, or, if not, as I subsequently agree to accept; and
- with respect to any receiving contract(s) that I have applied for, as described above, Thrivent (including its subsidiaries and affiliates) has approved the issuance of the receiving contract(s), as applied for or, if not, as I subsequently agree to accept.

Withholding and Charges

You are liable for federal and state income tax, where applicable, on the taxable portion of your distribution even if you elect no withholding. Except where prohibited by federal and/or state law, you can elect: 1) no withholding; 2) withholding at the minimum federal and state rates; or 3) withholding at a rate higher than the minimum rates. You may be subject to tax penalties under the estimated tax payment rules if your payments of estimated tax and withholding, if any, are not adequate. Check with your tax advisor to determine if withholding is necessary.

Residents of Connecticut - submit the Form CT-W4P to indicate your withholding election with this form. If you do not submit Form CT-W4P with this form, Thrivent will use your most recently-submitted CT-W4P, if one is on file. If you do not submit Form CT-W4P with this form and you have not previously submitted Form CT-W4P, the maximum rate will be withheld.

Dividend/Surplus Refund Option Change

This option will be effective on the next contract anniversary date. Refer to your contract for information about the availability of options. Dividend/surplus refunds are not guaranteed.

If you select Reduce Loan and your contract does not allow for this dividend option, then you are authorizing Thrivent to set your dividend option to Cash and to apply that cash dividend as a loan repayment to this contract.

Validation

For your protection, validation of your identity is requested for certain variable and non-variable contract transactions. Surrender/disbursement transactions:

- a. Greater than \$499,999 will require a Medallion Signature Guarantee for variable contract transactions and a Notary Public for non-variable contract transactions.
- b. Greater than \$99,999 and up to \$499,999 will require one of the following forms of validation:
 - Attestation by a Thrivent representative
 - A Notary Public
 - A Medallion Signature Guarantee (not available for fixed contracts)
- c. Greater than \$10,000, less than \$99,999, and the address of record changed within the prior 15 days will require a Notary Public or attestation by a Thrivent representative.
- d. Greater than \$10,000, less than \$99,999, and the bank information provided has been on record for less than 15 days will require a voided check from the bank account, a Notary Public, or attestation by a Thrivent representative.

Examples include: Request to send proceeds to an address other than the one listed on your contract and/or request to make proceeds payable to someone other than the current owner.
A Notary Public or Medallion Signature Guarantee may generally be obtained at any national bank.

Important Notice: Replacement of Life Insurance or Annuities

This document must be signed by the applicant and the producer, if there is one, and a copy left with the applicant.

You are contemplating the purchase of a life insurance policy or annuity contract. In some cases this purchase may involve discontinuing or changing an existing policy or contract. If so, a replacement is occurring. Financed purchases are also considered replacements.

A replacement occurs when a new policy or contract is purchased and, in connection with the sale, you discontinue making premium payments on the existing policy or contract, or an existing policy or contract is surrendered, forfeited, assigned to the replacing insurer, or otherwise terminated or used in a financed purchase.

A financed purchase occurs when the purchase of a new life insurance policy involves the use of funds obtained by the withdrawal or surrender of or by borrowing some or all of the policy values, including accumulated dividends, of an existing policy, to pay all or part of any premium or payment due on the new policy. A financed purchase is a replacement.

You should carefully consider whether a replacement is in your best interest. You will pay acquisition costs and there may be surrender costs deducted from your policy or contract. You may be able to make changes to your existing policy or contract to meet your insurance needs at less cost. A financed purchase will reduce the value of your existing policy and may reduce the amount paid upon the death of the insured.

We want you to understand the effects of replacements before you make your purchase decision and ask that you answer the following questions and consider the questions on the back of this form.

Yes No

1. Are you considering discontinuing making premium payments, surrendering, forfeiting, assigning to the insurer, or otherwise terminating your existing policy or contract?
2. Are you considering using funds from your existing policies or contracts to pay premiums due on the new policy or contract?

If you answered "Yes" to either of the above questions, list each existing policy or contract you are contemplating replacing (include the name of the insurer, the insured or annuitant, and the contract number if available) and whether each policy will be replaced or used as a source of financing:

Insurer name	Contract or policy number	Replaced (R) or financing (F)

Make sure you know the facts. Contact your existing company or its agent for information about the old policy or contract. (If you request one, an in-force illustration, policy summary or available disclosure documents must be sent to you by the existing insurer.) Ask for and retain all sales material used by the agent in the sales presentation. Be sure that you are making an informed decision.

The existing policy or contract is being replaced because:

I certify that the responses herein are, to the best of my knowledge, accurate:

I do not want this notice read aloud to me. (Applicants must initial only if they do not want the notice read aloud.)

A replacement may not be in your best interest, or your decision could be a good one. You should make a careful comparison of the costs and benefits of your existing policy or contract and the proposed policy or contract. One way to do this is to ask the company or agent that sold you your existing policy or contract to provide you with information concerning your existing policy or contract. This may include an illustration of how your existing policy or contract is working now and how it would perform in the future based on certain assumptions. Illustrations should not, however, be used as a sole basis to compare policies or contracts. You should discuss the following with your agent to determine whether replacement or financing your purchase makes sense.

Premiums:

- Are they affordable?
- Could they change?
- You're older - are premiums higher for the proposed new policy?
- How long will you have to pay premiums on the new policy? On the old policy?

Policy values:

- New policies usually take longer to build cash values and to pay dividends.
- Acquisition costs for the old policy may have been paid; you will incur costs for the new one.
- What surrender charges do the policies have?
- What expense and sales charges will you pay on the new policy?
- Does the new policy provide more insurance coverage?

Insurability:

- If your health has changed since you bought your old policy, the new one could cost you more, or you could be turned down.
- You may need a medical exam for a new policy.
- Claims on most new policies for up to the first two years can be denied based on inaccurate statements.
- Suicide limitations may begin anew on the new coverage.

If you are keeping the old policy as well as the new policy:

- How are premiums for both policies being paid?
- How will the premiums on your existing policy be affected?
- Will a loan be deducted from death benefits?
- What values from the old policy are being used to pay premiums?

If you are surrendering an annuity or interest sensitive life product:

- Will you pay surrender charges on your old contract?
- What are the interest rate guarantees for the new contract?
- Have you compared the contract charges or other policy expenses?

Other issues to consider for all transactions:

- What are the tax consequences of buying the new policy?
- Is this a tax-free exchange? (See your tax advisor.)
- Is there a benefit from favorable "grandfathered" treatment of the old policy under the federal tax code?
- Will the existing insurer be willing to modify the old policy?
- How does the quality and financial stability of the new company compare with your existing company?

Section 1 - Client Information

Name of annuitant/insured (print first, middle, last name, and suffix, as applicable)

Name of joint annuitant/insured (print first, middle, last name, and suffix, as applicable)

Section 2 - Comparative Information

Replacement occurs when a new life insurance or annuity contract is purchased and an existing life insurance or annuity contract (within four months before or 13 months after the effective date of the new contract) will or may be:

- Lapsed, forfeited, surrendered (full or partial), assigned to the replacing insurer or terminated
- Converted to reduced paid-up insurance, continued as extended term insurance or otherwise reduced in value by the use of nonforfeiture benefits or other contract values
- Amended to reduce benefits or the coverage period
- Reissued with a reduction in cash value
- Used in a "financed purchase" - A financed purchase means the purchase of a new life insurance contract involving the actual or intended use of funds obtained by the withdrawal or surrender of, or by borrowing from, values of an existing life insurance contract to pay all or part of any premium of a new life insurance contract.
- Billing/Premium cancellation or reduction

Section 3 - Additional Information

All replacement transactions must be suitable for the client. Explain, in detail, **all** of the reasons why this transaction is suitable and why the new product is more advantageous than the existing product.

How will the first-year premium be paid for the proposed contract?

How will subsequent premiums be paid for the proposed contract?

I certify that I understand the following:

- The premium schedule and renewal provisions.
- Premium payments may be required for a longer period of time on the new contract.
- There is no guarantee that future premiums can be paid in full or in part by values from other contracts or from this contract's future cash value or dividends (surplus refunds).
- The new contract may be issued at nonstandard rates.
- New contestability (two years), suicide (up to two years, depending on the state of issue), and convertibility provisions will apply.
- A new surrender charge schedule may apply.
- Once a contract has been replaced, you may not be able to reinstate that contract.
- The transaction may result in a taxable gain.

Taxable Gain - Approximately \$ _____ will be reported to the IRS as being taxable in the year the distribution is processed (if nothing will be taxable, enter zero). In certain situations, the tax gain will be greater than estimated above due to previous withdrawals from your contract(s).

Surrender Charges - A \$ _____ surrender charge will be levied (if no surrender charges, enter zero).

Section 4 - Acknowledgement and Signatures

403(b) and Qualified Plan Distribution Disclosure

Do not use for distributions from a designated Roth account.

YOUR ROLLOVER OPTIONS

You are receiving this notice because all or a portion of a payment you are receiving from your Tax Sheltered Annuity (TSA), 403(b) custodial account, eligible section 457(b) plan maintained by a governmental employer (governmental 457 plan) or Qualified Retirement Plan (the "Plan") is eligible to be rolled over to an IRA or an employer plan. This notice is intended to help you decide whether to do such a rollover.

This notice describes the rollover rules that apply to payments from the Plan that are not from a designated Roth account (a type of account with special tax rules in some employer plans). If you also receive a payment from a designated Roth account in the Plan, you will be provided a different notice for that payment, and the Plan administrator or the payor will tell you the amount that is being paid from each account.

Rules that apply to most payments from a plan are described in the "General Information About Rollovers" section. Special rules that only apply in certain circumstances are described in the "Special Rules and Options" section.

GENERAL INFORMATION ABOUT ROLLOVERS

How can a rollover affect my taxes?

You will be taxed on a payment from the Plan if you do not roll it over. If you are under age 59 1/2 and do not do a rollover, you will also have to pay a 10% additional income tax on early distributions (unless an exception applies). However, if you do a rollover, you will not have to pay tax until you receive payments later and the 10% additional income tax will not apply if those payments are made after you are age 59 1/2 (or if an exception applies).

Where may I roll over the payment?

You may roll over the payment to either an IRA (an individual retirement account or individual retirement annuity) or an employer plan (a tax-qualified plan, section 403(b) plan, or governmental section 457(b) plan) that will accept the rollover. The rules of the IRA or employer plan that holds the rollover will determine your investment options, fees, and rights to payment from the IRA or employer plan (for example, no spousal consent rules apply to IRAs and IRAs may not provide loans). Further, the amount rolled over will become subject to the tax rules that apply to the IRA or employer plan.

How do I do a rollover?

There are two ways to do a rollover. You can do either a direct rollover or a 60-day rollover.

If you do a direct rollover, the Plan will make the payment directly to your IRA or an employer plan. You should contact the IRA sponsor or the administrator of the employer plan for information on how to do a direct rollover.

If you do not do a direct rollover, you may still do a rollover by making a deposit into an IRA or eligible employer plan that will accept it. You will have 60 days after you receive the payment to make the deposit. If you do not do a direct rollover, the Plan is required to withhold 20% of the payment for federal income taxes (up to the amount of cash and property received other than employer stock). This means that, in order to roll over the entire payment in a 60-day rollover, you must use other funds to make up for the 20% withheld. If you do not roll over the entire amount of the payment, the portion not rolled over will be taxed and will be subject to the 10% additional income tax on early distributions if you are under age 59 1/2 (unless an exception applies).

How much may I roll over?

If you wish to do a rollover, you may roll over all or part of the amount eligible for rollover. Any payment from the Plan is eligible for rollover, except:

- Certain payments spread over a period of at least 10 years or over your life or life expectancy (or the lives or joint life expectancy of you and your beneficiary)
- Required minimum distributions after age 70 1/2 (if you were born before July 1, 1949) or age 72 (if you were born after June 30, 1949) or after death
- Hardship distributions
- ESOP dividends
- Corrective distributions of contributions that exceed tax law limitations
- Loans treated as deemed distributions (for example, loans in default due to missed payments before your employment ends)
- Cost of life insurance paid by the Plan
- Payments of certain automatic enrollment contributions requested to be withdrawn within 90 days of the first contribution
- Amounts treated as distributed because of a prohibited allocation of S corporation stock under an ESOP (also, there will generally be adverse tax consequences if you roll over a distribution of S corporation stock to an IRA).

The Plan administrator or the payor can tell you what portion of a payment is eligible for rollover.

If I don't do a rollover, will I have to pay the 10% additional income tax on early distributions?

If you are under age 59 1/2, you will have to pay the 10% additional income tax on early distributions for any payment from the Plan (including amounts withheld for income tax) that you do not roll over, unless one of the exceptions listed below applies. This tax is in addition to the regular income tax on the payment not rolled over.

The 10% additional income tax does not apply to the following payments from the Plan:

- Payments made after you separate from service if you will be at least age 55 in the year of the separation
- Payments that start after you separate from service if paid at least annually in equal or close to equal amounts over your life or life expectancy (or the lives or joint life expectancy of you and your beneficiary)
- Payments from a governmental defined benefit pension plan made after you separate from service if you are a public safety employee and you are at least age 50 in the year of the separation
- Payments made due to disability
- Payments of up to \$5,000 made to you from a defined contribution plan within one year after the birth or adoption of a child
- Payments after your death
- Payments of ESOP dividends
- Corrective distributions of contributions that exceed tax law limitations
- Cost of life insurance paid by the Plan
- Payments made directly to the government to satisfy a federal tax levy
- Payments made under a qualified domestic relations order (QDRO)
- Payments up to the amount of your deductible medical expenses
- Certain payments made while you are on active duty if you were a member of a reserve component called to duty after September 11, 2001 for more than 179 days
- Payments of certain automatic enrollment contributions requested to be withdrawn within 90 days of the first contribution.

If I do a rollover to an IRA, will the 10% additional income tax apply to early distributions from the IRA?

If you receive a payment from an IRA when you are under age 59 1/2, you will have to pay the 10% additional income tax on early distributions from the IRA, unless an exception applies. In general, the exceptions to the 10% additional income tax for early distributions from an IRA are the same as the exceptions listed above for early distributions from a plan. However, there are a few differences for payments from an IRA, including:

- There is no exception for payments after separation from service that are made after age 55.
- The exception for qualified domestic relations orders (QDROs) does not apply (although a special rule applies under which, as part of a divorce or separation agreement, a tax-free transfer may be made directly to an IRA of a spouse or former spouse).
- The exception for payments made at least annually in equal or close to equal amounts over a specified period applies without regard to whether you have had a separation from service.
- There are additional exceptions for (1) payments for qualified higher education expenses, (2) payments up to \$10,000 used in a qualified first-time home purchase, and (3) payments for health insurance premiums after you received unemployment compensation for 12 consecutive weeks (or would have been eligible to receive unemployment compensation but for self-employed status).

Will I owe State income taxes?

This notice does not describe any State or local income tax rules (including withholding rules).

SPECIAL RULES AND OPTIONS

If your payment includes after-tax contributions

After-tax contributions included in a payment are not taxed. If a payment is only part of your benefit, an allocable portion of your after-tax contributions is included in the payment, so you cannot take a payment of only after-tax contributions. However, if you have pre-1987 after-tax contributions maintained in a separate account, a special rule may apply to determine whether the after-tax contributions are included in a payment. In addition, special rules apply when you do a rollover, as described below.

You may roll over to an IRA a payment that includes after-tax contributions through either a direct rollover or a 60-day rollover. You must keep track of the aggregate amount of the after-tax contributions in all of your IRAs (in order to determine your taxable income for later payments from the IRAs). If you do a direct rollover of only a portion of the amount paid from the Plan and at the same time the rest is paid to you, the portion directly rolled over consists first of the amount that would be taxable if not rolled over. For example, assume you are receiving a distribution of \$12,000, of which \$2,000 is after-tax contributions. In this case, if you directly roll over \$10,000 to an IRA that is not a Roth IRA, no amount is taxable because the \$2,000 amount not directly rolled over is treated as being after-tax contributions. If you do a direct rollover of the entire amount paid from the Plan to two or more destinations at the same time, you can choose which destination receives the after-tax contributions.

If you do a 60-day rollover to an IRA of only a portion of a payment made to you, the after-tax contributions are treated as rolled over last. For example, assume you are receiving a distribution of \$12,000, of which \$2,000 is after-tax contributions, and no part of the distribution is directly rolled over. In this case, if you roll over \$10,000 to an IRA that is not a Roth IRA in a 60-day rollover, no amount is taxable because the \$2,000 amount not rolled over is treated as being after-tax contributions.

You may roll over to an employer plan all of a payment that includes after-tax contributions, but only through a direct rollover (and only if the receiving plan separately accounts for after-tax contributions and is not a governmental section 457(b) plan). You can do a 60-day rollover to an employer plan of part of a payment that includes after-tax contributions, but only up to the amount of the payment that would be taxable if not rolled over.

If you miss the 60-day rollover deadline

Generally, the 60-day rollover deadline cannot be extended. However, the IRS has the limited authority to waive the deadline under certain extraordinary circumstances, such as when external events prevented you from completing the rollover by the 60-day rollover deadline. To apply for a waiver, you must file a private letter ruling request with the IRS. Private letter ruling requests require the payment of a nonrefundable user fee. For more information, see IRS Publication 590-A, Contributions to Individual Retirement Arrangements (IRAs).

If your payment includes employer stock that you do not roll over

If you do not do a rollover, you can apply a special rule to payments of employer stock (or other employer securities) that are either attributable to after-tax contributions or paid in a lump sum after separation from service (or after age 59 1/2, disability, or the participant's death). Under the special rule, the net unrealized appreciation on the stock will not be taxed when distributed from the Plan and will be taxed at capital gain rates when you sell the stock. Net unrealized appreciation is generally the increase in the value of employer stock after it was acquired by the Plan. If you do a rollover for a payment that includes employer stock (for example, by selling the stock and rolling over the proceeds within 60 days of the payment), the special rule relating to the distributed employer stock will not apply to any subsequent payments from the IRA or employer plan. The Plan administrator can tell you the amount of any net unrealized appreciation.

If you have an outstanding loan that is being offset

If you have an outstanding loan from the Plan, your Plan benefit may be offset by the amount of the loan, typically when your employment ends. The loan offset amount is treated as a distribution to you at the time of the offset and will be taxed (including the 10% additional income tax on early distributions, unless an exception applies) unless you do a 60-day rollover in the amount of the loan offset to an IRA or employer plan.

If you were born on or before January 1, 1936

If you were born on or before January 1, 1936 and receive a lump sum distribution that you do not roll over, special rules for calculating the amount of the tax on the payment might apply to you. For more information, see IRS Publication 575, Pension and Annuity Income.

If your payment is from a governmental section 457(b) plan

If the Plan is a governmental section 457(b) plan, the same rules described elsewhere in this notice generally apply, allowing you to roll over the payment to an IRA or an employer plan that accepts rollovers. One difference is that, if you do not do a rollover, you will not have to pay the 10% additional income tax on early distributions from the Plan even if you are under age 59 1/2 (unless the payment is from a separate account holding rollover contributions that were made to the Plan from a tax-qualified plan, a section 403(b) plan, or an IRA). However, if you do a rollover to an IRA or to an employer plan that is not a governmental section 457(b) plan, a later distribution made before age 59 1/2 will be subject to the 10% additional income tax on early distributions (unless an exception applies). Other differences are that you cannot do a rollover if the payment is due to an “unforeseeable emergency” and the special rules under “If your payment includes employer stock that you do not roll over” and “If you were born on or before January 1, 1936” do not apply.

If you are an eligible retired public safety officer and your pension payment is used to pay for health coverage or qualified long-term care insurance

If the Plan is a governmental plan, you retired as a public safety officer, and your retirement was by reason of disability or was after normal retirement age, you can exclude from your taxable income plan payments paid directly as premiums to an accident or health plan (or a qualified long-term care insurance contract) that your employer maintains for you, your spouse, or your dependents, up to a maximum of \$3,000 annually. For this purpose, a public safety officer is a law enforcement officer, firefighter, chaplain, or member of a rescue squad or ambulance crew.

If you roll over your payment to a Roth IRA

If you roll over a payment from the Plan to a Roth IRA, a special rule applies under which the amount of the payment rolled over (reduced by any after-tax amounts) will be taxed. However, the 10% additional income tax on early distributions will not apply (unless you take the amount rolled over out of the Roth IRA within 5 years, counting from January 1 of the year of the rollover).

If you roll over the payment to a Roth IRA, later payments from the Roth IRA that are qualified distributions will not be taxed (including earnings after the rollover). A qualified distribution from a Roth IRA is a payment made after you are age 59 1/2 (or after your death or disability, or as a qualified first-time homebuyer distribution of up to \$10,000) and after you have had a Roth IRA for at least 5 years. In applying this 5-year rule, you count from January 1 of the year for which your first contribution was made to a Roth IRA. Payments from the Roth IRA that are not qualified distributions will be taxed to the extent of earnings after the rollover, including the 10% additional income tax on early distributions (unless an exception applies). You do not have to take required minimum distributions from a Roth IRA during your lifetime. For more information, see IRS Publication 590-A, Contributions to Individual Retirement Arrangements (IRAs), and IRS Publication 590-B, Distributions from Individual Retirement Arrangements (IRAs).

If you do a rollover to a designated Roth account in the Plan

You cannot roll over a distribution to a designated Roth account in another employer's plan. However, you can roll the distribution over into a designated Roth account in the distributing Plan. If you roll over a payment from the Plan to a designated Roth account in the Plan, the amount of the payment rolled over (reduced by any after-tax amounts directly rolled over) will be taxed. However, the 10% additional tax on early distributions will not apply (unless you take the amount rolled over out of the designated Roth account within the 5-year period that begins on January 1 of the year of the rollover).

If you roll over the payment to a designated Roth account in the Plan, later payments from the designated Roth account that are qualified distributions will not be taxed (including earnings after the rollover). A qualified distribution from a designated Roth account is a payment made both after you are age 59 1/2 (or after your death or disability) and after you have had a designated Roth account in the Plan for at least 5 years. In applying this 5-year rule, you count from January 1 of the year your first contribution was made to the designated Roth account. However, if you made a direct rollover to a designated Roth account in the Plan from a designated Roth account in a plan of another employer, the 5-year period begins on January 1 of the year you made the first contribution to the designated Roth account in the Plan or, if earlier, to the designated Roth account in the plan of the other employer. Payments from the designated Roth account that are not qualified distributions will be taxed to the extent of earnings after the rollover, including the 10% additional income tax on early distributions (unless an exception applies).

If you are not a plan participant

Payments after death of the participant. If you receive a distribution after the participant's death that you do not roll over, the distribution will generally be taxed in the same manner described elsewhere in this notice. However, the 10% additional income tax on early distributions and the special rules for public safety officers do not apply, and the special rule described under the section “If you were born on or before January 1, 1936” applies only if the participant was born on or before January 1, 1936.

If you are a surviving spouse. If you receive a payment from the Plan as the surviving spouse of a deceased participant, you have the same rollover options that the participant would have had, as described elsewhere in this notice. In addition, if you choose to do a rollover to an IRA, you may treat the IRA as your own or as an inherited IRA.

An IRA you treat as your own is treated like any other IRA of yours, so that payments made to you before you are age 59 1/2 will be subject to the 10% additional income tax on early distributions (unless an exception applies) and required minimum distributions from your IRA do not have to start until after you are age 70 1/2 (if you were born before July, 1 1949) or age 72 (if you were born after June 30, 1949).

If you treat the IRA as an inherited IRA, payments from the IRA will not be subject to the 10% additional income tax on early distributions. However, if the participant had started taking required minimum distributions, you will have to receive required minimum distributions from the inherited IRA. If the participant had not started taking required minimum distributions from the Plan, you will not have to start receiving required minimum distributions from the inherited IRA until the year the participant would have been age 70 1/2 (if you were born before July, 1 1949) or age 72 (if you were born after June 30, 1949).

If you are a surviving beneficiary other than a spouse. If you receive a payment from the Plan because of the participant's death and you are a designated beneficiary other than a surviving spouse, the only rollover option you have is to do a direct rollover to an inherited IRA. Payments from the inherited IRA will not be subject to the 10% additional income tax on early distributions. You will have to receive required minimum distributions from the inherited IRA.

Payments under a qualified domestic relations order. If you are the spouse or former spouse of the participant who receives a payment from the Plan under a qualified domestic relations order (QDRO), you generally have the same options the participant would have (for example, you may roll over the payment to your own IRA or an eligible employer plan that will accept it). Payments under the QDRO will not be subject to the 10% additional income tax on early distributions.

If you are a nonresident alien.

If you are a nonresident alien and you do not do a direct rollover to a U.S. IRA or U.S. employer plan, instead of withholding 20%, the Plan is generally required to withhold 30% of the payment for federal income taxes. If the amount withheld exceeds the amount of tax you owe (as may happen if you do a 60-day rollover), you may request an income tax refund by filing Form 1040NR and attaching your Form 1042-S. See Form W-8BEN for claiming that you are entitled to a reduced rate of withholding under an income tax treaty. For more information, see also IRS Publication 519, U.S. Tax Guide for Aliens, and IRS Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities.

Other special rules

If a payment is one in a series of payments for less than 10 years, your choice whether to make a direct rollover will apply to all later payments in the series (unless you make a different choice for later payments).

If your payments for the year are less than \$200 (not including payments from a designated Roth account in the Plan), the Plan is not required to allow you to do a direct rollover and is not required to withhold for federal income taxes. However, you may do a 60-day rollover.

Unless you elect otherwise, a mandatory cashout of more than \$1,000 (not including payments from a designated Roth account in the Plan) will be directly rolled over to an IRA chosen by the Plan administrator or the payor. A mandatory cashout is a payment from a plan to a participant made before age 62 (or normal retirement age, if later) and without consent, where the participant's benefit does not exceed \$5,000 (not including any amounts held under the plan as a result of a prior rollover made to the plan).

You may have special rollover rights if you recently served in the U.S. Armed Forces. For more information, see IRS Publication 3, Armed Forces' Tax Guide.

FOR MORE INFORMATION

You may wish to consult with the Plan administrator or payor, or a professional tax advisor, before taking a payment from the Plan. Disclosures

Surrender Details

I fully acknowledge and understand that by distributing the amount requested from my contract/agreement, the following may result:

Upon complete surrender, I understand that all insurance coverage provided by this contract and the rights of all beneficiaries under this contract cease as of the date this form is properly signed.

Taxable Gain - The distributions may result in the reporting of taxable gains to me.

Penalty Tax - An IRS premature distribution penalty may apply to the taxable portion of the surrender if I am under age 59 1/2 or if this is a SIMPLE IRA and I have participated for less than two years.

Surrender charges may apply.

A market value adjustment (MVA) may apply to distributions from a Fixed Period Allocation.

Surrenders removed from the Indexed Account will not receive any interest credited on the Interest Crediting Date.

Automatic Payout Option (APO) - Only available on Deferred Annuities and FPDAs. If we receive this form in good order after your selected start date, the start date shall be deemed the first business day (or Valuation Date for variable products) that occurs on or after the date of receipt. Subsequent transactions requested pursuant to this form shall be based upon your selected start date.

If 29-31 is chosen, the 28th will be used. If no date is entered, your distribution amount will be the 15th.

Allow 2-5 business days after date selected for funds to be available to you.

Interest only payment must be at least \$25.00. Not available for FPDA or Advisor/Flex.

Fixed - Amount - FPDA only - payment amounts under \$200 will require direct deposit or payment to another Thrivent product.

Fixed Percent - % of cash value to be distributed at the time of each surrender. i.e. .8% monthly = 9.6%, or approximately 10% annually. Not available for FPDA.

If the payment frequency is blank, illegible or invalid, you are deemed to have elected annual distribution. If annual distribution is elected, but the month is left blank, illegible or invalid, you are deemed to have elected December. If the date of the distribution is left blank, illegible or invalid, you are deemed to have elected the 15th and for distributions to begin when this date next occurs.

If funds are being removed from a specific subaccount, and the value of that subaccount drops below the requested distribution amount, the value in that subaccount will be depleted and the balance will be taken proportionately from the remaining subaccounts. Subsequent payouts will be removed proportionately from all the remaining subaccounts, unless otherwise instructed.

Impact of Withdrawal on Guaranteed Lifetime Withdrawal Benefit (GLWB) rider - I understand that if the GLWB rider is present and a withdrawal request results in a GLWB excess surrender as defined by the GLWB rider, all future GLWB guaranteed values will be reduced. The benefit base and survivor benefit, if any, will be reduced by at least the amount of the excess surrender or in the same proportion the Account Value is reduced. The Guaranteed Withdrawal Amount (GWA) for the next contract year will be reduced in the same proportion as the benefit base. The excess surrender will result in a permanent reduction in all future GWAs. If you would like to make an excess surrender and are uncertain how an excess surrender will reduce your future GWAs, then you may contact us prior to requesting the withdrawal to obtain a personalized, transaction-specific calculation showing the effect of the excess surrender.

For an annuity with the Long-Term Care (LTC) Insurance Rider - If the reason for your surrender request is due to the need to pay for LTC costs, make a claim from your LTC benefits instead of taking a partial surrender from your annuity.

Impact of Surrender or Partial Surrender on LTC Insurance Benefits - I understand that if the LTC Insurance Rider is present, a request to surrender, or a request for a partial surrender which results in the Accumulated Value being less than the required minimum, the LTC Insurance Rider will terminate and all LTC benefits will cease (although nonforfeiture benefits may be available). I understand that if the LTC Insurance Rider is present, a request for a partial surrender will result in a reduction of my available LTC Insurance benefits. Partial surrenders may be subject to income taxation.

I understand that the distribution and any taxable gain resulting from this distribution cannot be reversed once the distribution is processed. Such taxable gain will be subject to federal and state income tax withholding, unless the federal and state tax withholding election is completed.

Transactions are processed as of market close on the day the form is received in good order. If the withdrawal amount requested will cause the value of the contract to fall below the required minimum balance due to market fluctuation, the maximum amount available will be withdrawn.

Disclosure and Important Information Regarding Qualified Charitable Distributions (QCD)

- Use only when IRA owner is 70 1/2 or older.
- The IRS defines QCD as an otherwise taxable distribution from an IRA (other than an ongoing SEP or SIMPLE IRA) owned by an individual who has attained the required age that is paid directly from the IRA to a qualified charity.
- The charity must qualify as a 501(c)(3) organization and be eligible to receive tax-deductible contributions. Certain charities do not qualify; such as, sponsoring charities of donor-advised funds, private foundations and supporting organizations.
- Consult a tax professional to discuss this option as it is your responsibility to ensure the distribution made with this form complies with the IRS rules.
- Thrivent will report this distribution to the IRS on IRS Form 1099-R.

Specific Subaccount Surrender

Minimum requirements may apply. Allocations of percentages are subject to availability. If a specific subaccount or allocation period is chosen, and the percentage field is entered, the percentage requested will be based on the specific subaccount or allocation period value, not the entire contract value. If more than 3 subaccounts, use section 7 - Additional Information.

Delivery of Payment

Direct Deposit - I authorize Thrivent to make this electronic deposit and, if necessary, corrections to my bank account. I further authorize Thrivent to act upon future electronic deposit instructions I provide to my representative or directly to Thrivent. My authorization is valid for electronic deposits and corrections that comply with U.S. law. This authorization shall remain in full force and effect until I revoke it by giving 10 day prior notice to Thrivent.

Checks - For contracts with multiple owners, disbursement checks may be made payable to only the primary owner. If only the primary owner's name appears as the payee on a disbursement check from a contract with multiple owners, it is the responsibility of the primary owner to obtain signatures of the other owners prior to cashing the check. If the disbursement results in taxable income, the tax information will be reported to all owners.

For internal product-to-product transfers only - Only available for One-time Partial or Complete Surrenders. Unless otherwise indicated herein, I intend the requested transfer(s) from the distributing contract(s) to become effective only if and when:

- Thrivent (including its subsidiaries and affiliates) has approved the first application of the amount(s) requested to the receiving contract(s), as described above, or, if not, as I subsequently agree to accept; and
- with respect to any receiving contract(s) that I have applied for, as described above, Thrivent (including its subsidiaries and affiliates) has approved the issuance of the receiving contract(s), as applied for or, if not, as I subsequently agree to accept.

Withholding and Charges

Notification of Withholding and Surrender Charges (Not Applicable for FPDAs) - You are liable for federal and state income tax, where applicable, on the taxable portion of your distribution even if you elect no withholding. Except where prohibited by federal and/or state law, you can elect: 1) no withholding; 2) withholding at the minimum federal and state rates; or 3) withholding at a rate higher than the minimum rates. You may be subject to tax penalties under the estimated tax payment rules if your payments of estimated tax and withholding, if any, are not adequate. Check with your tax advisor to determine if withholding is necessary.

Federal Withholding - If withholding is indicated and the dollar amount or percentage is less than 10%, then 10% federal withholding will occur.

State Withholding - If withholding is indicated and the dollar amount or percentage is less than the state minimum, or if amount or percentage is not completed, we will withhold at your State's minimum rate.

Residents of Connecticut - submit the Form CT-W4P to indicate your withholding election with this form. If you do not submit Form CT-W4P with this form, Thrivent will use your most recently-submitted CT-W4P, if one is on file. If you do not submit Form CT-W4P with this form and you have not previously submitted Form CT-W4P, the maximum rate will be withheld.

You have the right to revoke or change your withholding election at least 10 days prior to the effective date of the distribution.

Mandatory Tax - Distributions from a 403(b) or qualified retirement plan that are eligible for rollover and are not directly rolled over are subject to mandatory 20% federal tax withholding. Refer to the 403(b) and Qualified Plan Distribution Disclosure (form 9972) for more information. If your distribution is subject to mandatory 20% federal tax withholding, your distribution may also be subject to mandatory state tax withholding.

Roth IRA Distributions - No tax withholding will be withheld from your Roth IRA.

Qualified Charitable Distribution - No tax withholding will be withheld from your qualified annuity.

Plan Trustee Certification

Notice to Qualified Plan Trustee(s) - Trustee(s) of Qualified Retirement Plans (such as Money Purchase Plans, Profit Sharing Plans, 401(k) Plans, Defined Benefit Plans, etc.) or 457(b) Plans must provide the Qualified Joint and Survivor Annuity Notice, when applicable, to plan participants. Your Thrivent representative will provide you with the required participant-specific benefit illustration to accompany the Qualified Joint and Survivor Annuity Notice. If a form of benefit other than the Qualified Joint and Survivor Annuity is elected, spousal consent must be obtained. Trustee(s) are also required to provide participants with a Distribution Disclosure Notice.

If you do not have the above referenced notices, Thrivent has generic notices for your use. These notices should be reviewed by your tax advisor to verify suitability for your plan. You are responsible for providing the applicable notices and obtaining any required signatures. Thrivent does not require a copy of these notices be sent to our office.

Generic Notices Available:

- Qualified Joint and Survivor Annuity Notice form
- Spousal Consent form
- 403(b) and Qualified Plan Distribution Disclosure form

Validation

For your protection, validation of your identity is requested for certain variable and non-variable contract transactions.

Surrender/disbursement transactions:

- a. Greater than \$499,999 will require a Medallion Signature Guarantee for variable contract transactions and a Notary Public for non-variable contract transactions.
- b. Greater than \$99,999 and up to \$499,999 will require one of the following forms of validation:
 - Attestation by a Thrivent representative
 - A Notary Public
 - A Medallion Signature Guarantee (not available for fixed contracts)
- c. Greater than \$10,000, less than \$99,999, and the address of record changed within the prior 15 days will require a Notary Public or attestation by a Thrivent representative.
- d. Greater than \$10,000, less than \$99,999, and the bank information provided has been on record for less than 15 days will require a Notary Public or attestation by a Thrivent representative.
- e. Requesting special distribution instructions will also require one of the three forms of validation listed in (b) above. Examples include: Request to send proceeds to an address other than the one listed on your contract and/or request to make proceeds payable to someone other than the current owner.
A Notary Public or Medallion Signature Guarantee may generally be obtained at any national bank.

Agreements and Signatures

403(b) or Tax Sheltered Annuity Distribution Acknowledgement - I acknowledge that if this distribution is an eligible rollover distribution from a 403(b) and is not a direct rollover to a qualified retirement plan or IRA, the taxable amount of the distribution will be subject to 20% income tax withholding. I also acknowledge that I have received and read the 403(b) and Qualified Plan Distribution Disclosure (form 9972). I acknowledge that I have the right to delay making a decision regarding the distribution from the above plan for at least 30 days after receiving the 403(b) and Qualified Plan Distribution form and have been given this opportunity. I hereby elect to waive my right to the 30 day waiting period and request Thrivent to make this distribution as soon as administratively possible. Due to the tax consequences, I have been advised to seek competent tax advice pertaining to this distribution.

Variable Annuity with Guaranteed Lifetime Withdrawal Benefit Rider Service Request

Member ID

Contract number

Section 1 - Annuitant

Name of owner

Name of joint owner, if applicable

Section 2 - Surrender Details

Any partial surrender will set and lock-in your Withdrawal Percentage. Surrenders in excess of the Guaranteed Annual Withdrawal Amount will reduce the Benefit Base.

One-time partial surrender amount

- Amount \$ _____
- Amount that is penalty free

Ongoing Automatic Payout Option (APO)

- New Change Cancel

Payout frequency

- Monthly Quarterly Semiannually Annually

Start date - _____

APO Type Desired:

Steady income GAWA (default)

On each payout date, we will pay the Guaranteed Annual Withdrawal Amount (GAWA) divided by the selected payout frequency. Frequencies are 12 for monthly, 4 for quarterly, 2 for semiannually, and 1 for annually. If additional surrenders occur, the payouts may be decreased so the GAWA is not exceeded in that year.

This option:

- Produces a consistent payout between contract anniversaries as long as no additional surrenders are made between those contract anniversaries.
- Will not cause an excess surrender. Surrender charges will not apply and the benefit base will not be reduced as a result of these automatic payouts.
- Will pay out the entire GAWA in any contract year that has this option set up during that entire year.

Fixed Amount of \$ _____

This option:

- Pays out the amount you indicated for the payout frequency selected above.
- Has the ability to exceed your GAWA which could result in a reduction of all GLWB benefits and surrender charges may apply. If GAWA is exceeded, consider changing this fixed amount to avoid further reduction in benefits.

Section 3 - Specific Subaccount Surrender

For variable products, indicate account(s) from which payout should be made. If no amounts are indicated, surrenders will be taken proportionately from all subaccounts or allocation periods containing a value.

Section 4 - Required Minimum Distribution (RMD) and Qualified Plan Excess Surrender Exception

Election of RMD:

- I am not of RMD age.
- I am of RMD age and request that annually, any remaining RMD amount is paid out on December _____ (1-28).
If date is blank, the distribution will occur annually on December 15. If you meet the conditions in your contract your APO and RMD payouts will not incur surrender charges and will not reduce your GAWA. For additional information, refer to your GLWB Rider.
- I am of RMD age and do not want to set up automatic RMD payments at this time.

Qualified Plan Excess Surrender Exception:

The GLWB Rider allows for an additional layer of protection against reducing your benefit base during the GLWB withdrawal period when meeting specific requirements. One of those requirements will be satisfied when you choose the steady income GAWA APO. For additional information, refer to Section 7 of your GLWB Rider.

Section 5 - Distribution Option Desired

- Direct Deposit Deposit into a new Thrivent Mutual Fund account

For Direct Deposit only, complete bank information:

If I have elected to have my payout check deposited in an account at another bank, I authorize Thrivent to begin making such deposits (and corrections, if needed) to the bank indicated above. This bank is authorized to accept and/or correct deposits to my account. This authority shall remain in effect until I revoke it by terminating my contract or by giving prior notice to Thrivent.

I have verified with the bank that this information is correct. I certify that this is my account. I agree and understand that Thrivent is not responsible for any deposits made based on this information.

For contracts with multiple owners, disbursement checks may be made payable to only the primary owner. If only the primary owner's name appears as the payee on a disbursement check from a contract with multiple owners, it is the responsibility of the primary owner to obtain signatures of the other owners prior to cashing the check. If the disbursement results in taxable income, the tax information will be reported to all owners.

For internal product-to-product transfers only - Unless otherwise indicated herein, I intend the requested transfer(s) from the distributing contract(s) to become effective only if and when:

- Thrivent (including its subsidiaries and affiliates) has approved the first application of the amount(s) requested to the receiving contract(s), as described above, or, if not, as I subsequently agree to accept; and
- with respect to any receiving contract(s) that I have applied for, as described above, Thrivent (including its subsidiaries and affiliates) has approved the issuance of the receiving contract(s), as applied for or, if not, as I subsequently agree to accept.

Section 6 - Notification for Federal and State Income Tax Withholding

Any tax withholding and/or surrender charges should be:

- Added to withdrawal amount requested (net).
- Subtracted from withdrawal amount requested (gross).

If no boxes are checked, changes and withholding will be subtracted from withdrawal amount requested (gross). If a "added to" is selected, the GAWA may be exceeded which may reduce the benefit base of the GLWB rider.

Withholding election:

You are liable for federal and state income tax, where applicable, on the taxable portion of your distribution even if you elect no withholding. Except where prohibited by federal and/or state law, you can elect: 1) no withholding; 2) withholding at the minimum federal and state rates; or 3) withholding at a rate higher than the minimum rates. You may be subject to tax penalties under the estimated tax payment rules if your payments of estimated tax and withholding, if any, are not adequate. Check with your tax advisor to determine if withholding is necessary.

If no box is checked, federal (10%) and possibly state income tax will be withheld.

Federal Tax Withholding (must be at least 10%):

- Do not withhold federal income tax
- Withhold federal income tax amount of \$ _____ or _____ %. If dollar amount or percentage is less than 10%, then 10% federal withholding will occur.

State Tax Withholding:

- Do not withhold state income tax*
- Withhold the applicable state income tax amount of \$ _____ or _____ %. If dollar amount or percentage is less than the state minimum, or if amount or percentage is not completed, we will withhold at your state's minimum rate.

Residents of Connecticut - submit the Form CT-W4P to indicate your withholding election with this form. If you do not submit Form CT-W4P with this form, Thrivent will use your most recently-submitted CT-W4P, if one is on file. If you do not submit Form CT-W4P with this form and you have not previously submitted Form CT-W4P, the maximum rate will be withheld.

*If your state requires withholding, we will withhold at your state's minimum rate unless you indicate a higher rate.

Roth Distributions:

No tax withholding will be withheld from your Roth IRA.

Section 7- Cancel GLWB Rider

- Cancel GLWB Rider - I understand that:
 - I cannot cancel before the earliest rider cancellation date shown in my contract.
 Upon cancellation:
 - Charges for GLWB Rider will no longer apply.
 - GLWB Rider cannot be added again in the future.

Section 8- Additional Information

Section 9 - Agreements and Authorization

I understand and agree that:

1. Payouts will start on the first possible day selected after receipt of this form.
2. Surrenders in excess of GAWA will result in a reduction of GLWB Rider guaranteed values unless a Qualified Plan Excess Surrender Exception applies. A distribution, requested or automatic, that results in a GLWB excess surrender as defined by the GLWB rider, will reduce all future GLWB guaranteed values. The benefit base, death benefit and other values, if any, will be reduced by at least the amount of the excess surrender or in the same proportion the account value is reduced. The GAWA for the next contract year will be reduced in the same proportion as the benefit base. The excess surrender will result in a permanent reduction in all future GAWAs. If you would like to make an excess surrender and are uncertain how an excess surrender will reduce your future GAWAs, then you may contact us prior to requesting the withdrawal to obtain a personalized, transaction-specific calculation showing the effect of the excess surrender.
3. Surrenders may result in reporting of taxable gain, which cannot be reversed and is subject to federal and possible state tax withholding.
4. Surrender charges may apply.
5. Qualified Plans require RMD be distributed from the contract in the year in which the owner attains age 70 1/2. If that age is reached on or before Dec. 31, 2019. If the owner reaches age 70 1/2 after December 31, 2019, RMD is required to be distributed from the contract in the year in which the annuitant attains age 72.
6. Qualified Plans will calculate RMD using your prior year end account balance and the Actuarial Present Value (APV) if applicable on your annuity contract. The value will be divided by the applicable divisor from the Internal Revenue Service (IRS) Uniform Distribution Table, unless your spouse is your sole beneficiary and is more than 10 years younger than you.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)

- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, later.

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See *What is FATCA reporting*, later, for further information.

Note: If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

In the cases below, the following person must give Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States.

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the entity;
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the trust; and
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person, do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Pub. 515, *Withholding of Tax on Nonresident Aliens and Foreign Entities*).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items.

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

Backup Withholding

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 24% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester,
2. You do not certify your TIN when required (see the instructions for Part II for details),
3. The IRS tells the requester that you furnished an incorrect TIN,
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or
5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code*, later, and the separate Instructions for the Requester of Form W-9 for more information.

Also see *Special rules for partnerships*, earlier.

What is FATCA Reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all United States account holders that are specified United States persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code*, later, and the Instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account; for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Line 1

You must enter one of the following on this line; **do not** leave this line blank. The name should match the name on your tax return.

If this Form W-9 is for a joint account (other than an account maintained by a foreign financial institution (FFI)), list first, and then circle, the name of the person or entity whose number you entered in Part I of Form W-9. If you are providing Form W-9 to an FFI to document a joint account, each holder of the account that is a U.S. person must provide a Form W-9.

a. **Individual.** Generally, enter the name shown on your tax return. If you have changed your last name without informing the Social Security Administration (SSA) of the name change, enter your first name, the last name as shown on your social security card, and your new last name.

Note: ITIN applicant: Enter your individual name as it was entered on your Form W-7 application, line 1a. This should also be the same as the name you entered on the Form 1040/1040A/1040EZ you filed with your application.

b. **Sole proprietor or single-member LLC.** Enter your individual name as shown on your 1040/1040A/1040EZ on line 1. You may enter your business, trade, or "doing business as" (DBA) name on line 2.

c. **Partnership, LLC that is not a single-member LLC, C corporation, or S corporation.** Enter the entity's name as shown on the entity's tax return on line 1 and any business, trade, or DBA name on line 2.

d. **Other entities.** Enter your name as shown on required U.S. federal tax documents on line 1. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on line 2.

e. **Disregarded entity.** For U.S. federal tax purposes, an entity that is disregarded as an entity separate from its owner is treated as a "disregarded entity." See Regulations section 301.7701-2(c)(2)(iii). Enter the owner's name on line 1. The name of the entity entered on line 1 should never be a disregarded entity. The name on line 1 should be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on line 1. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on line 2, "Business name/disregarded entity name." If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Line 2

If you have a business name, trade name, DBA name, or disregarded entity name, you may enter it on line 2.

Line 3

Check the appropriate box on line 3 for the U.S. federal tax classification of the person whose name is entered on line 1. Check only one box on line 3.

IF the entity/person on line 1 is a(n) . . .	THEN check the box for . . .

Exemption from FATCA reporting code. The following codes identify payees that are exempt from reporting under FATCA. These codes apply to persons submitting this form for accounts maintained outside of the United States by certain foreign financial institutions. Therefore, if you are only submitting this form for an account you hold in the United States, you may leave this field blank. Consult with the person requesting this form if you are uncertain if the financial institution is subject to these requirements. A requester may indicate that a code is not required by providing you with a Form W-9 with "Not Applicable" (or any similar indication) written or printed on the line for a FATCA exemption code.

Line 5

Enter your address (number, street, and apartment or suite number). This is where the requester of this Form W-9 will mail your information returns. If this address differs from the one the requester already has on file, write NEW at the top. If a new address is provided, there is still a chance the old address will be used until the payor changes your address in their records.

Line 6

Enter your city, state, and ZIP code.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN.

If you are a single-member LLC that is disregarded as an entity separate from its owner, enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note: See *What Name and Number To Give the Requester*, later, for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at www.SSA.gov. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/Businesses and clicking on Employer Identification Number (EIN) under Starting a Business. Go to www.irs.gov/Forms to view, download, or print Form W-7 and/or Form SS-4. Or, you can go to www.irs.gov/OrderForms to place an order and have Form W-7 and/or SS-4 mailed to you within 10 business days.

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note: Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, 4, or 5 below indicates otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code*, earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983.

You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983.

You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), ABLE accounts (under section 529A), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

Secure Your Tax Records From Identity Theft

Identity theft occurs when someone uses your personal information such as your name, SSN, or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Pub. 5027, Identity Theft Information for Taxpayers.

Victims of identity theft who are experiencing economic harm or a systemic problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to phishing@irs.gov. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at spam@uce.gov or report them at www.ftc.gov/complaint. You can contact the FTC at www.ftc.gov/idtheft or 877-IDTHEFT (877-438-4338). If you have been the victim of identity theft, see www.IdentityTheft.gov and Pub. 5027.

Visit www.irs.gov/IdentityTheft to learn more about identity theft and how to reduce your risk.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons (including federal agencies) who are required to file information returns with the IRS to report interest, dividends, or certain other income paid to you; mortgage interest you paid; the acquisition or abandonment of secured property; the cancellation of debt; or contributions you made to an IRA, Archer MSA, or HSA. The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and possessions for use in administering their laws. The information also may be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. You must provide your TIN whether or not you are required to file a tax return. Under section 3406, payers must generally withhold a percentage of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to the payer. Certain penalties may also apply for providing false or fraudulent information.

Thrivent Retirement Choice Variable Annuity

A Flexible Premium Deferred Variable Annuity Disclosure

This document reviews important points to think about before you buy a Thrivent variable annuity. This annuity is a **flexible premium** annuity, which means you can contribute a single premium or multiple premiums. This annuity is **deferred**; a deferred annuity provides for accumulation before annuity payments are made. Annuity payments will begin at the **maximum annuity date** as set in your contract. However, you can move your annuity date to an earlier date. You also have the ability to use a partial amount of your accumulated value to begin annuity payments while leaving the remaining balance invested.

This annuity is also **tax-deferred**, which means you don't pay taxes on the earnings until they are paid to you.

This annuity is **variable**, which means the value of the annuity fluctuates with the performance of the investment options. This can earn money in two ways: (1) from various investment options we offer; and (2) from a fixed account, if available. You can use an annuity to save money for retirement and to receive retirement income for life. It is **not** meant to be used to meet short-term financial goals. Note that some product features vary by state. Do not purchase this product if you do not accept that some elements of this contract are not guaranteed.

Thrivent issues other variable annuities that may have different investment options and/or features and are sold through alternative channels of financial professionals. Visit Thrivent.com for information on all the annuities we issue and how to access them.

If you have questions about this annuity, please ask your financial professional or our service center.

The Annuity Contract

What are the benefits of my annuity?

This variable annuity is a contract between you and Thrivent. We agree to make payments to you starting at some time in the future. You can invest your money in our fixed account, if available, and in the investment choices we offer. The annuity includes a **standard death benefit** that will be paid to your beneficiary if you die before we start to pay you income from your annuity (**annuity payments**). You also can choose payments guaranteed to last as long as you live.

Annuity payments begin at the **maximum annuity date** (usually age 95) unless you choose to begin the annuity payments sooner. This is called **annuitizing**. You annuitize by selecting a settlement option.

Your choices of settlement options are:

- **Life income:** Guarantees income for as long as you live. You may select a guaranteed period of up to 360 months.

- **Joint and survivor life income:** Guarantees income for as long as you live or your joint annuitant (usually a spouse) lives. You may select a guaranteed period of up to 360 months.
- **Fixed period:** Pays income for a chosen period agreed to by Thrivent.
- **Specified amount:** Pays income of a specified amount agreed to by Thrivent.

See “Annuity Provisions” of the annuity prospectus.

We offer optional riders on the contract for an additional charge, including:

- Maximum Anniversary Death Benefit
- Guaranteed Lifetime Withdrawal Benefit

See *Optional Riders* section for more information.

Can I withdraw money from my annuity?

You can take money from your annuity before you annuitize (see *Fees, Expenses and Other Charges* on the next page). You can also set up a systematic withdrawal option to periodically withdraw a certain amount in the frequency you choose. This option can be changed or stopped at any time (see “Surrender”).

What happens when I annuitize my contract?

On any annuity date, you begin taking annuity payments according to the type of settlement option and payment schedule you select. If your chosen settlement option has a guaranteed period, you may be able to withdraw from your annuity a **surrender value**.

What happens after I die?

If you die before you annuitize, we pay the death proceeds to your beneficiary. **If you die after you annuitize, there may not be a death benefit**, depending on the settlement option you choose.

Optional Riders

Thrivent Income Builder Guaranteed Lifetime Withdrawal Benefit Rider

If you are age 50 to 85 at the time of contract issue, you can add the **Thrivent Income Builder Guaranteed Lifetime Withdrawal Benefit (GLWB) Rider**. It may not be added after the contract is in force. The rider can be on a contract that has a single owner, or it can be issued to joint owners making them both covered persons under the rider. The owners must be federally recognized spouses. For single owner contracts, a federally recognized spouse can be added as a second covered person under the rider as long as both are at least age 50. Adding a spouse as a second covered person will reduce the amount of the guaranteed withdrawals.

While the rider is in force, it guarantees withdrawals called **Guaranteed Annual Withdrawal Amounts** while your annuity remains in a deferred status. These Guaranteed Annual Withdrawal Amounts are guaranteed for life, even if the accumulated value is depleted.

The **GLWB calculation date** is the date on which we determine the initial Guaranteed Annual Withdrawal Amount. The withdrawal percentage is set on the GLWB calculation date using the age of the covered person (or the younger covered person, if there are two) on that date. Any partial surrender will trigger the calculation date. Once that withdrawal percentage is set, it cannot be changed.

If you have not begun taking your benefit under the GLWB by your annuity date (usually age 95), a life income settlement option will be issued with an annual payment equal to the Guaranteed Annual Withdrawal Amount.

With the GLWB rider, there are allocation requirements associated with the investment options. Premiums must be invested or reallocated to investment groups using required percentage ranges as disclosed in the prospectus.

The GLWB Benefit Base will be increased by a credit amount on each contract anniversary during a credit period if no surrender was made during the immediately prior contract year. The credit amount is 6% of the credit base. The credit base at issue is equal to the initial premium. Thereafter, it increases for any premiums and decreases proportionally for any surrenders more than the Guaranteed Annual Withdrawal Amount. The credit is in effect for the first 10 anniversaries after issue.

At the later of the youngest covered person reaching age 71 or 12 years after issue, if there have never been any withdrawals, the Benefit Base is guaranteed to be at least two times the first year premiums plus premiums after year 1.

You may terminate the GLWB at any time provided it is at least two years after we issued the rider.

Maximum Anniversary Death Benefit (MADB) Rider

The contract also offers an optional death benefit for an additional charge.

The **Maximum Anniversary Death Benefit** rider must be set up at the time of application. While this rider is active, your beneficiary will receive the greater of the standard death benefit or the highest accumulated value on any contract anniversary, adjusted for subsequent transactions.

Not all optional riders may be available at the time of your application. You may only select one of the two rider options.

Risks

What are the risks?

This annuity has several risks. The investments you choose may lose value; if any of them do, the value of your annuity will go down. You should periodically evaluate your allocations in light of current market conditions. Also, because the benefits of this annuity are guaranteed only by the claims-paying ability of Thrivent, there's a risk that we won't be able to pay claims on specific annuity contract benefits, such as the death benefits.

Other risks include:

- **Risks based on the investment options you choose:** See how your investment options affect your risks (see the fund prospectus).
- **Liquidity risk:** A surrender charge may apply to full or partial surrenders made during the surrender charge period.
- **Risks based on the annuity income you choose:** You run the risk that the annuity payments will not keep pace with your personal expenses. If you choose a life income with no guaranteed period, you run the risk that you die prematurely. You only receive periodic annuity payments as frequently as you select. In addition to this, you may only withdraw a surrender value if you have chosen a guaranteed period. If there is not a guaranteed period, you cannot withdraw from your annuity. By withdrawing a surrender value, you are accelerating your payment benefits within that guaranteed period. As a result, future payment amounts within that guaranteed period are decreased.

- **Your tax liability:** Receipt of withdrawals or income will be subject to income tax and possibly a premature tax penalty.

Fees, Expenses and Other Charges

What happens if I withdraw some or all the money from my annuity?

You may take out all your annuity's value (**full surrender**) or part of it (**partial surrender**). Withdrawals are taken first from earnings, if any, which do not have a surrender charge. Premiums remaining in the contract are then taken on a first in–first out basis.

We take a surrender charge from premiums you withdraw before the end of the premium's seventh year. After seven years, there is no surrender charge on a withdrawn premium. At a minimum, you can withdraw 10% of the accumulated value free of surrender charges in a contract year. Here's how the charge is calculated.

Premium Year	1	2	3	4	5	6	7	8+
Surrender Charge	7%	7%	6%	5%	4%	3%	2%	0%

You don't pay a surrender charge in any circumstance if you withdraw 10% or less of your contract value each contract year. The 10% is determined at the time of the first withdrawal in a contract year.

Example: You paid one premium of \$20,000; your annuity's value is now \$20,000 and you withdraw \$5,000 from your annuity in the third year. The surrender charge applies to \$3,000 since 10% of the value of the annuity is \$2,000 (\$5,000 – \$2,000 = \$3,000) and there are no earnings. The surrender charge in the third year is 6%. The surrender charge is \$3,000 x 6% = \$180.

What fees or charges do you take from my annuity contract value?

You will pay fees every year you own the annuity. The contract charges depend on the value of the investments you choose and any optional benefits you may select.

Mortality and Expense Risk Charge	<i>Current</i>	<i>Maximum</i>
	1.25%	1.25%
Annual Portfolio Expenses	<i>Minimum</i>	<i>Maximum</i>
	0.23%	3.20%
Total Charges	1.48%	4.45%

Additional charges for Optional Riders:

Feature	Current Charge	Maximum Charge
GLWB	1.30%	2.50%
MADB	0.25%	0.50%

Check with your financial professional or see the prospectus for more information.

Do I pay any other fees or charges?

There may be other charges in some cases. In addition to the fee for each optional rider you choose, you may pay a transfer fee or an annual administrative charge. See “Fee and Expense Tables” in the annuity prospectus for more information.

Taxes

How will payments and withdrawals from annuities be taxed?

Variable annuities are tax-deferred, which means you don't pay taxes on the investment earnings until they are paid to you. When you receive an annuity payment or make a withdrawal, you pay ordinary income taxes on the investment earnings. You also defer paying taxes on returns from money moved from one investment option in your annuity to another. You may pay a 10% federal income tax penalty on earnings you withdraw before age 59½.

If your contract is a nonqualified contract that is paid for with after-tax dollars, the taxable amount is the earnings. For withdrawals, we take the earnings out first. For annuity payments, we use a formula provided by the IRS to determine which portions are taxable and nontaxable. For most qualified contracts with pretax contributions, annuity payments or withdrawals will all be taxed as ordinary income. Qualified contracts are used with certain types of retirement plans that satisfy special IRS rules. We will report to you each year any taxable amounts you receive from us (see “Federal Tax Status”).

You can exchange one tax-deferred annuity for another without paying taxes on the investment earnings when you make an exchange, if you meet certain requirements. Before you do, compare the benefits, features and costs of the two annuities. You should consult your tax advisor in connection with an exchange of all or part of an annuity contract. In addition, you cannot sell a qualified annuity. Also, you cannot sell a nonqualified annuity to a third party who is not eligible for membership.

What are annuity “anti-abuse” rules?

All nonqualified annuity contracts issued by the same company to the same annuity owner during one calendar year are treated as one annuity contract for purposes of determining the amount of any withdrawal to be included as income. This is to prevent individuals from avoiding the IRS regulation that all tax-deferred interest be withdrawn first.

Does buying an annuity in a retirement plan provide extra tax benefits?

Buying an annuity within an IRA doesn't give you any extra tax benefits. However, it may have other benefits that could be valuable to you. Choose your annuity based on its other features and benefits, as well as its risks and costs, but not its tax benefits.

Other Information

What else do I need to know?

- The issue ages for this contract are your age-nearest, up to age 85.
- If you don't choose a settlement option when annuity payments must begin, we issue a life income, or joint life income if there are two annuitants, with a guaranteed period of 10 years.
- We pay the financial professional commissions and other incentives for selling the annuity to you.

- We may change your annuity contract from time to time to follow federal or state laws and regulations. If we do, we'll tell you about the changes in writing.
- Many states have laws that give you a set number of days to look at an annuity after you buy it. If you decide during that time that you don't want it, you can return the annuity. We give you back the value of your contract. Read page 1 of your contract and see "Free Look Period" in the annuity prospectus to learn about your **free look period**.
- The minimum premium at issue is \$5,000 for nonqualified contracts and \$2,000 for qualified contracts.
- Premium payments of \$1 million or more require prior approval.

Note: The above information must be accompanied or preceded by the annuity prospectus dated April 30, 2021, and is current as of that date. This is a summary document and is not part of your contract with the insurer. The variable annuity prospectus for the specific contract you are considering contains important information required under the federal securities laws. The fee table and example in the annuity prospectus depict the specific charges of each contract at different points in time and are useful in making an informed decision.

An automatic payout option is **not available** for any annuity with the Long-Term Care Insurance Rider. A SIMPLE IRA must be at least two years old before you can elect SEPP.

Illustration prepared at point-of-sale attached. Assumed rate used on the illustration was _____ % (not to exceed 120% of federal mid-term rate for either of the two months immediately preceding the month in which distribution begins).

Payment method:

Single Uniform Joint - Thrivent must be notified if the beneficiary dies so the payment method can be changed.

Start date (mm/dd) - _____ Select a payout date from 1-28. If no date is entered, your distribution date will be the 15th.

Select the appropriate option(s) below:

1. Amortization method - fixed amount \$ _____
 Monthly Quarterly Semiannually Annually

2. Annuity Factor method - fixed amount \$ _____ (Joint Life Expectancy not available)
 Monthly Quarterly Semiannually Annually

3. Required Minimum Distribution (RMD) method (paid out only annually)
RMD will be calculated by dividing your prior year-end contract value by the applicable divisor from the IRS Uniform Distribution Table, unless you elect to use the Joint Life Expectancy Distribution Table using the date of birth for the oldest first beneficiary on the contract.

I elect to use the IRS Joint Life Expectancy Distribution Table for my RMD calculation. The date of birth for the oldest first beneficiary is _____. I acknowledge that if this oldest first beneficiary dies and/or is no longer the oldest first beneficiary (due to a beneficiary change) that I need to notify Thrivent so that the SEPP calculation can change.

I have verified with the bank that this information is correct. I certify that this is my account. I agree and understand that Thrivent is not responsible for any deposits made based on this information.

Section 4 - Notification for Federal and State Income Tax Withholding

You are liable for federal and state income tax, where applicable, on the taxable portion of your distribution even if you elect no withholding. Except where prohibited by federal and/or state law, you can elect: 1) no withholding; 2) withholding at the minimum federal and state rates; or 3) withholding at a rate higher than the minimum rates. You may be subject to tax penalties under the estimated tax payment rules if your payments of estimated tax and withholding, if any, are not adequate. Check with your tax advisor to determine if withholding is necessary.

If no box is checked, federal (10%) and possibly state income tax will be withheld.

Federal Tax Withholding (must be at least 10%):

- Do not withhold federal income tax
- Withhold federal income tax amount of \$ _____ or _____ %. If dollar amount or percentage is less than 10%, then 10% federal withholding will occur.

State Tax Withholding:

- Do not withhold state income tax*
- Withhold the applicable state income tax amount of \$ _____ or _____ %. If dollar amount or percentage is less than the state minimum, or if amount or percentage is not completed, we will withhold at your state's minimum rate.

Residents of Connecticut - submit the Form CT-W4P to indicate your withholding election with this form. If you do not submit Form CT-W4P with this form, Thrivent will use your most recently-submitted CT-W4P, if one is on file. If you do not submit Form CT-W4P with this form and you have not previously submitted Form CT-W4P, the maximum rate will be withheld.

*If your state requires withholding, we will withhold at your state's minimum rate unless you indicate a higher rate.

Any tax withholding will be subtracted from the taxable amount (gross).

Roth Distributions - No tax withholding will be withheld from your Roth IRA.

Mandatory Tax - Distributions from a 403(b) or qualified retirement plan that are eligible for rollover and are not directly rolled over are subject to mandatory 20% federal tax withholding. Refer to the 403(b) and Qualified Plan Distribution Disclosure (form 9972) for more information. If your distribution is subject to mandatory 20% federal tax withholding, your distribution may also be subject to mandatory state tax withholding.

Section 5 - Additional Information

Section 6 - Disclosures of Distribution Request

If we receive this form in good order after your selected start date, the start date shall be deemed to be the first business day (or Valuation Date for variable products) that occurs on or after the date of receipt. Subsequent transactions requested pursuant to this form shall be based upon your selected start date.

I hereby elect to begin Substantially Equal Periodic Payments (SEPP) from the above contract as described in Sections 72(q) or 72(t) of the Internal Revenue Code. I intend to have these distributions qualify under the exception to the 10% premature distribution penalty for SEPP. Thrivent Financial for Lutherans or it's affiliates (Thrivent) will administer these payments in a manner consistent with all applicable IRS guidance.

I understand that if I add or withdraw any additional money to this contract during the payment period (the payment period will not end until the later of five years or my attainment of age 59 1/2), the IRS would consider this to be a modification of the SEPP. Such a modification may result in adverse tax consequences.

I further agree that Thrivent has made no representations to me regarding the tax consequences of modifying the SEPP (either before or after the end of the payment period) and Thrivent will not be responsible or liable to me for any adverse tax consequences relating to such modification.

I fully acknowledge and understand that by withdrawing the amounts requested from my Thrivent contract, the withdrawals may result in the reporting of taxable gain to me. I understand that any taxable gain resulting from these SEPPs cannot be reversed once the distributions are processed, and such taxable gains will be subject to federal and possibly state income tax withholding unless Notification for Federal and State Income Tax Withholding is completed. I also understand the distributions I am requesting cannot be reversed once they are processed.

I understand that it is my responsibility to notify Thrivent to stop distributions upon completion of the SEPP requirement. Therefore, the payment plan will continue past age 59 1/2 or five years (whichever is later) until I instruct Thrivent to cancel the scheduled distributions.

I understand I will be responsible for calculating and distributing my aggregated amount each year as well as ensuring that all SEPP rules are being met if I choose to aggregate my SEPP with other contract/accounts.

Fixed Indexed Annuity surrenders are withdrawn from the Fixed Account first and will only be taken from the Indexed Account when the accumulated value in the Fixed Account is not sufficient. Surrenders removed from the Indexed Account will not receive any interest credited on the Interest Crediting Date.

Section 7 - Employer Certification (complete for 403(b) Substantially Equal Periodic Payments only)

By signing below, I certify that the participant named on page 1 of this Substantially Equal Periodic Payments has a termination of employment and is able to receive a distribution, in the form of a systematic withdrawal, in accordance with the terms and conditions of the 403(b) plan sponsored by the employer named below. In the event the participant is no longer eligible to receive such systematic withdrawals, the employer will notify Thrivent in writing. In addition, I certify that I am an authorized representative of the employer.

Program Fees for AdvisorFlex Managed Variable Annuity Program

Refer to your AdvisorFlex Managed Variable Annuity Client Agreement with Thrivent Investment Management Inc. for specifics about your Program Fee including your Program Fee amount and frequency.

Because the exact amount and date of your Program Fee fluctuates, Thrivent will notify you in advance of withdrawing every Program Fee payment from your bank account. Thrivent will provide that notice at least 10 days prior to withdrawing your payment. You must notify Thrivent before the draw date indicated on that notice if you want to cancel the draw. If you do not notify Thrivent by that date, Thrivent will deem you to agree to the date and amount of the withdrawal.

Section 5 - Notification for Federal and State Income Tax Withholding

You are liable for federal and state income tax, where applicable, on the taxable portion of your distribution even if you elect no withholding. Except where prohibited by federal and/or state law, you can elect: 1) no withholding; 2) withholding at the minimum federal and state rates; or 3) withholding at a rate higher than the minimum rates. You may be subject to tax penalties under the estimated tax payment rules if your payments of estimated tax and withholding, if any, are not adequate. Check with your tax advisor to determine if withholding is necessary.

If no box is checked, federal (10%) and possibly state income tax will be withheld.

Federal Tax Withholding (must be at least 10%):

- Do not withhold federal income tax
- Withhold federal income tax amount of \$ _____ or _____ %. If dollar amount or percentage is less than 10%, then 10% federal withholding will occur.

State Tax Withholding:

- Do not withhold state income tax*
- Withhold the applicable state income tax amount of \$ _____ or _____ %. If dollar amount or percentage is less than the state minimum, or if amount or percentage is not completed, we will withhold at your state's minimum rate.

Residents of Connecticut - submit the Form CT-W4P to indicate your withholding election with this form. If you do not submit Form CT-W4P with this form, Thrivent will use your most recently-submitted CT-W4P, if one is on file. If you do not submit Form CT-W4P with this form and you have not previously submitted Form CT-W4P, the maximum rate will be withheld.

*If your state requires withholding, we will withhold at your state's minimum rate unless you indicate a higher rate.

Roth Distributions - No tax withholding will be withheld from your Roth IRA.

Mandatory Tax - Distributions from a 403(b) or qualified retirement plan that are eligible for rollover and are not directly rolled over are subject to mandatory 20% federal tax withholding. Refer to the 403(b) and Qualified Plan Distribution Disclosure (form 9972) for more information. If your distribution is subject to mandatory 20% federal tax withholding, your distribution may also be subject to mandatory state tax withholding.

Section 6 - Additional Information

Section 7 - Disclosures for Distribution Request

For internal product-to-product transfers only: Unless otherwise indicated herein, I intend the requested transfer(s) from the distributing contract(s) to become effective only if and when:

- Thrivent (including its subsidiaries and affiliates) has approved the first application of the amount(s) requested to the receiving contract(s), as described above, or, if not, as I subsequently agree to accept; and
- With respect to any receiving contract(s) that I have applied for, as described above, Thrivent (including its subsidiaries and affiliates) has approved the issuance of the receiving contract(s), as applied for or, if not, as I subsequently agree to accept.

I fully acknowledge and understand that:

The withdrawal will occur approximately 10 days before the payment due date.

The payments to the recipient contract are withdrawals from my annuity contract. The withdrawals will automatically increase or decrease based upon changes to the amount billed for the recipient contract and will reduce and possibly deplete the value of my annuity contract. Subject to availability.

For variable or Multi-Year Guarantee products, the withdrawal will be made proportionately from all subaccounts or allocation periods. Specific subaccounts or allocation periods cannot be selected for the distribution.

Fixed Indexed Annuity surrenders are withdrawn from the Fixed Account first and will only be taken from the Indexed Account when the accumulated value in the Fixed Account is not sufficient. Surrenders removed from the Indexed Account will not receive any interest credited on the Interest Crediting Date.

Penalty Tax - If I am under age 59 1/2, a 10% premature distribution tax penalty may apply.

Withdrawal charges may apply.

A market value adjustment (MVA) may apply to distributions from a Fixed Period Allocation.

Impact of withdrawal on Guaranteed Living Withdrawal Benefit (GLWB) rider: I understand that if a GLWB rider is present and a withdrawal request results in a GLWB Excess Surrender as defined by the GLWB rider contract, all GLWB guaranteed values will be reduced. The Benefit Base and Survivor Benefit, if any, will be reduced by at least the amount of the Excess Surrender or in the same proportion the Account Value is reduced. The Guaranteed Withdrawal Amount for the next contract year will be reduced in the same proportion as the Benefit Base.

The withdrawals may result in reporting taxable gain to me even though the withdrawals will be applied to another Thrivent contract. I also understand that any withdrawal and reporting of any taxable gain cannot be reversed. This taxable gain will be subject to federal and state income tax withholding unless I have completed Notification for Federal and State Income Tax Withholding. Each withdrawal amount will be increased by the applicable withholding.

403(b) or Tax Sheltered Annuity Distribution Acknowledgement - I acknowledge that if the distribution from the above plan is an eligible rollover distribution and is not a direct rollover to a qualified retirement plan or IRA, the taxable amount of the distribution will be subject to 20% income tax withholding. I also acknowledge that I have received and read the 403(b) and Qualified Plan Distribution Disclosure (form 9972). I acknowledge that I have the right to delay making a decision regarding the distribution from the above plan for at least 30 days after receiving the 403(b) and Qualified Plan Distribution form and have been given this opportunity. I hereby elect to waive my right to the 30 day waiting period and request Thrivent to make this distribution as soon as administratively possible. Due to the tax consequences, I have been advised to seek competent tax advice pertaining to this distribution.

Notice to Qualified Plan Trustee(s) - Trustee(s) of Qualified Retirement Plans (such as Money Purchase Plans, Profit Sharing Plans, 401(k) Plans, Defined Benefit Plans, etc.) or 457(b) Plans must provide the Qualified Joint and Survivor Annuity Notice, when applicable, to plan participants. Your Thrivent representative will provide you with the required participant-specific benefit illustration to accompany the Qualified Joint and Survivor Annuity Notice. If a form of benefit other than the Qualified Joint and Survivor Annuity is elected, spousal consent must be obtained. Trustee(s) are also required to provide participants with a Distribution Disclosure Notice.

If you do not have the above referenced notices, Thrivent has generic notices for your use. These notices should be reviewed by your tax advisor to verify suitability for your plan. You are responsible for providing the applicable notices and obtaining any required signatures. Thrivent does not require a copy of these notices be sent to our office.
